

## BREAKOUT SESSION 2 ACCESSING PLANNED AND UNPLANNED HEALTH CARE IN THE NETHERLANDS FROM GERMANY

# Different situations call for different solutions

- Planned treatment

- Unplanned treatment

⇒ It's not as easy as it looks.

## 2 ways to access cross-border healthcare

**Entitlements under**

- EC Regulations No. 883/2004 and
- Directive No. 2011/24/EU

- **Both approaches have advantages and disadvantages**
- **You will find an overview of the respective advantages and disadvantages in both German and English [here](#)**

## Special features of the application of the directive in Germany

➔ **Treatments that require prior authorization in Germany must also be approved for treatment in the Netherlands.**

**You can find out which services require approval from your German health insurance provider prior to treatment in the Netherlands [here](#).**

**Checklists of what you need to bear in mind before, during, and after treatment can be found [here](#).**

## Information and Help

**Where can I get information or help if there are problems?**

- ⇒ from the statutory health insurance provider
- ⇒ from the National Contact Point for crossborder healthcare
  - Germany: [www.eu-patienten.de](http://www.eu-patienten.de)
  - In the Netherlands: Nationaal Contactpunt voor grensoverschrijdende zorg  
[www.cbhc.nl](http://www.cbhc.nl)
- ⇒ from Solvit: [https://ec.europa.eu/solvit/index\\_de.htm](https://ec.europa.eu/solvit/index_de.htm)
