Flowchart electives and minor programmes

**Separate electives**
You can choose these courses yourself. No permission from the exam committee needed.

You can find courses via: [https://www.rug.nl/ocasys/](https://www.rug.nl/ocasys/)

Please check the Prerequisites for the course of your choice.

If you have questions about a course you can contact the coordinator of that particular course. Be aware that registration deadlines differ per faculty.

**University minor programme**
You can choose minor programmes from different faculties: [http://www.rug.nl/education/minor-programmes/aanbod-universitaire-minoren](http://www.rug.nl/education/minor-programmes/aanbod-universitaire-minoren)

These programmes are already set and you don’t need permission of the exam committee.

The minor programme can exist of 15 ECTS or 30 ECTS.

**Master preparation minor programme**
You can choose a master preparation minor programme of Spatial Sciences. These programmes (15 ECTS each) are developed to prepare you for a certain master of Spatial Sciences. See the programmes:
