All UG Bachelor's degree programmes have one starting date: 1 September, with the exception of the Liberal Arts and Sciences Bachelor's degree programme offered by the University College Groningen which also have a starting date on 1 February. The starting date also applies to students who have been previously registered for the relevant Bachelor's degree programme, regardless of their study progress. In certain cases, the Faculty Board may grant students permission to register as of a different date. The possibilities and conditions for registration after the starting date are set out in the Teaching and Examination Regulations of the relevant degree programme.

Article 2a. Admission to pre-Master's programmes

1. Individuals who do not meet the entry requirements for the intended Master's degree programme and who could reasonably be expected to be able to meet them within a reasonable period of time will be given the opportunity to remedy the shortcoming by following a pre-Master's programme. This is to be done at the discretion of the Admissions Board.
2. Registration in a pre-Master's programme is possible only on the basis of a certificate of admission, issued by the Admissions Board.
3. Reregistration for this pre-Master's programme in a subsequent year is only possible if the Admissions Board issues a new proof of admission, in line with the provisions of the OER of the degree programme and the provisions of Chapter 6 of these Regulations.

4. All pre-Master's programmes at the UG have one starting date: 1 September. In certain cases, the Admissions Board may grant students permission to register as of a different date.  - e) is a foreigner who no longer satisfies any of the conditions listed under b), c) or d), and who has previously registered for a degree programme at the UG while satisfying one of those conditions, and who is still following that degree programme but has not yet completed it.
2. Registration requests must be submitted through [Studielink](#).
The following applies to a request for registration:

- a) Applicants holding Dutch nationality or who are treated as Dutch nationals on the basis of a legal provision must submit a copy of their passports or official identity cards.
Important: This is required only if central verification through the municipal personal records database (BRP) is not possible.
- b) Applicants who do not fall under a) must submit a copy of their passports or official identity cards and proof that they possess a legally valid residence permit.
- c) Applicants must submit all documents that are requested by the UG.
3. Registration cannot take place until after a request to this end has been submitted in accordance with Article 4.2, the relevant payment obligation has been satisfied and all other requirements for registration have been met.
4. Students with a non-Dutch diploma may be charged an additional *application fee* of €100,-, in which case the application will not be processed until the UG has received the fee.
5. Registration is for the entire academic year. The request for registration must be submitted and payment of tuition fees received by the UG before the start of the academic year (i.e. by 31 August at the latest).
Different registration deadlines apply to students who are required to participate in the matching procedure. See Chapter 9.
6. Supplementary to the previous item, different application deadlines apply to students wishing to follow a degree programme with a selection procedure and to students with foreign qualifications who wish to start a degree programme as of 1 September. These deadlines are listed under the relevant degree programme on the UG website.
7. In the event that registration is requested and/or tuition fees are paid after the start of the academic year, registration will apply from the first day of the month after the month in which the request was submitted and payment was received. In addition, registration after 1 September is possible only upon approval of the Admissions Board on behalf of the Faculty Board, in accordance with Article 2.6 for Bachelor's degree programmes in accordance with Article 3.4 for Master's degree programmes. The tuition fees will be reduced by a twelfth for each month that the applicant was not registered.
8. In the event that the payment deadline is demonstrably exceeded as a result of compelling personal circumstances, the head of the Student Information and Administration Office (SIA) may permit registration with retroactive effect in the month during which the conditions for registration are satisfied, with the exception of the month of October in any academic year. A request to this end, substantiated with documentary evidence, can be submitted through the following link:
<https://www.rug.nl/education/contact/information-services/registration-and-payment-after-start-date-programme>. A decision with regard to the request will be taken in consultation with the Admissions Board. The request will not be granted if the study programme cannot accommodate it.
9. Students will be issued with a student card when they first register. This card will remain valid for the entire registration period. A new card must be applied for in the event that the student card is lost; there is a €15 charge for this. As proof of registration, students can download a statement of enrolment free of charge through the Student Portal, using the *Statement of Enrolments and Photo* application.
10. Registration for a Bachelor's degree programme after 1 February 2027 for the academic year 2026-2027 is not possible for degree programmes to which a fixed quota will apply as of 1 September 2027, unless the student was previously registered for this degree programme.
11. The tuition fees must be paid in accordance with the provisions of Chapter 7.

Article 5. Study Advice System (BSA)

1. If a student is issued a binding negative study advice (BSA) for a degree programme, reregistration for that programme or for the cluster of related programmes to which that programme belongs will be impossible for a period of two academic years starting on 1

September of the academic year immediately following the issuing of the study advice, as set out in the BSA Manual and the Teaching and Examination Regulations of the degree programme.

2. An appeal against the BSA does not have a suspensive effect.
3. A BSA issued by a different institute of higher education will not affect registration at the UG.

