4. Specific selection criteria apply to the following Bachelor's degree programme, in accordance with WHW Article 6.7:
 - Liberal Arts and Sciences (University College Groningen)
5. Students who are required to participate in the matching procedure in accordance with Chapter 3 of these Regulations will not be registered for the propaedeutic phase of a Bachelor's degree programme if the department has not confirmed that the matching requirement has been satisfied.
6. All Bachelor's degree programmes at the University of Groningen have one starting date per year, namely 1 September. In certain cases the Faculty Board may grant students permission to register as of a different date. The possibilities and conditions for registration after 1 September 2016 are set out in the Teaching and Examination Regulations of the relevant degree programme.

Article 3 Admission to and registration/reregistration for a Master's degree programme – Bachelor-before-Master rule ('harde knip')

1. Students who have satisfied the entry requirements set out in the OER for that programme may be admitted to a Master's degree programme at the University of Groningen.
2. Registration for a Master's degree programme is possible only:
 - a. with a Bachelor's degree from the University of Groningen, if that Master's degree is denoted in the Master's OER as a related programme for the Bachelor's degree obtained
 - b. after completion of the relevant pre-Master's programme
 - c. with a statement of admission issued by the relevant Faculty Board, insofar as Articles 3.2.a or 3.2.b do not apply.
3. There are at least two starting dates for admission to a Master's degree programme per academic year. The first starting date this year is 1 September 2016, the second is 1 February 2017. Research Master's and selective Master's degree programmes are exceptions; these programmes may have only one

starting date, as set out in the relevant OER. This year's starting date for these programmes is then 1 September 2016.

Registration outside the starting dates is only possible following a recommendation issued by the study advisor and with the permission of the Admissions Board. The starting dates also apply to students who have been previously registered for the relevant Master's degree programme, regardless of their study progress.

Article 4 Registration procedure

1. Registration as a student at the University of Groningen is open to anyone who has been admitted to the degree programme, is over the age of eighteen and legally competent and can prove – or who is under the age of eighteen and whose parents, guardians or carers can prove – that he or she:
 - a. has Dutch nationality or is treated as a Dutch national on the basis of a legal provision
 - b. is a foreigner and younger than 18 years of age on the first day of the degree programme for which first-time registration is requested
 - c. is a foreigner, is over 18 years of age on the first day of the degree programme for which first-time registration is requested, and on that day is legally resident within the meaning of Article 8 of the Aliens Act 2000
 - d. is a foreigner and is living abroad on the first day of the degree programme for which first-time registration is requested
 - e. is a foreigner who no longer satisfies any of the conditions listed under b., c. or d., and who previously registered for a degree programme at the University of Groningen while satisfying one of those conditions, and who is still following that degree programme but has not yet completed it.
2. Requests for registration must be submitted via Studielink (www.rug.studielink.nl).

The following applies to a request for registration:

- a. applicants who have Dutch nationality, or who are treated as a Dutch national on the basis of a legal provision, must submit a copy of their passport or official identity card
N.B. Only required if central verification through the BRP is not possible.
 - b. applicants who do not fall under a. must submit a copy of their passport or official identity card and proof that they possess a legally valid residence permit
 - c. applicants must submit all documents that are requested.
3. Registration cannot take place until after a request to this end has been submitted in accordance with Article 4.2, the relevant tuition or examination fees have been paid and all other requirements for registration have been satisfied.
 4. Registration is for the entire academic year. The request for registration must be submitted and payment of tuition fees made before the start of the academic year, i.e. by 31 August 2016 at the latest. If a student does not satisfy all the registration conditions until September, registration as of 1 September 2016 is no longer possible. *Different registration deadlines apply to students who are required to participate in the matching procedure; see Chapter 3.*
 5. In addition to the previous Article, different registration deadlines apply to students with foreign qualifications who wish to start their degree programme on

