   a. has completed part of a university or higher vocational degree in the Netherlands or abroad that is equivalent in content and level
   b. can demonstrate by work experience that he/she has sufficient knowledge and skills with respect to the course unit in question.

2. The stipulations of Article 3.5 apply to exemptions.

3. The validity period of exemptions granted for course units or parts thereof is identical to that of examination results.

**SECTION 5: STUDY ADVICE**

**Article 5.1 - Preliminary study advice**

1. Halfway through the first semester of the first year of registration in the propaedeutic phase of the degree programme, students will receive a study progress overview specifying the student workload realized thus far. Additional study progress overviews will be sent to students later in the academic year.

2. Students will receive a written preliminary study advice as soon as possible after the first semester, and in any case before 1 March.

3. The preliminary study advice should be considered a warning if there is a question of insufficient study progress, giving students the chance to improve their performance.

4. If the study progress is insufficient to such an extent that the student cannot reasonably be expected to satisfy the conditions for receiving a positive study advice within the meaning of Articles 5.2.2 a and b, he or she will be invited to a meeting with the study advisor. The aim of the meeting is to discuss the student’s study habits, to reassess the choice of degree programme, and if necessary to refer him or her to a different degree programme.

**Article 5.2 - Definitive study advice**

1. Students must earn at least 45 ECTS credit points in their first year of registration in the propaedeutic phase of the degree programme. This is known as the BSA threshold.

2. A definitive study advice is issued at the end of the first year of study, by 31 July at the latest. This can be either:
   a. positive, for students who have earned at least 45 ECTS of the propaedeutic programme
   b. negative, for students who have earned fewer than 45 ECTS in the propaedeutic programme. This study advice is binding for students (BSA) in accordance with Article 7.8b.3 of the Act.
3. In the event that the preliminary study results are insufficient to such an extent that the student cannot reasonably be expected to pass the 45 ECTS threshold by the end of the first year of study, a binding (negative) study advice may be issued subsequently to the preliminary study advice as referred to in Article 5.1 before the end of the academic year. This may also be at the request of the student. The procedure set out in Article 5.5 will apply.

4. a. The Faculty Board will take extraordinary personal circumstances as referred to in Article 5.4 into account in its decision on which study advice to issue in the first year of registration.
b. Notwithstanding the stipulations in Article 5.2.2, if no assessment can be made with regard to a student's suitability for the degree programme due to personal circumstances in the first year, the assessment may be postponed until a later date within the propaedeutic phase. An adapted BSA threshold may be agreed upon in such cases.

Article 5.3 – Exceptions to the definitive study advice

Multiple degree programmes at the University of Groningen
1. Students who are registered for the propaedeutic phase of 2 or more University of Groningen degree programmes in their first year of registration and by the end of the year satisfy the BSA threshold as referred to in Article 5.2.1 for one degree programme will not have to satisfy the BSA threshold for the other programme(s) in that year. Once a student has successfully completed the propaedeutic phase of one degree programme, he or she is exempt from the BSA requirements for all other programmes.

Propaedeutic certificate previously gained
2. Students who have already completed the propaedeutic phase of a degree programme at the University of Groningen or another Dutch university, or (for degree programmes that do not issue propaedeutic certificates) in the opinion of the Board of Examiners have earned 60 ECTS credit points in the first year, will not fall under the BSA system for the degree programme for which they enrol in the propaedeutic phase.

Deregistration before 1 February
3. No definitive study advice will be issued to students who submit a request for deregistration before or as of 1 February of the first year of registration. The procedure set out in Article 5.1 will apply again to students who re-register in a subsequent academic year. The BSA regulations for the academic year in which they re-register will then apply.

Registration as of 1 February
4. An adapted BSA threshold will apply to students who register for a University of Groningen Bachelor's degree programme as of 1 February and have not previously been registered as students in the same academic year. These students must earn 20 ECTS from the second semester of the propaedeutic phase of the degree programme by the end of the second semester of the first year of registration. In all other cases, the provisions of Article 5.2 will apply mutatis mutandis.
Article 5.4 - Personal circumstances

1. When deciding whether to issue a binding (negative) study advice, the Faculty Board will take a student’s personal circumstances into account at that student’s request. The evaluation of personal circumstances will also take into account the student’s study behaviour, the agreements made and any study plan drawn up in consultation with the study advisor, when the personal circumstances were reported and the study results achieved by the end of the first year of study.