Article 6. Refusal or termination of registration due to proven unsuitability (*judicium abeundi*)

1. The Board of the University may in exceptional cases refuse or terminate a student's registration if this student's acts or statements prove them to be unsuitable for one or more of the professions for which they are being trained in their degree programme or for the practical preparation for the profession.
2. In the event that the board of an institute of higher education other than the UG has refused a student's registration for a degree programme in accordance with the provisions of Article 6.1, and that student requests registration in a similar or related degree programme offered by the UG, Article 6.1 will also apply.
3. In the event that a student whose registration has been refused or terminated in accordance with the provisions of Articles 6.1 and/or 6.2 is registered for another degree programme that has specializations or other components similar or related to the degree programme for which registration has been refused or terminated, the Board of the University may decide to deny this student entry to the relevant specialization or other components of this degree programme.

Article 7. Damage compensation and fines

1. As specified in Article 15.2 in connection with Article 15.3 of the WHW, anyone who uses teaching or examination facilities without legally valid registration is liable for damages or fines, respectively.
2. These damages amount to one-twelfth of the relevant tuition fees for each month in which the person in question has illegally used the teaching and examination facilities of a UG degree programme.
3. The fine claimed is a second-category fine.
4. Registration will take place as of the first day of the month following the month in which payment as referred to in Article 7.1 is made, bearing in mind any limitations that may apply to registration. It is not possible to register with retroactive effect.
5. Those who wish to receive a degree certificate but who have used teaching or examination facilities without legally valid registration may make a statement to the Board of the University that the procedural requirements for awarding the degree certificate have been satisfied upon payment of the amounts referred to in Article 7.1. The examinations sat by the student in order to gain the degree certificate will thus become valid.

Chapter 3: MATCHING

Article 8. 1 May deadline for registering in Studielink

1. The application deadline for those wishing to register as students through Studielink for the first year of an undergraduate programme is no later than 1 May prior to the academic year. This also applies to students wishing to transfer to another degree programme.
2. When applying for multiple programmes, the application deadline of 1 May applies to at least one programme.
3. The application deadline does not apply to students who can prove that the new application is the result of a negative binding study advice for an HBO (university of applied sciences) or WO (university) Bachelor's programme, or students who can prove that they were not selected for a programme with a fixed quota and/or selection procedure, as a result of which it was objectively not possible to apply by 1 May at the latest.
4. Applicants meeting the requirements stated in Article 8.2 and/or 8.3 must apply through Studielink by 31 July prior to the academic year in order to qualify for the final round of matching activities as referred to in Article 8a.7. Students should also contact the faculty of the degree programme for which they have applied. Contact information is available at www.rug.nl/matching.

Article 8a. Matching at the UG

1. Students who register for one or more degree programmes on time as detailed in Article 8 are entitled to take part in the study-choice activities for the degree programmes concerned. When a student has registered after 1 May, participation in matching may be required. Participation in matching is in any case compulsory for degree programmes at the following faculties:
 - a) Faculty of Behavioural and Social Sciences (except for the Bachelor's degree programme in Pedagogical Sciences/Academic Teacher Training for Primary Education [AOLB])
 - b) Faculty of Medical Sciences (Bachelor's degree programme in Human Movement Sciences)
 - c) Faculty of Law
2. Students wishing to register for degree programmes for which participation in matching is compulsory cannot register unless it has been confirmed in ProgressNet (the student registration system) that they have satisfied the matching requirement. This will be the case only if the student concerned has participated fully in all parts of the matching activities for the degree programme and has met all the relevant deadlines and obligations.
3. Registration as referred to in Article 8a.2 is also possible only if all other conditions for registration, as referred to in Chapter 2 of these Regulations, have also been met.
4. The student receives the invitation for matching by email, including a link to the digital matching environment. This will display the matching activities for the degree programme (or programmes) for which the student has registered, as well as whether any or all of the matching activities are compulsory.
5. Students who complete the full matching procedure will receive study-choice advice by email within three weeks. This can be either a positive recommendation or a recommendation to reconsider their choice of degree programme. For degree programmes with compulsory matching activities, in principle, both these types of recommendation give students the right of admission to the programme to which the recommendation relates. A matching recommendation will remain valid for one year, unless specified otherwise in the Teaching and Examination Regulations of the degree programme in question.
6. The degree programmes will announce the exact dates of their matching activities in advance through the following website: www.rug.nl/matching. The digital matching environment also shows the exact dates and deadlines for the matching activities. All degree programmes will at the very least organize early matching activities in

March/April. The regular matching activities will take place in May/June. The last round of matching activities for all degree programmes will take place in August. The deadline for registering for the final round of matching activities is 31 July prior to the academic year. After this date, participation in matching, and thus registration, will no longer be possible.

7. If the student has registered on time but has not participated in the compulsory matching activities without a valid reason, the registration will be refused. Registration will still be possible only in the following cases:
 - a) the Faculty Board deems that the student was unable to participate in the matching activities due to illness, pregnancy, disability, participation in top-level sports, or forms of force majeure; or
 - b) the Faculty Board deems that failure to honour the request to register will result in a situation of unfairness of an overriding nature, and
 - c) participation in matching is not possible at another moment anymore.Registration is also only possible if all other conditions for registration are met.
8. If the distance that a student has to travel from home to the location of the matching activities is disproportionately far, the degree programme must make arrangements to enable the student to take part in some form of matching activities without being physically present at the institution. This also applies to students who are residents of the special municipalities of Bonaire, Sint Eustatius, and Saba, or of the countries of Aruba, Curaçao, and Sint Maarten.

