The Board of Examiners decides whether this is the case.
2. Students can only register for a pre-Master's programme on the basis of proof of admission issued by the Admissions Board.

The starting dates also apply to students who have been previously registered for the relevant Master's degree programme, regardless of their study progress.

Article 4. Registration procedure

1. Registration as a student at the UG is open to anyone who has been admitted to a degree programme, is over the age of 18 and legally competent, and can prove – or who is under the age of 18 and whose parents, guardians or carers can prove – that they:

2. Registration requests must be submitted via Studielink (www.rug.studielink.nl).
The following applies to a request for registration:
 - a) Applicants who have Dutch nationality, or who are treated as a Dutch national on the basis of a legal provision, must submit a copy of their passport or official identity card.
Note: Only required if central verification through the BRP is not possible.
 - b) Applicants who do not fall under a. must submit a copy of their passport or official identity card and proof that they possess a legally valid residence permit.
 - c) Applicants must submit all documents that are requested by the UG.
3. Registration cannot take place until after a request to this end has been submitted in accordance with Article 4.2, the relevant payment obligation has been satisfied, and all other requirements for registration have been met.
4. Registration is for the entire academic year. The request for registration must be submitted and payment of tuition fees received by the UG before the start of the academic year, i.e. by 31 August at the latest.
Different registration deadlines apply to students who are required to participate in the matching procedure. See Chapter 3.
5. In addition to Article 4.5, different registration deadlines apply to students who wish to follow a degree programme that involves a selection procedure and to students with foreign qualifications who wish to start their degree programme on 1 September. These deadlines are listed under the relevant degree programme on the UG website.
6. In the event that registration is requested and/or tuition fees are paid after the start of the academic year, registration will apply from the first day of the month after the month in which the request was submitted and payment was received. In addition, registration after 1 September is only possible upon approval of the Admissions Board on behalf of the Faculty Board, in accordance with Article 2.7 for Bachelor's degree programmes and in accordance with Article 3.4 for Master's degree programmes. The tuition fees will be reduced by a twelfth for each month that the applicant was not registered.
7. In the event that the payment deadline is demonstrably exceeded as a result of compelling personal circumstances, the head of the Student Information and Administration Office (SIA) may permit registration with retroactive effect in the month during which the conditions for registration are satisfied, with the exception of the month of October in any academic year. A request for this, substantiated with documentary evidence, can be submitted via the following link: <https://www.rug.nl/education/contact/information-services/registration-and-payment-after-start-date-programme>. A decision with regard to the request will be taken in consultation with the Admissions Board. The request will not be granted if the study programme cannot accommodate this.
8. Students will be issued with a student card when they first register. This card will remain valid for the entire registration period. A new card must be applied for in the event that the student card is lost; there is a €15 charge for this. Students can download a statement of enrolment free of charge via the *Enrolments and Photo* application in the Student Portal.
10. Registration for a Bachelor's degree programme after 1 February 2024 for the academic year 2023-2024 is not possible for degree programmes to which a fixed quota will apply as of 1 September 2024, unless the student was previously registered for this degree programme.
The tuition fees must be paid in accordance with the provisions of Chapter 7.

Article 5. Study Advice System (BSA)

1. If a student is issued a binding negative study advice (BSA) for a degree programme, reregistration for that programme or for the cluster of related programmes to which that programme belongs will be impossible for a period of two academic years starting on 1 September of the academic year immediately following the issuing of the study advice, as set out in the BSA Manual and the Teaching and Examination Regulations of the degree programme.

2. An appeal against the BSA does not have a suspensive effect.
3. A BSA issued by a different institute of higher education will not affect registration at the UG.

Article 6. Refusal or termination of registration due to proven unsuitability (*judicium abeundi*)

1. The Board of the University may in exceptional cases refuse or terminate a student's registration if this student's acts or statements prove them to be unsuitable for one or more of the professions for which they are being trained in their degree programme or for the practical preparation for the profession.
2. In the event that the board of an institute of higher education other than the UG has refused a student's registration for a degree programme in accordance with the provisions of Article 6.1, and that student requests registration in a similar or related degree programme offered by the UG, Article 6.1 will also apply.
3. In the event that a student whose registration has been refused or terminated in accordance with the provisions of Articles 6.1 and/or 6.2 is registered for another degree programme that has specializations or other components similar or related to the degree programme for which registration has been refused or terminated, the Board of the University may decide to deny this student entry to the relevant specialization or other components of this degree programme.

