The evaluation of personal circumstances will also take into account the student's study behaviour, the agreements made and any study plan drawn up in consultation with the academic advisor, when the personal circumstances were reported and the study results achieved by the end of the first year of study.

2. Students must report personal circumstances to the academic advisor as soon as possible in order to ensure optimum support. The Faculty Board will make a decision in response to a student's request for a postponed advice and possibly an adapted BSA threshold. Students must also report to the academic advisor as soon as possible if they are unable to complete the study plan drawn up in consultation with the academic advisor and based on the original or adapted BSA threshold.
3. If no assessment can be made at the end of the first year with regard to a student's suitability for the degree programme due to personal circumstances as referred to in Article 5.4.1, the assessment may be postponed until a later date within the propaedeutic phase.

Article 5.5 – Procedure for issuing a definitive study advice

1. A definitive study advice / binding (negative) study advice is issued by the Faculty Board on behalf of the Board of the University. The decision will also state the applicable safeguards of legal rights.
2. Before a binding (negative) study advice is issued, students will receive notice of the intention to issue one, after which they will be given the opportunity to put their case to the Faculty Board or its representative.

Article 5.6 – Consequences of a binding (negative) study advice

1. Students who have received a binding (negative) study advice may not register for the degree programme, for a period of 2 consecutive years from 1 September of the next academic year.
2. Students who have been issued a binding (negative) study advice are not permitted to follow course units in this degree programme via a different degree programme or educational institution in order to avoid the consequences of their binding (negative) study

Article 5.7 – Consequences of a positive study advice

1. Holders of a positive study advice from the degree programme in question at the University of Groningen will be admitted to the post-propaedeutic phase of the degree programme.