Article 9. First-time registration after 1 May

1. If a student registers for an undergraduate programme for the first time after 1 May preceding the academic year, the Faculty Board may decide that:
 - a) registration for the programme (or programmes) concerned may be refused, or
 - b) that the student will be required to participate in the matching activities for the degree programme.
2. If the Faculty Board deems that the late application is the result of serious personal circumstances, which can be shown to have led to the application deadline being exceeded, enrolment may nevertheless proceed. In this case, the student may be obliged to participate in matching activities.
3. Students applying after 1 May should themselves contact the faculty of the degree programme for which they have applied. Contact information is available at www.rug.nl/matching. If a student applies after 31 July, registration will no longer be possible.
4. If it has been decided that the student is obliged to participate in matching, the provisions of Article 8a.2 to 8a.8 apply.

Article 10.

The provisions of this chapter do not apply to degree programmes with a fixed quota and/or that are subject to a selection procedure. In such cases, different application deadlines and obligations apply.

Chapter 4 STATUTORY TUITION FEES

Article 11. Statutory tuition fees – amounts.

1. The statutory tuition fees upon registering for a *full-time* degree programme are **€2,694**.
2. The statutory tuition fees upon registering for a *part-time or dual-degree* programme are **€1,984**.
3. The statutory tuition fees upon registering for the degree programmes in Liberal Arts and Sciences (University College Groningen) and Global Responsibility and Leadership (University College Fryslân) are **€5,343**.

Article 12. Statutory tuition fees

1. The statutory tuition fees must be paid by students who:
 - a) when registering for a Bachelor's degree programme, have not previously obtained a Bachelor's degree; when registering for a Master's degree programme, have not previously obtained a Master's degree, and
 - b) who are members of one of the groups referred to in Article 2.2. of the Student Finance Act (WSF) of 2000 or who hold Surinamese nationality (nationality requirement). Whether a student owes statutory tuition fees will be determined based on the data recorded in the BRONHO.
2. An exception to the provisions of Article 12.1.a are students who:
 - a) are awarded a Bachelor's degree while at the same time being registered for a second Bachelor's degree programme, or
 - b) are awarded a Master's degree while at the same time being registered for a second Master's degree programme.

These students must pay statutory tuition fees for the second degree programme. Such students may continue with the second degree programme for the statutory tuition fees on condition that their registration for the second degree programme has been unbroken since gaining the first degree.

3. Article 12.1.a does not apply to students who register for the first time for a degree programme in the fields of medicine or teaching in accordance with the CROHO classification.
4. The provisions of Article 12.1.a are based on the historical BRON HO file of 1 September 1991. Certificates gained before this date therefore do not qualify as previously gained degrees within the meaning of this article.
5. Any final assessment in an old-style terminal university degree programme successfully completed on or after 1 September 1991 is considered to be a previously obtained Bachelor's and Master's degree.
6. Any final assessment in an old-style terminal degree programme at a university of applied sciences successfully completed on or after 1 September 1991 is considered to be a previously obtained Bachelor's degree.
7. A student who is registered at an institution of higher education and has paid the statutory tuition fees, and who in the same academic year also wishes to register for a degree programme or a minor course unit at the University of Groningen to which statutory tuition fees apply shall be exempt from payment of tuition fees for this second registration, unless an amount lower than the statutory tuition fees has been paid for the first registration. In such cases, students must pay the difference between the two amounts. A BBC (proof of payment of tuition fees [Bewijs betaald collegegeld]) statement with regard to the first registration must be submitted with the request for registration.
8. A student who is enrolled at an institution for higher education and has paid the statutory tuition fee at that institution, and who is simultaneously enrolled for a minor course unit at the UG, which would require payment of the UG tuition fee, is exempt from paying tuition fees if the minor course unit is taken as part of the teaching at the other institution. Proof of payment of the tuition fees from the first enrolment ("Bewijs betaald collegegeld" (BBC)) must be submitted when enrolling at the UG.
9. Students who are charged university tuition fees at tariff II upon registering, but believe that they satisfy the conditions of Article 12.1.b (nationality requirement) can make a

request to have their tuition fees converted to the lower rate as from 1 September of the relevant academic year through the Immigration Service Desk (email: isd@rug.nl). Any such request must be submitted before 1 October 2026.

10. On the basis of Article 7.47.a of the WHW, the Board of the University may grant students a one-off exemption from payment of statutory tuition fees for the period of one academic year, if they qualify for waiving of tuition fees for student board/committee members in accordance with the 2026-2027 University of Groningen Graduation Fund Regulations (Part B).

