Rosalind Franklin Commemoration Event

Next Generation Diversity

Speakers:

- > Floor Rink
- > Ingrid Molema
- > Vreneli Stadelmaier

The aim of this event is to commemorate Rosalind Franklin's contribution to knowledge, science and the condition of women academics. We want to provide an opportunity for a range of academics, including women and other diverse groups, to come together, debate, and be inspired to contribute to fair representations of gender, race, ethnic and such diversities in academia and beyond. With this occasion we also celebrate the success of Rosalind Franklin Fellowship scheme at the University of Groningen.
