

Gratama Foundation grant proposal round 2023

Application form/Cover page for funding from the Gratama Foundation 2023

Criteria

The following criteria will be taken into account when assessing applications:

- The projects must be related to teaching, pioneering research or a specific field of application, but must not be eligible for fundamental research funding.
- The faculty, research group or chair group must make a substantial contribution to ensure that the project runs smoothly and is completed successfully. At the very least they must commit to making every effort possible, such as providing man-hours (matching).
- The projects must not only be of scientific interest but also socially relevant.
- Projects with predominantly long-term personnel costs are more likely to be unsuccessful. An exception can be made for short-term projects with a specific objective. Personnel costs for current UG employees will not be reimbursed.
- The application must be written in Dutch that is understandable for the general public. Applications in English or other languages must contain a detailed summary in Dutch, which is written in such a way that the general public is able to understand it.

Attachments

You must submit your application **digitally as a single document (pdf)**.

The document **must** be structured as follows:

1. Fully completed and signed application form.
2. Summary in Dutch, maximum 1 A4 page.
3. Project proposal, maximum 5 A4 pages.
4. An itemized budget including an expenditure timetable.
5. A list of other institutions to which you have applied/will apply for a grant.
6. A signed letter from the faculty, research group or chair group about the support they will provide to the submitted research plan.
7. Concise CV.

Deadline for applications

The complete application must be sent to guf@rug.nl by **11.59 p.m. CET on 28 February 2023 at the very latest**.

You will be sent a confirmation e-mail. The results will be announced no later than 1 June 2023.
