

# Invitation

## Petrus Camper Finale/ Graduation Ceremony

Location: Academy Building  
 Date: June 25, 2014  
 Time: 13.30 – 19.30

Experience several interesting workshops and presentations organized by Honours Bachelors students, followed by the Graduation Ceremony.

The **Petrus Camper Finale** is the final activity in the Petrus Camper Track which is a part of the broadening course units of the Honours College. It is also the final activity Honours College Students undertake before they graduate. The Petrus Camper Track is organized to teach Honours students to approach current scientific and social problems from different perspectives and to translate this into a vision for the future. The Track consists of a deepening knowledge component, a skills component and a personal development component. Together, these components encompass academic writing, coaching, self-reflection, debating, personal leadership and more. For this Petrus Camper Finale, the students have prepared a workshop in which they will give you insights into their final research projects for the Honours College.