Article 7. Damages and fines

1. Article 15.2 in conjunction with Article 15.3 of the WHW states that anyone who uses teaching or examination facilities without legally valid registration is liable for damages or a fine.
2. The damages amount to one-twelfth of the relevant tuition fees for each month in which the person in question has illegally used the teaching and examination facilities of a UG degree programme.
3. The fine charged will be a fine of the second category.
4. Registration will take place as of the first day of the month following the month in which payment as referred to in Article 7.1 is made, bearing in mind any limitations that may apply to registration. It is not possible to register with retroactive effect.
5. Those who wish to receive a degree certificate but who have used teaching or examination facilities without legally valid registration may make a statement to the Board of the University that the procedural requirements for awarding the degree certificate have been satisfied upon payment of the amounts referred to in Article 7.1. The examinations sat by the student in order to gain the degree certificate will thus become valid.

Chapter 3: MATCHING

Article 8. 1 May deadline for registering in Studielink

1. a) Prospective students who register for the first year of a Bachelor's degree programme for the first time must register through Studielink by 1 May 2023 at the latest.
b) Students who wish to switch programmes and register for the first year of another degree programme must register through Studielink by 1 May 2023 at the latest.
2. If a student registers for a degree programme for the first time after 1 May 2023, the decision may be as follows:
 - a) registration for the programme (or programmes) concerned may be refused, or
 - b) the student will be required to participate in the matching activities of the degree programme.
3. If a student registers in Studielink for more than one Bachelor's degree programme, the deadline of 1 May applies to only one of the Bachelor's programmes. In this case, either the requirement or the right to participate in matching activities will apply to this second degree programme too. In order to enable the relevant department to organize matching activities, students must register no later than 31 July 2023 by means of a request via Studielink for the final round of matching activities.
4. The requirement to register by 1 May 2023 does not apply to students who have received a binding (negative) study advice for a WO (university) or HBO (university of applied sciences) degree programme at a time that made it objectively impossible to register by 1 May 2023. These students will be either required or entitled to participate in the matching activities for the degree programme. In order to enable the relevant department to organize matching activities, students must register no later than 31 July 2023 by means of a request via Studielink for the final round of matching activities.

Article 9. Matching at the UG

1. Students who register for one or more degree programmes on time in accordance with Articles 8.1, 8.3, and 8.4 are entitled to take part in the matching activities for the programmes concerned.
2. Matching activities are intended for students who register for the first year of a Bachelor's degree programme that is not subject to a selection procedure (centralized or decentralized).
3. There is compulsory matching for programmes in the following faculties:
 - a) Faculty of Behavioural and Social Sciences (with the exception of the Bachelor's degree programme in Pedagogical Sciences/AOLB);
 - b) Faculty of Medical Sciences (Bachelor's degree in Human Movement Sciences);
 - c) Faculty of Law;
 - d) Faculty of Spatial Sciences (Bachelor's degree programme in Spatial Planning and Design);
 - e) Faculty of Science and Engineering
4. Students wanting to register for programmes in the category referred to in Article 9.3 cannot register unless it has been confirmed in ProgressNet (the student registration system) that they have satisfied the matching requirement. This will only be the case if the student concerned has participated fully in all parts of the matching activities for the degree programme and has met all the relevant deadlines and obligations.
5. A student's registration will be rejected if the student fails to participate in the compulsory matching activities without a valid reason. Registration will still be possible only in the following cases:
 - a) If the Faculty Board is of the opinion that the student was unable to take part in the matching activity due to illness, pregnancy, disability, involvement in top-level sport, or another form of force majeure, or
 - b) If the Faculty Board is of the opinion that failure to honour the request to register will result in a situation of unfairness of an overriding nature.

