- are or were entitled to a performance-related grant on the basis of the WSF 2000 during the period to which the request relates.

Article 3  Exceptional circumstances

   a. illness
   b. pregnancy and childbirth
   c. physical, sensory or other performance disabilities
d. extraordinary family circumstances  
e. lack of a programme of study that meets objective standards  
f. a student’s degree programme not being reaccredited while the student has not yet gained his/her degree.

2. Other exceptional circumstances include the extension by the University of a Master’s programme. ‘Exceptional circumstances’ also cover talented non-EEA students, within the meaning of Chapters 3 and 4 of these Regulations.

Article 4  Duration of support
1. In addition to the provisions of Article 2, on the basis of these Regulations students will be entitled to financial support for study delay incurred during the Bachelor’s phase for one additional year calculated from the first year of registration in Higher Education (Ba + 1).
2. In addition to the provisions of Article 3, on the basis of these Regulations students will be entitled to financial support for study delay incurred during the Master’s phase for one additional year calculated from the first year of registration in Higher Education (Ma + 1).

Chapter 2  Study delay due to force majeure

Article 5  Reporting study delay
1. A student must immediately report to his/her study advisor as soon as it becomes clear that the exceptional circumstance will last more than a month (resulting in a study delay of 5 ECTS credit points or more) to discuss how the study delay can be limited as much as possible.
2. After the initial report to the study advisor, the student must also contact the student counsellor immediately if the study delay increases during the academic year to more than 15 ECTS.
3. If the study advisor refers the student to a student counsellor, the student must make an appointment with the student counsellor within 4 weeks of reporting to the study advisor.
4. The study advisor or student counsellor will complete a digital registration form on the basis of the study delay circumstances. This form also includes the agreements made. The student must tick this digital form for approval via the website.
5. Students who are unable to report to the study advisor and/or the student counsellor themselves must appoint someone to do this for them.
6. Students must follow the advice of the study advisor and/or student counsellor and make every effort to minimize the study delay.

Article 6  Reporting obligation for performance disabilities
In the event of expected study delay due to a performance disability or chronic illness, the student must report in accordance with the provisions of Article 5.

Article 7  Extension of student finance
1. In the event that the study delay was caused by a temporary or structural performance disability, the student may in certain cases request extension of the performance-related grant from DUO after consultation with the student counsellor. The study delay upon which such a request is based must have been reported to the student counsellor in accordance with Article 5 of these Regulations.
2. Students who are awarded an extension of the performance-related grant received from DUO are not entitled to support from the Graduation Fund during that period.

Article 8  Extent of study delay
1. The link between the exceptional circumstance as referred to in Article 2.1 and the study programme will be taken into consideration when deciding on the extent of the study delay. Thus the number of months of study delay caused by an extraordinary
circumstance can therefore normally only be calculated at the end of the period $Ba+1$ or $Ma+1$.

2. Financial support is only granted per full month.

3. No financial support will be granted for study delays of less than one month (less than 5 ECTS).

**Article 9  
Amount of financial support**
The financial support, related to the amount of study delay, will be equal to € 286 per month, plus any supplementary grants and bonuses that the student received in the last month of the academic year in which the extraordinary circumstances occurred or in the last month of the period of the performance-related grant.

**Article 10  
Request for provisional financial support**
1. The request can be submitted between 1 September and 1 February after the academic year during which the exceptional circumstance occurred.
2. Students must request financial support by means of the digital request form on the website: www.rug.nl/studievertraging.
3. Students must upload the documentary evidence via de website, and must then fill in the digital request form in accordance with Article 10.2.
4. Students can check the status of the request procedure at any time via the website.
5. Requests submitted on or after 1 February of the year after the academic year in which the extraordinary circumstance occurred will not be processed.
6. If the request is incomplete, the student will be granted four weeks to complete the request. If the request is not completed within this term, it will not be considered further. The student will be notified of this.
7. The Board of the University will make a decision with regard to the request after consultation with the UFC. This will take place as soon as possible but within a maximum of 8 weeks of receipt of the completed request.
8. The decision will be:
   a. either the granting of financial support,
   b. or rejection of the request,
   c. or non-consideration of the request because it was submitted after the deadline,
   d. non-consideration of the request because the request was incomplete and the missing information was not provided before the deadline.
9. The decision, supported by reasons, will be communicated to the student in writing.

**Article 11  
Request for definitive granting of financial support**
1. A request for definitive approval of provisionally granted financial support may be submitted:
   a. one month before until no more than six months after the end of the period $Ba+1$ or $Ma+1$, or
   b. one month before until no more than six months after graduation or termination of registration.
2. The decision will be:
   a. either the granting of financial support, or
   b. rejection of the request, or
   c. non-consideration of the request because it was submitted after the deadline, or
   d. non-consideration of the request because the request was incomplete and the missing information was not provided before the deadline.
3. The amount of financial support will depend on the amount of study delay actually incurred, which will be determined on the basis of an up-to-date printout of the student's study results.
4. The decision, supported by reasons, will be communicated to the student in writing.

**Article 12  
Documentary evidence**
The following documents must be submitted with requests for financial support:
a. If the request is based on circumstances referred to in Article 3.1.a and 3.1.b, a declaration from a specialist (e.g. a physician or psychologist) specifying the period during which the circumstances occurred, or, in the case of a request for definitive awarding of provisional support, the statement of provisional approval issued previously.

b. In the event of a structural performance disability or chronic illness as referred to in Article 3.1.c, a declaration by a specialist must be presented stating that there is a structural performance disability or chronic illness. This declaration only has to be submitted once.

c. If the request is based on extraordinary family circumstances as referred to in Article 3.1.d, written proof of the extraordinary family circumstances.

d. If the request is based on grounds as referred to in Article 3.1.e, a declaration from the faculty.

e. If the request is based on loss of accreditation for the degree programme as referred to in Article 3.1.f, written proof and an explanation to support the request.

f. A notification from DUO stating the amount of the grant in the last month of the academic year during which the extraordinary circumstances occurred. If relevant, a notification from DUO stating the amount of the last month of the performance-related grant during the loans phase.

When the Board of the University decides the amount of financial compensation, it will base its decision on the original most recent information or the most recent ‘Message’ concerning the basic grant, plus any supplementary grant/bonuses in accordance with the WSF 2000. No financial support will be provided for a loan granted under the Higher Education Student Loan Act.
