Additional information concerning the Model Rules of Procedure for the Programme Committees 2021 ff.

As from 1 September 2017, the Programme Committee is a consultative participation body within the meaning of the Higher Education and Research Act (WHW). It is the Programme Committee’s primary duty to give advice on how to guarantee and improve the quality of the degree programme. The Committee has the right of consultation with regard to some parts of the Teaching and Examination Regulations (OER) and it has the right of consent with regard to other parts of the OER. The WHW also states that the Programme Committee has the right to discuss the proposed policy with the degree programme board twice a year.

According to the legal provisions, the Programme Committee is required to draw up regulations for matters of a domestic nature in accordance with Article 9.18.4 in conjunction with Article 9.31.7 of the Act.

We are providing these model regulations to that end. These regulations contain articles that are often found in internal regulations. The articles in these Rules of Procedure provide a fair minimum of regulation. You are free, of course, to divert from this minimum and draw up more extensive or explicit rules. The texts in italics go beyond the strictly necessary requirements and may or may not be included in your Rules.
