Can I come to the UG?

I am protected. Not protected? Go to page 2.

You are considered protected if:
- you are fully vaccinated with the Pfizer/Moderna/AstraZeneca vaccine, with your final vaccination having occurred over two weeks ago
- you received the Janssen vaccine over four weeks ago
- you tested positive for COVID-19 less than six months ago

Check the blue box that applies

I tested positive in a PCR test (by the GGD)
- I have coronavirus-related symptoms
- I do not have coronavirus-related symptoms

I tested positive in a self-test
- Do not come to the UG, get tested** as soon as possible and wait for the test result
- Positive test result
- Negative test result

I have coronavirus-related symptoms*
- Someone in my class tested positive, or
- The GGD informed me that I am a close contact of someone who has tested positive, or
- I got a notification from the CoronaMelder app.

My housemate*** has coronavirus-related symptoms, but no PCR test result yet
- Your housemate should get tested by the GGD as soon as possible

My housemate tested positive in a PCR test (from the GGD) and has been quarantining in their own room since the test
- Do not come to the UG for five days, get tested on day five, and wait for your test results
- Negative test result
- Positive test result

Someone else who I have been in contact with has tested positive
- Contact the GGD (+31 (0)50 367 4000, daily from 8 a.m. to 5 p.m.)

None of the above?
- You are welcome to come to the UG

*Coronavirus-related symptoms include:
- a sudden loss of taste or smell
- fever
- shortness of breath
- cold-like symptoms

**Visit coronatest.nl or call the GGD (+31 (0)50 367 4000).

***A housemate is a person with whom you’re sharing facilities such as a kitchen, bathroom, or living room. Sharing only a walkway/corridor does not make you housemates.

Note: If the GGD (Municipal Health Service) contacts you, they might give you personalized advice that deviates from the advice given here. In that case, you must follow the advice of the GGD.