- 1 September 2016. These deadlines are listed under the relevant degree programme on the University website.
6. Students who register for a degree programme and are allocated to the programme by DUO in September may register as of 1 September on condition that the confirmation of admission is executed in September and the tuition fees are paid in September.
 7. It is not possible to register with retroactive effect. In the event that registration is requested and/or tuition fees are paid after the start of the academic year, registration will apply from the first day of the month after the month in which the request was submitted and payment was received. In addition, registration after 1 September 2016 is only possible upon approval of the Faculty Board for a Bachelor's degree programme (in accordance with Article 2.6), or as of the next starting date for a Master's degree programme (in accordance with Article 3.3). The tuition fees will be reduced by a twelfth part for each month that the applicant was not registered.
 8. Students will be issued with a student card when they first register. This card will remain valid for the entire registration period. A new card must be applied for in the event that the student card is lost; there is a EUR 15 charge for this. Students can download a proof of registration free of charge from MyUniversity or Facebook.
 9. Registration for a Bachelor's degree programme after 1 February 2017 for academic year 2016-2017 is not possible for degree programmes to which a fixed quota will apply as of 1 September 2017, unless the student was previously registered for this degree programme.
 10. The tuition fees must be paid in accordance with the provisions of Chapter 7.

Article 5 Study Advice System (BSA)

1. If a student is issued a binding (negative) study advice (BSA) for a degree programme, reregistration for that programme or for the cluster of related programmes to which that programme belongs will be impossible for a period of two academic years starting on 1 September of the academic year immediately following, as set out in the BSA Manual and the Teaching and Examination Regulations of the degree programme.
2. An appeal against the BSA does not have a suspensive effect.
3. A BSA issued by a different institute of higher education will not affect registration at the University of Groningen.

Article 6 Refusal or termination of registration due to proven unsuitability (*judicium abeundi*)

1. The Board of the University may in exceptional cases refuse or terminate a student's registration if this student's acts or statements prove him/her to be unsuitable for one or more of the professions for which he/she is being trained in his/her degree programme or for the practical preparation for the profession.
2. In the event that the board of an institute of higher education other than the University of Groningen has refused a student's registration for a degree programme in accordance with the provisions of Article 6.1, and the student requests registration in a similar or related degree programme offered by the University of Groningen, Article 6.1 will also apply.

3. In the event that a student whose registration has been refused or terminated in accordance with the provisions of Articles 6.1 and/or 6.2 is registered for another degree programme that has specializations or other components similar or related to the degree programme for which registration has been refused or terminated, the Board of the University may decide to deny this student entry to the relevant specialization or other components of this degree programme.

Article 7 Damages

1. Article 15.2 WHW states that anyone who uses teaching or examination facilities without legally valid registration is liable for damages.
2. These damages amount to one-twelfth of the relevant tuition fees for each month in which the person in question has illegally used the teaching and examination facilities of a University of Groningen degree programme.
3. The damages will be charged in addition to the relevant tuition fees payable for the entire academic year.
4. Registration will take place as of the first day of the month following the month in which payment as referred to in Article 7.3 is made, bearing in mind any limitations that may apply to registration. It is not possible to register with retroactive effect.
5. Those who wish to receive a degree certificate but who have used teaching or examination facilities without legally valid registration may make a statement to the Board of the University that the procedural requirements for awarding the degree certificate have been satisfied upon payment of the amounts referred to in Article 7.3. The examinations sat by the student in order to gain the degree certificate will thus become valid.

Chapter 3 MATCHING

Article 8 Compulsory matching procedure

1. Participation in matching activities is compulsory for all new students:
 - a) who have prior qualifications in the Netherlands
 - b) who register for Year 1 of a Bachelor's degree programme
 - c) who were not admitted through a selection procedure (including decentralized selection)
2. Students in this category cannot register unless it has been confirmed in ProgressNET (the student registration system) that they have satisfied the matching requirement. This will only be the case if the student concerned has participated fully in all parts of the matching activities for the degree programme and has met all the relevant deadlines and obligations.
3. If the student has not participated in the matching activities, registration is still possible subject to the following conditions:
 - a) the Faculty Board is of the opinion that the student was unable to take part in the matching activity due to illness, pregnancy, disability, involvement in top-level sport, or another form of force majeure, or
 - b) the Faculty Board is of the opinion that failure to honour the request to register will result in a situation of unfairness of an overriding nature.

