The research presented in this dissertation is part of the research program of the Institute for Integration and Social Efficacy (ISW) of the University of Groningen and was partially funded by the housing corporations in Arnhem (Gemeenschappelijk Overleg Woningcoöperaties, GOW). Additional financial support for the data collection was given via a VIDI grant that Prof. dr. Flache obtained from the Innovational Research Incentive Programme of the Netherlands Organization for Scientific research (NWO-VIDI, grant nr. 452-04-351).