Article 10. Matching: content and dates

1. All students who register via Studielink no later than 1 May will receive an email with a link to the digital matching environment. This shows the matching activities for the degree programme (or programmes) for which the student has registered. It also shows whether the matching activity is compulsory for the programme for which the student has registered.
2. Students who complete the full matching procedure will receive degree programme advice by email within three weeks. This can be either a positive recommendation or a recommendation to reconsider their choice of degree programme. For degree programmes with compulsory matching activities, in principle, both these types of recommendation give students the right of admission to the programme to which the recommendation relates. A matching recommendation will remain valid for one year, unless specified otherwise in the Teaching and Examination Regulations of the degree programme in question.
3. All degree programmes will at the very least organize early matching activities in March/April. The regular matching activities will take place in May and June. The last round of matching activities for all degree programmes will take place in August. The deadline for registering for the final round of matching activities is 31 July 2023. After this date, participation in the matching procedure, and therefore registration, for programmes with compulsory matching is no longer possible, unless the provisions of Article 9.5 apply.
4. The degree programmes will announce the exact dates of their matching activities in advance via the website: www.rug.nl/matching. The digital matching environment also shows the exact dates and deadlines for the matching activities.
5. Only students in the following categories will be admitted to the final round of matching activities:
 - a) Students who were not selected for the academic year 2023-2024 for a degree programme with a fixed quota or selection procedure and who register for another degree programme;
 - b) Students who, after taking part in a matching procedure for a degree programme, switched to another degree programme and who, given that the date on which the matching result was published elsewhere or that the matching procedure took place elsewhere, were not able to take part in the matching activities for the other degree programme in May/June;
 - c) Students who registered after 1 May for a degree programme other than the programme for which they registered before 1 May and were thus not able to take part in the matching procedure in May/June;
 - d) Students who received a negative BSA for a WO (university) or HBO (university of applied sciences) degree programme at a time such that it was not possible to take part in the matching procedures in March/April or May/June;
 - e) Students who, in the opinion of the Faculty Board, were unable to take part in the matching activity in March/April or May/June due to illness, pregnancy, disability, participation in top-level sport, or other forms of force majeure;In such cases, students must contact the faculty of the degree programme for which they registered. Contact details can be found on the website: www.rug.nl/matching.
6. If the distance that a student has to travel from home to the location of the matching activities is disproportionately far, the degree programme must make arrangements to enable the student to take part in some form of matching activities without being physically present at the institution. This also applies to students living in the public bodies of Bonaire, Sint Eustatius and Saba, or of Aruba, Curaçao and Sint Maarten.

Chapter 4: STATUTORY TUITION FEES

Article 11. Statutory tuition fees

1. The statutory tuition fees for registration for a *full-time* degree programme are **€2,314**.
2. The statutory tuition fees for registration for a *part-time or dual* degree programme are **€1,703**.
3. The statutory tuition fees for registration for the degree programmes in Liberal Arts and Sciences (University College Groningen) and Global Responsibility and Leadership (University Campus Fryslân) are **€4,588**.
4. In the case of reduced statutory tuition fees, see Article 12a of these Regulations, the reduced statutory tuition fees for a *full-time* degree programme are **€1,157**, for a *part-time or dual* degree programme they are **€852**, and the reduced statutory tuition fees for the degree programmes in Liberal Arts and Sciences (University College Groningen) and Global Responsibility and Leadership (University Campus Fryslân) are **€3,431**.

Article 12. Statutory tuition fees

1. Statutory tuition fees must be paid by students who:
 - a) when registering for a Bachelor's degree programme, have not previously gained a Bachelor's degree; when registering for a Master's degree programme, have not previously gained a Master's degree, and
 - b) are members of one of the groups referred to in Article 2.2. of the Wsf 2000 or have Surinamese nationality (nationality requirement). Based on the data recorded in BRON-HO, it is determined whether a student owes statutory tuition fees.
2. An exception to the provisions of Article 12.1.a are students who:
 - a) are awarded a Bachelor's degree while at the same time being registered for a second Bachelor's degree programme, or
 - b) are awarded a Master's degree while at the same time being registered for a second Master's degree programme.

These students must pay statutory tuition fees for the second degree programme. Such students may continue with the second degree programme for the statutory tuition fees on condition that their registration for the second degree programme has been unbroken since gaining the first degree.

