

TEASER! Bachelor degree in Global Responsibility & Leadership

What:	Teaser programme for secondary schools
Target group:	Students in their final years of secondary education (5/6 VWO)
Goal:	To familiarise students with the GRL bachelor

Students make their decision to apply for a certain undergraduate programme primarily based on a topic of interest ("something with" psychology or economics). Yet it is important for them to know what a programme exactly entails before they decide to enrol. Our teaser programme is in line with that exact question. We offer an interactive guest lecture in which secondary school students get acquainted with the content and the format of education at University College Fryslân (UCF).

Bachelor programme Global Responsibility & Leadership

Current students are, more than previous generations, concerned with global challenges. They increasingly seek study programmes with a focus on solving real-world problems and on having global impact. These challenges are reflected in the Sustainable Development Goals (SDGs) of the United Nations, which are the foundation of our bachelor programme. Today's challenges reflect the dynamic and complex state of world affairs and require sustainable solutions as well as individuals who are able and not afraid to think across different disciplines. This is what we teach our students in the interactive and ambitious new GRL programme at UCF in Leeuwarden.

Teaser programme at your school

We have developed a dynamic guest lecture in which we start with an interactive quiz that motivates students to think about current day challenges. Next, they get to work in groups with a "Sustainable Development Challenge" where they discuss different SDGs and relate them to their local environment, similar to the way we do this at UCF. As such, we familiarise students in a playful and meaningful way with the content of the GRL programme.

The theme of the challenge and the length of the guest lecture is determined in consultation with you. The guest lecture can be fitted to your class schedule, for example during a philosophy, English or career-orientation class. Please contact Donna Noonan via ucf-grl@rug.nl for further information.

De teaser is ook in het Nederlands beschikbaar.
