ADMISSION REQUIREMENTS

Our Research Master programme is highly selective, and all students who apply to the programme are assessed individually. In order to apply, students need to provide us with the following information:

- Copy of bachelor diploma or proof of enrolment including expected graduation date: We expect a Bachelor's degree in philosophy or philosophy of a specific scientific discipline, or another Bachelor's degree which the admissions board considers to be equivalent.
- Academic transcript: We expect applicants to have a mean score of 8 out of 10 (according to the Dutch Grading system, which is roughly equivalent to an A in the US system) or better in the relevant upper division courses of their study programme (usually the second- and third-year philosophy courses of a Bachelor programme). If the programme involved a thesis, it also must have received at least an 8.
- Curriculum Vitae (CV)
- Motivation letter: The student should explain why he or she wishes to take part in our programme, what he or she expects from the programme and what he or she wishes to achieve.
- Writing sample: This can be the student's Bachelor thesis or a paper he or she has written for a philosophy course.
- Two reference letters: These letters should be written by instructors who know the student and who describe the student’s past performance and academic promise.

  - IELTS, minimum overall score 7.0 with no band less than 6.5;