3. Article 12.1.a does not apply to students who register for the first time for a degree programme in the fields of medicine or teaching in accordance with the CROHO classification.
4. The provisions of Article 12.1.a are based on the historical BRON HO file of 1 September 1991. Certificates gained before this date therefore do not qualify as previously gained degrees within the meaning of this article.
5. Any final assessment in an old-style *doctoraal* university degree programme successfully completed on or after 1 September 1991 is considered to be a previously gained Bachelor's and Master's degree.
6. Any final assessment in an old-style HBO degree programme at a university of applied sciences successfully completed on or after 1 September 1991 is considered to be a previously gained Bachelor's degree.
7. Students who are registered at an institution of higher education and have paid the statutory tuition fees, and who in the same academic year also wish to register for a degree programme at the University of Groningen to which statutory tuition fees apply, will be exempt from payment of tuition fees for this second registration unless an amount lower than the statutory tuition fees has been paid for the first registration. In such cases, students must pay the difference between the two amounts. A BBC (*bewijs betaald collegegeld*, proof of payment of tuition fees) statement with regard to the first registration must be submitted with the request for registration.
8. Students who are charged University tuition fees II at the time of registration, but believe that they satisfy the conditions of Article 12.1b (nationality requirement), can make a request to have their tuition fees converted to the lower rate as from 1 September of the relevant academic year through the Immigration Service Desk (email: isd@rug.nl). Any

such request must be submitted before 1 October 2023.

9. On the basis of WHW Article 7.47a, the Board of the University may grant students a one-off exemption from payment of statutory tuition fees for the period of one academic year if they qualify for waiving of tuition fees for student board/committee members in accordance with the 2023-2024 University of Groningen Graduation Fund Regulations (Part B).

Article 12a. Reduced statutory tuition fees

1. The reduced statutory tuition fees must be paid by students who:
 - a) start their first Bachelor's degree programme, and
 - b) must pay the statutory tuition fees, as defined in Articles 11.1 and 11.2.
2. The provisions of Article 12a.1.a are based on the historical BRON HO file of 1 September 1991. Registrations completed before this date therefore do not qualify as registrations within the meaning of this article.
3. Students are only entitled to pay reduced statutory tuition fees once, for a period of twelve months. In the event of interrupted registration, the period of twelve months cannot be postponed. Students who subsequently reregister within twelve months of the date of initial registration must pay the reduced statutory tuition fees for the remaining number of months, counted from the month in which the initial registration took place.
4. The additional year of reduced statutory tuition fees applies to any student who:
 - a) starts their first programme in the field of education, as defined in the CROHO,
 - b) is eligible for the statutory tuition fees as defined in Articles 11.1 and 11.2, and
 - c) was not registered between 1 September 1991 and 31 August 2018.The provisions of Article 12a.3 apply mutatis mutandis to an additional year of halving of the statutory tuition fees.
5. Students registering for the Academic Teacher Training for Primary Education (AOLB: *Academische Opleiding Leraar Basisonderwijs*) at the UG are eligible for an additional year of reduced statutory tuition fees, if:
 - a) In the year that they apply to pay a second year of reduced statutory tuition fees, they are simultaneously registered for a Bachelor's degree programme in Primary School Teaching at a university of applied sciences;
 - b) The degree programmes are collaborative and both of the programmes cooperate to the extent that the student can obtain a degree certificate at both institutions within a period of four years;
 - c) They were registered for a Primary School Teacher Training degree programme before the second academic year in question; and
 - d) Both registrations for Primary School Teacher Training programmes took place at the same institution.

Article 13. Changes during the academic year

1. An exception to the provisions of Article 12.1.a are those students who are awarded a Bachelor's or Master's degree but who do not terminate their registration for that Bachelor's or Master's programme; for the remaining part of the academic year, they must pay the statutory tuition fees for that registration.
2. Students who, at the time of registration for a degree programme, satisfy the conditions of Article 12.1 but at some point during that academic year no longer satisfy the conditions of Article 12.1.b (nationality requirement), must pay the statutory tuition fees for registration for that degree programme for the rest of the academic year.
3. Students who, at the time of registration for a degree programme, do not satisfy the conditions of Article 12.1 but during that academic year will satisfy the provisions of Article 12.1b (nationality requirement) may submit a request to the Immigration Service Desk (email: isd@rug.nl) for the conversion of the University tuition fees into statutory tuition fees. The request must be submitted during the same academic year in which the conditions are satisfied. It is not possible to convert tuition fees with retrospective effect for previous academic years. Conversion to the statutory tuition fees will occur as of the first of the month following the month in which the conditions were satisfied.

