

HOW TO GET THE PDF? 1/4

university of
 groningen

updated: 2023

Overview of possible alternatives to get a pdf of the full text of scientific papers. From the use of browser plug-ins, general and specific open access search engines and sources, to even more possibilities.

OPTIONS FOR UG/UMCG

• LEAN LIBRARY

The library in YOUR browser at all times. This browser plugin makes off-campus access to full text, and all digital content/sources of the library very easy. You don't have to find the library, it finds you!

Download LeanLibrary from:

<https://www.leanlibrary.com/download/item244>

• THE GET IT! BUTTON

The Get it! button is presented in almost all our scientific bibliographic databases. By using the Get It! button you can check whether you have access to the full text. To see the button, always start using a database, e-journal or e-book via the list of [E-resources on our website](#).

• DOI-LINK

Use the [DOI-link](#) presented in each publication description, if you think the Get it!-button is not working properly.

If you can download the PDF there, it means the library has a subscription (or it's free or open access).

If you cannot download the PDF, we do not have a current subscription for access to the full text.

• EDUROAM-WIFI AT THE UG/UMCG

Using the [Eduroam wifi](#) inside the University/UMCG will get you access to the PDF without having to use the library proxy-login!

• CONNECT TOOL

No matter where you are online, this button will take you from the so-called 'Paywall' directly to the pdf, with a push of the button (via the library proxy-login).

Details on how to install the Connect-button:

https://proxy-ub.rug.nl/public/proxy_en.html

• BROWZINE JOURNAL APP

By registering as University of Groningen/UMCG staff and the use of the library proxy-login, you can get a personalised way of access to all Tables of Content you wish for, and direct access to the PDFs of all our e-journals.

<https://browzine.com>

• READBYQXMD JOURNAL APP

If you are a staff member of the Universitair Medisch Centrum Groningen, you can use Readbyqxmd. By registering as a UMCG staff member, and the use of the library proxy-login, you can get a personalised way of access to the latest medical publications, get alerts on new content relevant for you, and of course, direct access to the PDF's.

MORE OPTIONS

- **REQUEST PDF VIA LIBRARY**

This might not be free, but it's a fast option, and often much cheaper than buying it from the publisher.

<https://www.rug.nl/library/borrowing/borrowing-from-other-libraries>

- **REQUEST COPY VIA AUTHOR**

Request a copy from the author directly: often not the fastest way, but traditionally a well-used route to get PDFs. You can try ResearchGate or Academia. Some institutional repositories of academic libraries have this feature too.

<https://www.rug.nl/library/open-access/self-archiving-pure/sharing/>

- **BUY FROM PUBLISHER**

You can of course BUY it from the publisher or journal itself ...

HASHTAG #ICANHAZPDF

A lot of people use the hashtag #icanhazpdf together with a link to the requested publication; if somebody has access, they can send you the PDF. Do realize, that in most cases you are breaking copyright laws and/or publishers' terms of service by doing so.

WHAT ABOUT SCI-HUB?

If all else fails, you may be tempted to use Sci-Hub. Do realize, however, that in many countries, including The Netherlands, the use of Sci-Hub is considered as an illegal act, as it involves content protected by copyright laws and licensing contracts.