2. Students must report personal circumstances to the study advisor as soon as possible in order to ensure optimum support. The Faculty Board, or the Faculty BSA Committee on its behalf, will make a decision in response to a student’s request for a postponed advice and possibly an adapted BSA threshold. Students must also report to the study advisor as soon as possible if they are unable to complete the study plan drawn up in consultation with the study advisor and based on the original or adapted BSA threshold.

3. If no assessment can be made at the end of the first year with regard to a student’s suitability for the degree programme due to personal circumstances as referred to in Article 5.4.1, the assessment may be postponed until a later date within the propaedeutic phase.

4. Postponed advice will be issued no later than by the end of the second year of registration for the degree programme, and no later than 31 July.
   a. The advice will be positive if the (possibly adapted) BSA threshold has been passed.
   b. The advice will be negative (and binding) if the student in question still fails to pass the (possibly adapted) BSA threshold in the propaedeutic phase.

5. Circumstances as referred to in Article 5.4.1 do not automatically lead to a successful application for a grant from the Graduation Fund.

Article 5.5 - Procedure for issuing a definitive study advice

1. A definitive study advice is issued by the Faculty Board on behalf of the Board of the University. The decision will also state the applicable safeguards of legal rights.

2. Before a binding (negative) study advice is issued, students will receive notice of the intention to issue one, after which they will be given the opportunity to put their case to the Faculty Board or its representative.
Article 5.6 - Consequences of a binding (negative) study advice

1. Students who have received a binding (negative) study advice may not register for the degree programme for a period of 2 years from 1 September of the next academic year.

2. Students who have been issued a binding (negative) study advice are not permitted to follow course units in this degree programme via a different degree programme or educational institution in order to avoid the consequences of their binding (negative) study advice. No exemptions will be granted for course units completed in this way, nor will such completed course units be recognized within the framework of the degree programme in any other way.

SECTION 6: ADMISSION TO THE POST-PROPAEDEUTIC PHASE OF THE DEGREE PROGRAMME

Article 6.1 - Criteria for admission to the post-propaedeutic phase

1. Students who have been issued a positive study advice from the degree programme in question will be admitted to the post-propaedeutic phase of the degree programme.

2. Notwithstanding Article 6.1.1, the requirement that a previous course unit must have been successfully completed may apply to some individual course units. This compulsory order of course units is set out in OCASYS and in Article 9.3 of these Teaching and Examination Regulations.

3. Students must have successfully completed the propaedeutic phase of the degree programme to be admitted to the Minor of the degree programme.

Article 6.2 - Admission to the post-propaedeutic phase: hardship clause

The Board of Examiners may deviate from the stipulations of Article 6.1 in situations where changes to the curriculum or educational force majeure would demonstrably lead to a situation of unfairness of an overriding nature. This is only possible in unique personal circumstances that are so unusual that admission cannot reasonably be denied.

Article 6.3 - Study plan

1. All students whose study advice has been postponed (whether or not combined with an adaptation of their BSA threshold) as referred to in Section 5 are expected to draw up a study plan in consultation with their study advisor comprising at least the following:
   a. the propaedeutic course units that have not yet been passed with a related time line
   b. the post-propaedeutic course units that may be followed in addition to to the course units listed under a.

4. All course units and their modes of instruction are listed in the digital University course catalogue OCASYS.
Article 7.2 - Replacements and electives followed elsewhere

1. Following a substantiated request by a student, the Board of Examiners may grant permission to:
   a. replace a course unit in the examination programme with another course unit offered by the University of Groningen or another university in the Netherlands or abroad that dovetails well with the degree programme, or
   b. to use one or more course units followed at the University of Groningen or another university in the Netherlands or abroad as electives in the degree programme.
2. When assessing such a request, the Board of Examiners will always evaluate the coherence of the set of course units (or parts thereof) and the level of the course units followed.