Article 13. Changes during the academic year

1. An exception to the provisions of Article 12.1.a are those students who are awarded a Bachelor's or Master's degree but who do not terminate their registration for that Bachelor's or Master's programme; for the remaining part of the academic year, they must pay the statutory tuition fees for that registration.
2. Students who, upon registering for a degree programme, satisfy the conditions of Article 12.1 but at some point during that academic year no longer satisfy the conditions of Article 12.1.b (nationality requirement), must pay the statutory tuition fees for registration for that degree programme for the rest of the academic year.
3. Students who, upon registering for a degree programme, do not satisfy the conditions of Article 12.1 but during that academic year will satisfy the provisions of Article 12.1.b (nationality requirement) may submit a request to the Immigration Service Desk (email: isd@rug.nl) for the conversion of the University tuition fees into statutory tuition fees. The request must be submitted during the same academic year in which the conditions are satisfied. It is not possible to convert tuition fees with retrospective effect for previous academic years. Conversion to the statutory tuition fees will occur as of the first of the month following the month in which the conditions were satisfied.

Chapter 5: UNIVERSITY TUITION FEES

Article 14. University tuition fees at tariff I

1. The University tuition fees at tariff I upon registering for a full-time degree programme are **€2,694**.
2. The University tuition fees at tariff I upon registering for a part-time or dual-degree programme are **€1,984**.
3. The University tuition fees at tariff I upon registering for the degree programmes in Liberal Arts and Sciences and Global Responsibility and Leadership (University College Fryslân) are **€5,343**.

5. University tuition fees at tariff I must be paid by students who:
 - a) are recognized by the UAF as student refugees; or

6. University tuition fees at tariff I must be paid by every student who is recognized as a participant in an Erasmus Mundus degree programme at the UG and who does not satisfy the conditions for statutory tuition fees. After losing the Erasmus Mundus designation for the degree programme, the university tuition fees at tariff I will continue to apply to the student for one more year.
7. University tuition fees must be paid by students who:
 - are not EU/EEA nationals, and
 - are married to or the registered partner of a Dutch citizen.

Students who wish to be considered for university tuition fees at tariff I must submit a request to the Immigration Service Desk (isd@rug.nl). This request must be submitted as soon as possible, but by the end of the academic year at the latest. It is not possible to convert tuition fees with retrospective effect for previous academic years.

8. Students who did not satisfy the requirements upon registering, but who will satisfy the provisions of Article 14.5 and 14.7 during the academic year, may submit a request for conversion of tuition fees to university tuition fees at tariff I to the Immigration Service Desk (email: isd@rug.nl). The request must be submitted during the same academic year in which the conditions are satisfied. It is not possible to convert tuition fees with retrospective effect for previous academic years. Conversion to university tuition fees at tariff I will occur as of the first of the month following the month in which the conditions were satisfied.
9. Students who are enrolled at an institution of higher education on payment of the university tuition fees and who are enrolled as Minor students at the UG in the same academic year are exempt from paying tuition fees for this enrolment if the Minor is taken as part of the degree programme at the other institution. In case the university tuition fees at the other institution are lower than the university tuition fees at tariff I at the UG, the student must pay the difference. A BBC (proof of payment of tuition fees [Bewijs betaald collegegeld]) statement with regard to the first registration must be submitted with the request for registration in the Minor.
10. With multiple registrations, the sum of the required tuition fees must be paid.
11. Students with British nationality who were enrolled in a Bachelor's or Master's degree programme at the UG before 31 December 2020 and were eligible to pay the statutory tuition fees will be charged university tuition fees at tariff I for the rest of their programme, as long as their registration for this programme is not interrupted.
12. Students who are charged university tuition fees at tariff II upon registering, but believe that they satisfy the conditions of this Article can make a request to have their tuition fees converted to the lower rate as from 1 September of the relevant academic year through the Immigration Service Desk (email: isd@rug.nl). Any such request must be submitted before 1 October 2026.

Article 15. University tuition fees at tariff II

1. University tuition fees at tariff II must be paid by all students who do not satisfy the eligibility requirements for statutory tuition fees or university tuition fees at tariff I.
2. The university tuition fees at tariff II are subdivided as follows:
 - a) fees for EU/EEA students, see Article 16a.
 - b) fees for non-EU/EEA students, see Article 16b.
3. Students who, after completing a previous degree programme, are following a first degree programme in the field of education or healthcare within the meaning of Article 12.2 for statutory tuition fees must pay university tuition fees at tariff II if they wish to follow a parallel degree programme, if they do not satisfy the conditions for statutory tuition fees for that degree programme.
4. The provisions of Articles 12.1-6 concerning tuition fees may be overruled if the Board of the University makes special arrangements with a university abroad.
5. Students who are enrolled at an institution of higher education on payment of the university tuition fees and who are enrolled as Minor students at the UG in the same academic year are exempt from paying tuition fees for this enrolment if the Minor is taken as part of the degree programme at the other institution. If the university tuition fees at the other institution are lower than the university tuition fees at tariff I at the UG, the student must pay the difference. A BBC (Bewijs betaald collegegeld, proof of payment of tuition fees) statement with regard to the first registration must be submitted with the request for registration in the Minor.
6. In case of multiple registrations, the sum of the required tuition fees must be paid.