Article 9 1 May deadline for registering in Studielink

1. New students who are required to take part in matching activities in accordance with Article 8 must register for these in Studielink by 1 May 2016 at the latest.
2. If a student registers in Studielink for more than one Bachelor's degree programme, the deadline of 1 May 2016 applies to only one of the Bachelor's programmes.
3. If a student registers for a Bachelor's degree programme on time and then registers for a second Bachelor's degree programme after 1 May, the requirement to participate in matching activities will apply to this second degree programme as well. In order to enable the relevant department to organize matching activities, students must register no later than 31 July 2016 by means of a request via Studielink for the final round of matching activities.
4. The requirement to register by 1 May 2016 does not apply to students who have received a binding (negative) study advice for a WO (university) or HBO (university of applied sciences) degree programme at a time such that it was not possible to register by 1 May. However, these students will be required to participate in the matching activities for the degree programme. In order to enable the relevant department to organize matching activities, students must register no later than 31 July 2016 by means of a request via Studielink for the final round of matching activities.

Article 10 Matching: content and dates

1. All students who register via Studielink no later than 1 May 2016 will receive an e-mail with a link to a University-wide questionnaire that must be completed within two weeks of receipt.
2. As soon as the form has been completed, the students will receive information from their faculties about the subsequent procedure.

3. Students who complete the full matching procedure will receive a degree programme recommendation by e-mail within three weeks. This can be either a positive recommendation or a recommendation to reconsider their choice of degree programme. In principle, both these types of recommendation give students the right of admission to the programme to which the recommendation relates. A matching recommendation will remain valid for one year, unless specified otherwise in the Teaching and Examination Regulations of the degree programme in question.
4. All degree programmes will at the very least organize early matching activities in March/April. The regular matching activities will take place in June 2016. For all degree programmes, a final round of matching activities will be held between 1 and 22 August 2016. The registration deadline for the last round of matching activities is 31 July 2016. After this date, participation in the matching procedure – and therefore registration – is no longer possible, notwithstanding the provisions of Article 8.3.
5. The degree programmes will announce the exact dates of their matching activities by 1 January 2016 at the latest via the website: www.rug.nl/matching.
6. Only students in the following categories will be admitted to the final round of matching activities:
 - a) students who fail to gain a place by ballot or selection for academic year 2016-2017 for a degree programme with a fixed quota and/or selection procedure
 - b) students who, after taking part in a matching procedure for a degree programme, switched to another degree programme and who, given that the date on which the matching result was published elsewhere or that the matching procedure took place elsewhere, were not able to take part in the matching activities for the second degree programme in June 2016
 - c) students who registered after 1 May 2016 for a degree programme other than the programme for which they registered before 1 May and were thus not able to take part in the matching procedure in June 2016
 - d) students who received a negative BSA for a WO (university) or HBO (university of applied sciences) degree programme at a time such that it was not possible to take part in the matching procedures in March/April or June 2016
 - e) students who, in the opinion of the Faculty Board, were unable to take part in the matching activity in March/April or June 2016 due to illness, pregnancy, disability, participation in top-level sport, or other forms of force majeure
 - f) student residents of the public bodies Bonaire, Sint Eustatius and Saba, or of Aruba, Curaçao and Sint Maarten. If these students can show that they are unable to be present in person at the matching activities in June and August, the relevant departments will make arrangements that enable the students to take part in a form of study-choice activity that does not require them to attend in person.

3. Students who, at the time of registration for a degree programme, do not satisfy the conditions of Article 12.1 but during that academic year do satisfy the provisions of Article 12.1.b (nationality requirement) may submit a request to the International Service Desk (e-mail: isd@rug.nl) for the conversion of the university tuition fees into statutory tuition fees. 2. Fees will not be refunded if the student deregisters from or interrupts the pre-Master's programme during the academic year.
3. Notwithstanding Article 18.2, fees may be returned to a student who has submitted a request for deregistration via Studielink during the first three months of registration for the pre-Master's programme. The deregistration date must be no more than three months after the registration date.
4. If the student has opted to pay in instalments, the instalments will continue until the fees have been paid in full.