Chapter 5: UNIVERSITY TUITION FEES

Article 14. University tuition fees I

1. The University tuition fees I for registration for a full-time degree programme are **€2,314**.
2. University tuition fees I for registration for a part-time or dual degree programme are **€1,703**.

Chapter 6: FEES FOR PRE-MASTER'S PROGRAMMES

Article 17. Fees: rates

1. In accordance with Articles 7.49a and 7.49b of the WHW, the fees for pre-Master's programmes are based on the student workload of the programme in terms of ECTS credits:

a) 15 ECTS programme	€579
b) 30 ECTS programme	€1,157
c) 45 ECTS programme	€1,735
d) 60 ECTS programme	€2,314

Some faculties offer programmes with a different student workload. The fees for these programmes are set on the basis of the programmes listed above and supplemented proportionately with €39 per ECTS (rounded off).

Example: The fees for a 20 ECTS programme will be based on the 15 ECTS programme, plus 5 times €39. The fees for a 40 ECTS programme will be based on the 30 ECTS programme, plus 10 times €39. Article 4 of these Regulations applies to registration for pre-Master's programmes.

2. The student workload in ECTS of a pre-Master's programme is specified by the department on the statement of admission, together with the course units that make up the programme.
3. Pre-Master's students may take only those course units that are part of their pre-Master's programme.
4. If a student registers for a second pre-Master's programme, there will be no exemption from or reduction of tuition fees.
5. Pre-Master's students who are simultaneously registered for a degree programme in higher education, for which they have paid the statutory tuition fees, are exempt from payment of the fees for the pre-Master's programme. Students who only pay statutory tuition fees for part of the academic year will only be exempt from paying the fees for the pre-Master's if the total amount due is over €2,314.

Article 18. Payment and deregistration

1. The fees are paid in a single sum or in instalments, as are the tuition fees (in accordance with Chapter 7 of these Regulations).
2. Fees will not be refunded if the student deregisters from or interrupts the pre-Master's programme during the academic year or fails to earn the required number of ECTS credit points.
3. Notwithstanding Article 18.2, fees may be returned to a student who has submitted a request for deregistration via Studielink during the first three months of registration for the Pre-Master's programme. The registration will be terminated as of the month following the month in which the request was submitted.
4. Upon termination of enrolment as referred to in the third paragraph, the pre-Master's student shall owe a fee for the months enrolled calculated on the basis of the total amount for a 60 ECTS pre-Master's programme.
5. Once a student deregisters, the outstanding amount will be collected in one go. If the student has opted to pay in instalments, on request, the instalments will continue until the fees have been paid in full. Any such request must be sent to sia@rug.nl.

Article 19. Reregistration

1. Students can submit a request to reregister for a pre-Master's programme via Studielink. In addition, and in accordance with Article 19.2, students must again request the Admissions Board to grant them admission to one of the programmes offered by the Faculty.
2. For certain pre-Master's programmes, there are progress requirements or stipulations regarding the period of time within which the programme must be completed. These restrictions are set out in the Teaching and Examination Regulations of the degree

programmes. Reregistration can only take place once the relevant conditions have been met.

3. When reregistering for a pre-Master's programme in the academic year 2023-2024, a fee will apply that is the equivalent of the remaining student workload of the pre-Master's programme.

Chapter 7: PAYMENT

Article 20. Payment of tuition fees

1. The tuition fees must be paid:
 - a) in full (in one instalment), or
 - b) in several instalments.
2. Payment must be made via a digital direct debit mandate, via a transfer to the University of Groningen account, via a PIN or credit card payment at the University Student Desk in the Academy Building, or by PIN or credit card payment or in cash at the Cashier's Office in the Academy Building.

Article 21. Payment in instalments

1. If the tuition fees are paid in instalments, a direct debit mandate must be issued to the UG.
2. Tuition fees paid in instalments will be debited in a maximum of 5 instalments, spread over the academic year and depending on the time of registration.
3. A non-recurring administration fee of €24 will be charged for payment in instalments. This amount will be debited together with the first instalment.
4. If payment is by direct debit mandate, the signature on the mandate automatically grants approval to debit adjusted tuition fees in circumstances that affect the amount of the tuition fees due. Students will be informed of this in advance in an email to the address registered with the UG.
5. If an instalment cannot be debited, a term will be set within which the instalment must be paid. Students with a Dutch bank account will be given the opportunity to pay their arrears via Tikkie.
6. If an amount or instalment cannot be debited, the student in question will be excluded from the University facilities (including IT facilities) after having been informed of the situation. This also means that it will not be possible to register for course units and exams.
7. If an instalment cannot be debited and the student has not arranged alternative payment of this instalment in advance, all remaining tuition fees will fall due in one instalment once the student has officially been served notice of default. Payments of tuition fees will be credited to the longest outstanding instalment.
8. If the tuition fees (or an instalment) are not paid within the period of the notice of default, the case will be passed to the debt-collection agency Flanderijn (www.flanderijn.nl). All collection charges must be borne by the student.
9. If one or more instalments are paid late during an academic year, the student in question may not pay by direct debit mandate in the next academic year for which the student is registered.
10. If a student issues a direct debit mandate to the UG for an incorrect account number or an account number that is blocked or becomes blocked for direct debits from the UG, the student must supply a new account number or pay the remaining amount in one instalment.
11. If the tuition fees have not been paid in full by the end of an academic year (31 August), the student in question will not be able to register for a subsequent academic year until the outstanding amount has been paid, including any collection charges. On graduation, the degree certificate will not be issued before any outstanding tuition fees have been paid in full.
12. If a student graduates during the academic year, the degree certificate ceremony will be delayed until the student has satisfied the payment requirements.

Article 22. Payment in one instalment

1. Tuition fees can be paid in one instalment by a digital direct debit mandate, via a transfer to the UG account, via a PIN or credit card payment at the Student Information and Administration Office in the Academy Building, or by PIN or credit card payment or in cash at the Cashier's Office in the Academy Building.

2. The provisions of Articles 21.4, 21.5, 21.6, 21.8, 21.9, 21.10, 21.11, and 21.12 will apply mutatis mutandis.
3. Payment or instalments of tuition fees will be credited to the longest outstanding instalment.

Chapter 8: DEREGISTRATION AND REIMBURSEMENT OF TUITION FEES

Article 23. Deregistration on request

1. A request to deregister must be submitted before the end of the academic year. Requests received after this date will not be processed.

3. Deregistration will take effect on the first day of the month following the month in which a request to this end is submitted.

2. In the event of payment arrears, if an instalment cannot be debited within the term stipulated in Article 21.5 (notice of default), registration may be terminated on the first day of the second month after this term has ended.
3. If the Board of the University decides that a student has proven unsuitable, as set out in Article 6, this student's registration will be terminated on the first day of the month following the month in which this decision was taken. However, the Board will first give the student in question the opportunity to put their case.
4. If the Board of the University decides to terminate a student's registration on the grounds of contravention of the University of Groningen House Rules and General Code of Conduct, or on the grounds of serious fraud, deregistration will take effect on the first day of the month following the month in which this decision was taken. However, the Board will first give the student in question the opportunity to put their case.
5. Deregistration within the meaning of Articles 24.2, 24.3 and 24.4 will not take place until the relevant student has been informed.

Article 25. Reimbursement

1. Tuition fees are only reimbursed upon termination of registration.
2. Upon deregistration, one-twelfth of the statutory or University tuition fees that apply to the registration in question will be reimbursed for each remaining month of the academic year. In the case of deregistration as of 1 July, no tuition fees will be reimbursed for the months of July and August, except in a situation within the meaning of Article 24.1.
3. Fees will not be reimbursed if the student deregisters from or interrupts the pre-Master's programme during the academic year, notwithstanding the provisions of Article 18.3. The amount that will be reimbursed after termination of a pre-Master's programme will be calculated in accordance with Article 25.2, on the basis of the total amount applicable to the pre-Master's programme.

Note: The administrative side of deregistering during the course of an academic year can take up to 2 months. If the tuition fees are being paid in instalments, a minimum of one instalment can be deducted from the student's account. Should this be the case, the amount will be recompensed in the final reimbursement payment.