1. This article applies to students who are members of one of the groups referred to in Article 2.2. of the Student Finance Act (WSF) of 2000 or who hold Surinamese nationality (nationality requirement).
2. In accordance with Articles 7.49a 7.49b of the WHW, the amount of the tuition fees for pre-Master's programmes is based on the student workload of the programme:
 - a) 15 ECTS programme €674
 - b) 30 ECTS programme €1,347
 - c) 45 ECTS programme €2,021

3. Pre-Master's students may take only those course units that are part of their pre-Master's programmes.
4. There will be no exemption from or reduction of tuition fees for registration for a pre-Master's programme.
5. Pre-Master's students who are simultaneously registered for a Bachelor's degree programme in higher education, for which they have paid the statutory tuition fees, are exempt from payment of the fees for the pre-Master's programme. Students who pay statutory tuition fees for only part of the academic year will not be exempt from paying the fees for the pre-Master's programme unless the total amount due is over €2,694.
6. This article also applies to students following a teacher-training programme, on the condition that the student workload of the module amounts to 30 ECTS, which corresponds to €1,347.

Article 17a. Amount of fees for non-EU/EEA students

1. This article applies to students who are members of one of the groups referred to in Article 2.2. of the Student Finance Act (WSF) of 2000 or who hold Surinamese nationality (nationality requirement).
2. In accordance with Articles 7.49a 7.49b of the WHW, the amount of the tuition fees for pre-Master's programmes is based on the student workload of the programme. The fees are set in line with university tuition fees at tariff II for non-EU EEA students:

	Arts	Humanities	Sciences	Medicine	UCG/CF
a) 1 ECTS	€ 233	€ 233	€ 330	€ 533	€ 287

Example: The fee for a 20 ECTS programme will be based on the 15 ECTS programme, plus 5 times the applicable fee for 1 ECTS.
4. The student workload in ECTS of a pre-Master's programme is specified by the department on the statement of admission, together with the course units that make up

the programme. Article 4 of these Regulations applies to registration for pre-Master's programmes.

5. Pre-Master's students may take only those course units that are part of their pre-Master's programme.
6. There will be no exemption from or reduction of tuition fees for registration for a pre-Master's programme.
7. This article also applies to students following a teaching module, on the condition that the student workload of the module amounts to 30 ECTS, which corresponds to €7,000 (equal to the fees for Arts/Humanities).

Article 18. Payment and deregistration

1. The fees are paid in a single sum or in instalments, as are the tuition fees (in accordance with Chapter 7 of these Regulations).
2. During the academic year, no restitution will be granted in case of deregistration, interruption, adjustments to the amount of ECTS involved in the pre-Master's programme, or failure to earn this amount.
3. Notwithstanding Article 18.2, restitution may be granted if the pre-Master's student or a student or the student following a teaching module has submitted a request for deregistration from the pre-Master's programme or the teaching module through Studielink during the first three months of registration. This also applies if an adjustment in the student workload of the programme is determined for the student within the first three months of registration in the pre-Master's programme. The registration will be terminated as of the month following the month in which the request for deregistration was submitted.
4. Upon termination of registration as referred to in Article 18.3, pre-Master's students or students following a teaching module must pay a fee for the months enrolled, calculated on the basis of the total amount for a 60 ECTS pre-Master's programme.
5. Once a student deregisters, the outstanding amount will be collected in one go. If the student has opted to pay in instalments, on request, the instalments will continue until the fees have been paid in full. Any such request must be sent to sia@rug.nl.

Article 19. Reregistration

1. Students can submit a request to reregister for a pre-Master's programme or a teaching module through Studielink. In addition, and in accordance with Article 19.2, students must again request the Admissions Board to grant them admission to one of the programmes offered by the Faculty.
2. For certain pre-Master's programmes, there are progress requirements or stipulations regarding the period of time within which the programme must be completed. These restrictions are set out in the Teaching and Examination Regulations of the degree programmes. Reregistration cannot take place unless the relevant conditions have been met.
3. Upon reregistration for a pre-Master's programme or teaching module in a subsequent academic year, a fee will again be charged, amounting to the student workload of the remainder of the pre-Master's programme or for the remaining ECTS of the teaching module.

Chapter 7: PAYMENT

Article 20. Payment of tuition fees

1. The tuition fees must be paid:
 - a) in full (in one instalment), or
 - b) in several instalments.
2. Payment must be made by digital direct debit mandate or by transfer to the UG account. At the Student Information & Administration Desk in the Academy Building, payment can be made by debit card, credit card, or in cash.