Article 19 **Reregistration**

2. For certain pre-Master's programmes there are progress requirements or stipulations regarding the period of time in which the programme must be completed. These restrictions are set out in the Teaching and Examination Regulations of the degree programmes. Registration can only take place once the relevant conditions have been met.
3. Students who were registered in academic year 2015-2016 and wish to reregister for academic year 2016-2017 must, in accordance with Article 19.2, request the department's permission for admission to one of the programmes offered within the faculty.

Chapter 7 PAYMENT

Article 20 Payment of tuition fees

1. The tuition fees must be paid:
 - a. in full (in one instalment), or
 - b. in several instalments.
2. Payment must be made via a direct debit mandate, via a transfer to the University of Groningen account, via iDEAL, via a debit or credit card payment at the University Student Desk in the Academy Building, or by debit or credit card payment or in cash at the Cashier's Office in the Academy Building.

Article 21 Payment in instalments

1. If the tuition fees are paid in instalments, a direct debit mandate must be issued to the University of Groningen.
2. Tuition fees paid in instalments will be debited in a maximum of 5 instalments, spread over the academic year and depending on the time of registration.
3. A one-off administration fee of € 24 will be charged for payment in instalments. This amount will be debited together with the first instalment.
4. If payment is by direct debit mandate, the signature on the mandate automatically grants approval to debit adjusted tuition fees in circumstances that affect the amount of the tuition fees due. Students will be informed of this in advance in an e-mail to the address registered with the University.
5. If an instalment cannot be debited, a term will be set within which the instalment must be paid.
6. If an instalment cannot be debited, the student in question will be excluded from the University facilities (including IT facilities) after having been informed of the situation. This also means that it will not be possible to register for course units and exams.
7. If an instalment cannot be debited and the student has not arranged alternative payment of this instalment in advance, all remaining tuition fees will fall due in one instalment once the student has officially been served notice of default. Payments of tuition fees will be credited to the longest outstanding instalment.
8. All collection charges must be borne by the student.
9. If one or more instalments are paid late during an academic year, the student in question may not pay by direct debit mandate in the next academic year for which the student is registered.
10. If a student issues a direct debit mandate to the University of Groningen for an account number that is blocked or becomes blocked for direct debits from the University of Groningen, the student must supply a new account number or pay the remaining amount in one instalment.
11. If the tuition fees have not been paid in full by the end of an academic year (31 August), the student in question will not be able to register for a subsequent academic year until the outstanding amount has been paid, including any collection charges. On graduation, the degree certificate will not be issued before any outstanding tuition fees have been paid in full.
12. If a student graduates during the academic year, the degree certificate ceremony will be delayed until the student has satisfied the payment requirements.

Article 22 Payment in one instalment

1. Tuition fees can be paid in one instalment by a direct debit mandate, or by a transfer to the University of Groningen account, via iDEAL, via a debit or credit card payment at the University Student Desk in the Academy Building, or by debit or credit card payment or in cash at the Cashier's Office in the Academy Building.
2. The provisions of Articles 21.4, 21.5, 21.6, 21.8, 21.9, 21.10, 21.11 and 21.12 will apply mutatis mutandis.
3. Payments or instalments of tuition fees will be credited to the longest outstanding instalment.

4. If the Board of the University decides to terminate a student's registration on the grounds of contravention of the University of Groningen House Rules and General Code of Conduct, or on the grounds of fraud, deregistration will take effect on the first day of the month following the month in which this decision was taken.
5. Deregistration within the meaning of Articles 24.2, 24.3 and 24.4 will not take place until the relevant student has been informed.

Article 25 Refund

1. Tuition fees are only reimbursed upon termination of registration.
2. Upon deregistration, one-twelfth of the statutory or University tuition fees that apply to the registration in question will be reimbursed for each remaining month in the academic year. In the case of deregistration as of 1 July, no tuition fees will be reimbursed for the months of July and August, except in a situation within the meaning of Article 24.1.
3. Fees will not be refunded if the student deregisters from or interrupts the pre-Master's programme during the academic year, notwithstanding the provisions of Article 18.3.