REGULATIONS FOR SELECTION AND PLACEMENT

These regulations have been drawn up on the basis of Article 7.53.3 of the Higher Education and Research Act (WHW: Wet op het Hoger onderwijs en Wetenschappelijk onderzoek) relating to the design and implementation of selection for degree programmes with limited capacity. This is an elaboration of Chapter 7 of the WHW and the Regulations for Application for and Admission to Higher Education (Regeling Aanmelding en Toelating Hoger Onderwijs (RATHO)).

In adopting these regulations, the Board of the University has taken into account the interests of prospective students from the public bodies of Bonaire, Sint Eustatius, and Saba, as well as Aruba, Curaçao, and Sint Maarten.

Last amended in 2020

Article 1 Determination of selection criteria

1. Each year, the Board of the University determines the selection criteria for degree programmes with limited capacity at the request of the faculty boards and after obtaining recommendations from the student section of the University Council.
2. The Board of the University annually determines how many times a candidate may participate in the selection process for a degree programme, with a maximum of three times, and publishes this number on the website.

Article 2 Mandate for selection and placement

On behalf of the Board of the University, the head of the Student Information and Administration Department (SIA) is responsible for the selection and placement of students when implementing the decisions of the Faculty Boards regarding this matter.

Article 3 Deadline for enrolment

1. A candidate who wishes to participate in the selection procedure must submit an enrolment application via Studielink no later than 15 January preceding the academic year in which they wish to start the degree programme.
2. A candidate who has not submitted an enrolment application via Studielink by 15 January, but nevertheless wishes to participate in a selection process for a degree programme at the UG, must submit a request to this effect to the head of SIA via a special web form (<http://www.rug.nl/formulierSenP>).
3. The head of SIA decides whether or not to grant admission to the selection procedure to candidates who submit a request to this end after 15 January.
In such cases, all of the following criteria must be met:
 - a. The candidate was demonstrably not able to submit the request for registration at an earlier date;
 - b. The candidate must have submitted the request as soon as possible after 15 January;
 - c. The selection procedure for the degree programme the candidate wishes to follow has not yet started;
 - d. Refusal to allow participation in the selection procedure would result in a situation of unfairness of an overriding nature.

4. A request as referred to in Article 3.2 must be accompanied by one or more documents providing evidence that the candidate complies with the provisions of Article 3.3.

Article 4 Participation in the selection procedure

1. A candidate who has submitted an active enrolment application for a degree programme with a selection process after the deadline of 15 January or who has been admitted to the selection process after submitting a request as referred to in Article 3.2 uses up one chance to participate.
2. A candidate who does not, or not fully, participate in the selection procedure will not receive a ranking number, and the head of SIA will reject the candidate's request for registration. In this case, the candidate will use up one chance to participate.
3. A candidate will not use up a chance to participate if:
 - a. The request for registration for the degree programme with a selection procedure is withdrawn via Studielink no later than 15 January;
 - b. The candidate does not succeed in obtaining their diploma or certificate in due time and submits a request to cancel the chance to participate, as set out in Article 10.

Article 5 Verification of personal details

A candidate who participates in a selection procedure must, by 15 February at the latest, provide accurate personal details which can be used to verify that candidate's identity. If the candidate fails to meet this obligation, their participation in the selection procedure will end, and the head of SIA will reject the candidate's registration request. At that point, the candidate has used up one chance to participate.

Article 6 Selection procedure

1. Selection takes place in the manner determined by the Faculty of the degree programme for which the candidate has applied.
2. If, after the deadline of 15 January, the number of applications is higher than the number of places available, selection will take place.
3. If, after the deadline of 15 January, the number of applications is lower than or equals the number of available places, no selection procedure will be held. Matching will take place instead. In this case, the rules set out in the University of Groningen Regulations for Registration and Tuition Fees will apply.

Article 7 Selection procedure: result and place allocation

1. On 15 April, the Board of the University will notify – via Studielink – each candidate who has participated in the full selection process of the ranking number allocated to that candidate. The Board of the University will allocate places to all candidates who qualify based on their ranking number.
2. Candidates must accept their place via Studielink within two weeks. An allocated place that is not accepted within two weeks will expire by operation of law.
3. When an allocated place expires, the Board of the University will offer it to the candidate with the next highest-ranking number who has not yet been offered a place in the degree programme in question.
4. Candidates who fail to accept their place in good time but still wish to participate in the degree programme in question must immediately submit a request to this end to the

head of SIA. This request must be submitted online via <http://www.rug.nl/formulierSenP>.