Article 21. Payment in instalments

1. If tuition fees are paid in instalments, a direct debit mandate must be issued to the UG.
2. Tuition fees paid in instalments will be debited in a maximum of 5 instalments, spread over the academic year and depending on the time of registration.
3. A non-recurring administration fee of €24 will be charged for payment in instalments. This amount will be debited together with the first instalment.
4. If payment is by direct debit mandate, the signature on the mandate automatically grants approval to debit adjusted tuition fees in circumstances that affect the amount of the tuition fees due. Students will be informed of this in advance in an email to the address registered with the UG.
5. If an instalment cannot be debited, a term will be set within which the instalment must be paid. Students with a Dutch bank account will be given the opportunity to pay their arrears using Tikkie.
6. If an amount or instalment cannot be debited, the student in question will be excluded from the University facilities (including IT facilities) after having been informed of the situation. This also means that it will not be possible to register for course units and exams.
7. If an instalment cannot be debited and the student has not arranged alternative payment of this instalment in advance, all remaining tuition fees will fall due in one instalment once the student has officially been served notice of default. Payments of tuition fees will be credited to the longest outstanding instalment.
8. If the tuition fees (or an instalment) are not paid within the period of the notice of default, the case will be passed to the debt-collection agency Flanderijn (www.flanderijn.nl). All collection charges must be borne by the student.
9. If one or more instalments are paid late during an academic year, the student in question may not pay by direct debit mandate in the next academic year for which the student is registered.
10. If a student issues a direct debit mandate to the UG for an incorrect account number or an account number that is blocked or becomes blocked for direct debits from the UG, the student must supply a new account number or pay the remaining amount in one instalment.
11. If the tuition fees have not been paid in full by the end of an academic year (31 August), the student in question will not be able to register for a subsequent academic year until the outstanding amount has been paid, including any collection charges. On graduation, the degree certificate will not be issued before any outstanding tuition fees have been paid in full.
12. If a student graduates during the academic year, the degree certificate ceremony will be delayed until the student has satisfied the payment requirements.

Article 22. Payment in one instalment

1. Tuition fees can be paid in one instalment by direct debit mandate, by transfer to the UG account, by PIN or credit card at the Student Information and Administration Office in the Academy Building, or by PIN, credit card, or cash at the Cashier's Office in the Academy Building.
2. The provisions of Articles 21.4, 21.5, 21.6, 21.8, 21.9, 21.10, 21.11 and 21.12 shall apply mutatis mutandis.

3. Payment or instalments of tuition fees will be credited to the longest outstanding instalment.

Chapter 8: DEREGISTRATION AND REIMBURSEMENT OF TUITION FEES

Article 23. Deregistration on request

1. A request to deregister must be submitted before the end of the academic year. Requests received after this date will not be processed.
2. Requests to deregister must be submitted through Studielink.
3. Deregistration will take effect on the first day of the month following the month in which a request to this end is submitted.
4. A request to deregister due to graduation will come into force in the month following the month of the final assessment date, on condition that it is in the same academic year.

Article 24. Deregistration for other reasons

1. In the event of the student's death, deregistration will take effect on the first day of the month after the month in which the student died.
2. In the event of payment arrears, if an instalment cannot be debited within the term stipulated in Article 21.5 (notice of default), deregistration may take effect on the first day of the second month after this term has ended.
3. If the Board of the University decides that a student has proven unsuitable, as set out in Article 6 of these Regulations, this student will be deregistered on the first day of the month following the month in which this decision was taken. Before doing so, the Board will give the student an opportunity to be heard.
4. If the Board of the University decides to deregister a student on the grounds of contravention of the University of Groningen House Rules and General Code of Conduct, or on the grounds of fraud, deregistration will take effect on the first day of the month following the month in which this decision was taken. Before doing so, the Board will give the student an opportunity to be heard.
5. Deregistration within the meaning of Articles 24.2, 24.3 and 24.4 will not take place until the relevant student has been informed.

Article 25. Reimbursement

1. Tuition fees are only reimbursed upon deregistration.
2. Upon deregistration, one-twelfth of the statutory or University tuition fees that apply to the registration in question will be reimbursed for each remaining month of the academic year. In the case of deregistration as of 1 July, no tuition fees will be reimbursed for the months of July and August, except in a situation within the meaning of Article 24.1.
3. No reimbursement will be granted in the case of deregistration, adjustments to, or interruption of the pre-Master's programme or teaching module during the academic year, notwithstanding the provisions of Article 18.3. The amount that will be reimbursed after termination of a pre-Master's programme or teaching module will be calculated in accordance with Article 25.2, on the basis of the total amount applicable to the 60 ECTS pre-Master's programme.

NOTE: The administrative processing time for deregistering during the course of an academic year can take up to two months. If the tuition fees are being paid in instalments, a minimum of one instalment can be deducted from the student's account. Should this be the case, the amount will be recompensed in the final reimbursement payment.

Appendix 1:

REGULATIONS FOR SELECTION AND PLACEMENT

These regulations have been drawn up on the basis of Article 7.53.3 of the Higher Education and Research Act (WHW: Wet op het Hoger onderwijs en Wetenschappelijk onderzoek) relating to the design and implementation of selection for Bachelor's degree programmes with limited capacity. This is an elaboration of Chapter 7 of the WHW and the Regulations for Application for and Admission to Higher Education (Ratho: Regeling aanmelding en toelating hoger onderwijs).

In adopting these regulations, the Board of the University has taken into account the interests of prospective students from the public bodies of Bonaire, Sint Eustatius, and Saba as well as Aruba, Curaçao, and Sint Maarten.

Last modified in December 2024

Article 1 Definitions

1. For the application of these Regulations the term 'selection' is defined as:
 - Unweighted lottery
 - Selection on the grounds of at least two qualitative selection criteria, or
 - a combination of at least two qualitative selection criteria and a drawing of lots. This entails that a part of the prospective students will be selected based on at least two qualitative selection criteria and the remainder of the prospective students will be selected based on unweighted lottery. The prospective students who have not been selected based on the selection on the grounds of qualitative selection criteria may be excluded from the unweighted lottery.¹
2. For the purposes of these Regulations, the term 'programme' refers to a Bachelor's degree programme or a component within a Bachelor's degree programme that has an equal workload and provides the same level of knowledge, insight, and skills that a student should have acquired by the end of the programme.

Article 2 Determining the selection procedure and/or selection criteria

1. Each year, the Board of the University determines the selection procedure and the qualitative selection criteria or the lottery mode for Bachelor's degree programmes with limited capacity at the request of the faculty boards and after obtaining recommendations from the student section of the University Council.
2. A description of the selection procedure and the qualitative selection criteria or the lottery mode is published on the website, after it has been approved by the Board of the University and prior to the opening of the enrolment for the degree programme.
3. The Board of the University sets the number of times a candidate can participate in the selection procedure of a degree programme, with a maximum of three, and publishes this number on the website.

Article 3 Mandate selection and placement

By order of the Board of the University, the faculty boards are charged with the design and execution of the selection procedure. By order of the Board of the University, the head of the Student Information and Administration Department (SIA) is charged with the selection and placement of students, thus executing the decisions of the faculty boards to that effect.

¹ In this context, the UNL and NFU recorded in a letter to the minister that they interpret the 'lowest-scoring group' as the group that did not fulfill effort obligations in the selection procedure. See also Kamerstukken II 2022-2023, 35 765, nr. 19, p. 4.

Article 4 Application deadline

1. A candidate who wishes to participate in the selection procedure must submit an enrolment application via Studielink no later than 15 January preceding the academic year in which they wish to start the degree programme.
2. The candidate who has not made a request for registration via Studielink on 15 January at the latest and still would like to participate in a selection procedure for a degree programme at the University of Groningen can submit a request to this end to the Head of SIA.
This request must be submitted electronically via an online form developed for this purpose (<http://www.rug.nl/formulierSenP>).
3. The Head of SIA decides whether or not to grant admission to the selection procedure to candidates who submit a request to this end after 15 January.
The candidate must at least meet all of the following criteria:
 - a. candidate was demonstrably not able to submit the request for registration at an earlier date
 - b. candidate must have submitted the request as soon as possible after 15 January
 - c. the selection procedure for the degree programme the candidate wishes to follow has not yet started
 - d. Refusal to allow participation in the selection procedure would result in a situation of extreme unfairness.
4. A request as referred to in Article 4.2 must be accompanied by one or more documents providing evidence that the candidate complies with the provisions of Article 4.3.

Article 5 Participating in the selection procedure

1. A candidate who has submitted an active enrolment application for a degree programme with a selection process after the deadline of 15 January or who has been admitted to the selection process after submitting a request as referred to in Article 4.2 uses up one chance to participate.
2. A candidate who does not, or does not fully, participate in the selection procedure will not receive a ranking number. The candidate's application will be revoked. In this case, the candidate will use up one chance to participate.
3. A candidate will not use up a chance to participate if:
 - a. the request for registration for the degree programme with a selection procedure is withdrawn via Studielink no later than on 15 January
 - b. the candidate does not succeed in satisfying the entry requirements or the further entry requirements of the degree programme and submits a request in due time to cancel the chance to participate, as set out in Article 13.

Article 6 Verification of personal details

A candidate who participates in a selection procedure must, by 15 February at the latest, provide accurate personal details which can be used to verify that candidate's identity. If the candidate fails to meet this obligation, their participation in the selection procedure will end, and the candidate's application will be revoked. At that point, the candidate has used up one chance to participate.

Article 7 Cheating

If cheating is discovered or suspected in the application or selection process, a candidate is immediately excluded from further participation in the selection of the degree programme concerned for the academic year concerned and the candidate has used up one chance to participate.

Article 8 Selection procedure

1. Selection takes place in the manner determined by the faculty of the degree programme for which the candidate has applied.

2. If, after the deadline of 15 January, the number of applications is higher than the number of places available, selection will take place.
3. If the number of applications after the deadline of 15 January is lower than or equals the number of available places, no selection procedure will be held. Matching will take place instead. In this case, the rules set out in the University of Groningen Regulations for Registration and Tuition Fees will apply.

Article 9 Second chance procedure

The candidate who was unable to participate in the selection procedure may be offered a second chance if there would be a situation of extreme unfairness without this second chance opportunity. Offering a second chance opportunity is only possible if selection is based on at least two qualitative selection criteria or based on a combination of at least two qualitative selection criteria and unweighted lottery and the unweighted lottery has not taken place yet.