5. The head of SIA will make a decision on behalf of the Board of the University regarding a request as referred to in Article 7.4. A request as referred to in Article 7.4 may be granted if at least all of the following conditions have been met:
 - a. The candidate was demonstrably unable to accept the allocated place in good time.
 - b. The candidate has submitted the request as soon as they possibly could after the expiration of the acceptance period;
 - c. Refusal to grant the request would result in a situation of unfairness of an overriding nature.
6. When a request as referred to in Article 7.4 is granted, the candidate in question will be offered a place for the academic year following the year that the original request for admission referred to. The head of SIA may deviate from this stipulation and decide to offer the candidate a place for the academic year that the original request for admission referred to.

Article 8 Allocation of places

1. For degree programmes with limited capacity, the Board of the University will not allocate any more places than the number available for the relevant academic year.
2. On 15 April, the Board of the University will allocate 100% of the available places for degree programmes with limited capacity.
3. The Board of the University will continue to allocate places until all available places have been accepted and all candidates have proven that they satisfy the general and further entry requirements.

Article 9 Deadline for satisfying entry requirements

1. In order to be admitted to the selection procedure, candidates must satisfy certain entry requirements, such as prior qualifications. Candidates who do not (or do not yet) satisfy the requirements will be notified of this by the relevant faculty as soon as possible after enrolment.
2. Candidates who do not satisfy the entry requirements yet, but expect to do so between 15 July and at the latest 31 August, must submit a request for an extension of the deadline to the head of SIA before 15 July. This request must be submitted online via <http://www.rug.nl/formulierSenP>.
3. Contrary to the provisions of Article 9.1, the Board of the University, in consultation with the Faculty Board, may set a later deadline for satisfying the general and further entry requirements for candidates who have been allocated a place in a degree programme with limited capacity. This date may be no later than 20 August.
4. Candidates who are allocated a place after 15 July must submit proof that they satisfy the general and further entry requirements within exactly 14 days (14 x 24 hours) of receipt of their place allocation, and in any case no later than 31 August. If the candidate fails to meet this obligation, the proof of admission will expire.
5. The head of SIA may deviate from the stipulations of Articles 9.1, 9.3 and 9.4 and grant candidates an extension of the deadline until 31 August at the latest. If a candidate fails to prove that they have met the general and further entry requirements by the deadline, the proof of admission will expire.

Article 10 Candidates who fail to obtain their diploma

1. Candidates who fails to obtain their diploma or certificate may submit a request to annul the use of a chance to participate in a selection process to the head of SIA.
2. This request must be submitted online via <http://www.rug.nl/formulierSenP>.
3. The candidate must submit a request as referred to in Article 10.1 before 1 September. The request will be processed no later than 1 October, unless more time is needed because extraordinary circumstances must be assessed.
4. A candidate who submits a request as referred to in Article 10.1 must submit, along with the request, a document proving that they have failed to obtain their diploma.

Article 11 Starting in a higher year

1. Candidates who accept an allocated place, complete their registration, but terminate their registration after a minimum of 1 month, may register for a higher year of the degree programme in question in a subsequent academic year. They will retain their right of admission.
2. Candidates who have accepted an allocated place elsewhere in the Netherlands and have been registered there, may submit a request for registration in a higher year in a subsequent academic year. Such a request must be accompanied by one or more documents providing evidence that the candidate has at least met the requirements for a positive study advice for the same or a related degree programme somewhere else.

Article 12 Legal rights

1. Candidates may lodge an objection against decisions taken on the basis of these Regulation to the Board of the University via the Central Portal for the Legal Protection of Student Rights (CLRS: <http://www.rug.nl/education/laws-regulations-complaints/>). Objections must be lodged within six weeks.
2. If the objection is declared founded and the decision is taken to offer the candidate a place, this place will be for the academic year to which the original request for registration applied.
3. Notwithstanding the stipulations of Article 12.2, candidates who qualify for admission based on a founded objection may be offered a place for the next academic year if:
 - a. No proof of entry is available nor will become available for the academic year to which the request for registration applied;
 - b. A decision on the objection will be given after the start of the academic year, that is after 1 September;
 - c. The candidate themselves request admission for the next academic year.