Article 10 Selection procedure: result and place allocation

1. On 15 April, the Board of the University will notify every candidate who took part in the full selection procedure of their ranking number. The Board of the University will allocate places to all candidates who qualify based on their ranking number.
2. Candidates must accept their place via Studielink within two weeks. An allocated place that is not accepted within two weeks will expire by operation of law.
3. When an allocated place expires, the Board of the University will offer it to the candidate with the next highest-ranking number who has not yet been offered a place in the degree programme in question.
4. Candidates who fail to accept their place in good time but still wish to participate in the degree programme in question must immediately submit a request to this end to the Head of SIA. This request must be submitted online via <http://www.rug.nl/formulierSenP>.
5. The Head of SIA decides on behalf of the Board of the University on a request as referred to in Article 10.4. A request as referred to in Article 10.4 can be granted if at least all of the following conditions are fulfilled:
 - a. The candidate was demonstrably unable to accept the allocated place in good time.
 - b. The candidate has submitted the request as soon as they possibly could after the expiration of the acceptance period.
 - c. Refusal to grant the request would result in a situation of extreme unfairness.
6. When a request as referred to in Article 10.4 is granted, the candidate in question will be offered a place for the academic year following the year that the original request for admission referred to. The head of SIA may deviate from this stipulation and decide to offer the candidate a place for the academic year that the original request for admission referred to.

Article 11 Place allocation

1. For degree programmes with limited capacity, the Board of the University will not allocate any more places than the number available for the relevant academic year.
2. The Board of the University will allocate 100% of the available places for degree programmes with limited capacity.
3. The Board of the University will continue to allocate places until all available places have been accepted and all candidates have proven that they satisfy the general and further entry requirements.

Article 12 Date to submit proof of entry requirements

1. In order to be admitted to the selection procedure, candidates must satisfy certain entry requirements, such as prior qualifications. Candidates who do not, or not yet,

- satisfy the requirements will be notified of this by the relevant faculty as soon as possible after enrolment.
2. Candidates who do not satisfy the entry requirements yet, but expect to do so between 15 July and 31 August, must submit a request for an extension of the deadline to the Head of SIA before 15 July. This request must be submitted online via <http://www.rug.nl/formulierSenP>.
 3. Contrary to the provisions of Article 12.1, the Board of the University, in consultation with the faculty board, may set a later deadline for satisfying the general and further entry requirements for candidates who have been allocated a place in a degree programme with limited capacity. This deadline will not be after 20 August.
 4. Candidates who are allocated a place after 15 July must submit proof that they satisfy the general and further entry requirements within exactly 14 days (14 x 24 hours) of receipt of their place allocation, and in any case no later than 31 August. If the candidate fails to meet this obligation, the proof of admission will expire.
 5. The Head of SIA may deviate from the stipulations of Articles 12.1, 12.3 and 12.4 and grant candidates an extension of the deadline until 31 August at the latest. If a candidate fails to prove that they have met the general and further entry requirements by the deadline, the proof of admission will expire.

Article 13 Candidate fails to obtain diploma

1. A candidate who fails to satisfy the entry requirements or the further entry requirements of the degree programme may annul the use of a chance to participate in a selection procedure. This request must be submitted to the Head of SIA.
2. This request must be submitted online via <http://www.rug.nl/formulierSenP>.
3. The candidate must submit a request as referred to in Article 13.1 before 1 September. The request will be processed no later than 1 October, unless more time is needed because extraordinary circumstances must be assessed.
4. The candidate who submits a request as referred to in Article 13.1 must accompany the request with evidence stating that the candidate was not able to satisfy the entry requirements or the further entry requirements of the degree programme.

Article 14 Entry in a higher year

1. Candidates who accept an allocated place, complete their registration, but terminate their registration after a minimum of 1 month, may register for a higher year of the degree programme in question in a subsequent academic year. The candidate retains the right of admission.
2. Candidates who accept an allocated place elsewhere and register there, may submit a request for registration in a higher year in a subsequent academic year. Such a request must be accompanied by one or more documents providing evidence that the candidate has at least met the requirements for a positive study advice for the same or a related degree programme somewhere else.

Article 15 Hardship clause

In exceptional cases, the Board of the University can deviate from the stipulations of these Regulations in favour of the candidate if application of the rules regarding selection and placement would lead to situations of extreme unfairness. The above does not apply to requests as referred to in Article 13.

Article 16 Unforeseen circumstances

In cases not covered by the stipulations of these Regulations, the Board of the University will make the decision taking into account what is stipulated in these Regulations as far as possible.

Article 17 Legal protection

1. Candidates may lodge an objection against decisions taken on the basis of these Regulations to the Board of the University via the Central Portal for the Legal Protection

- of Student Rights (CLRS: <http://www.rug.nl/education/laws-regulations-complaints/>). Objections must be lodged within six weeks.
2. If the objection is declared founded and the decision is taken to offer the candidate a place, this place will be for the academic year to which the original request for registration applied.

3. The Board will publish the selection procedure and, if applicable, the qualitative selection criteria or the lottery mode for the admission procedure in good time in the event that the number of prospective students exceeds the maximum number of students set under the provisions of Article 7.53.1. The Board must adopt regulations for the enrolment of students. In adopting these regulations, the Board of the University has taken into account the interests of prospective students from the public bodies of Bonaire, Sint Eustatius, and Saba as well as Aruba, Curaçao, and Sint Maarten.
