# We are Nido

## Welcome to your Nido.

We're a bit different to the traditional student accommodation in Groningen. Our eyes are on the future. Not of our business, but of the planet and its people. We know that those who live with us will shape tomorrow. You're going to make the world kinder, more sustainable, healthier and smarter.

The city is powered by and for students and the high number of students living in Groningen makes it the youngest city of The Netherlands. All those young vibes create a huge student community full of brilliant minds that will make a change in the world. We think we'll fit right in to this diverse and community minded city with our vision for sustainable and community living. Nido Groningen offers brand new studios with all bills included, social and study spaces, fitness area and events throughout the year.

Join us for the student year of your life.

# Rooms to suit everyone

We think a lot about the design of your studio. Everything from maximising space with smart storage or making sure there are plugs near the mirrors, each is carefully and thoughtfully designed for student life. Your studio room comes with a stylish bathroom and kitchenette equipped with everything you need.

We have a wide range of studio types, so you can choose the room that is right for you. Whether you prefer lots of space so you can practise a bit of early morning yoga, or are happy with a cosier room so you can spend the extra on a night out, we have a room that is ideal for you.

# The Nido difference

Most student property brands are as good as each other. Great rooms, fast WiFi, comparable pricing, easy locations.

We offer security, prompt service and cool common areas... and we deliver. You've got lots of choice. We listen to what students want in the places they live, and then we deliver it to them. Our actions as a business are guided by their hope and vision. This is the Nido difference.

We focus on 4 things: **Community, Design & Technology, Sustainability and Wellbeing**, everything we do as a business has these in mind.

Nido is known for its exceptional student experience (if we do say so ourselves), so if you're looking for a social, creative and unforgettable student experience, you've come to the right place. From puppy therapy, breakfast clubs & bring a dish dinners to yoga classes & pop up plant shops, our award-winning all-year-round event programme ensures Nido feels like home from the moment you arrive at the welcome party.

## Events you can look forward to:

Virtual Welcome Event

Yoga Class

Virtual Bingo

Bring a dish dinner

# Virtual Events

Our events don't just stop within the residences themselves.

We recently opened up a programme of over 70 events to anyone and everyone that wants to take part with our virtual events. Whether you're interested in Yoga and Meditation classes, or you've always wanted to play an instrument with our Guitar Masterclass, there's an event live out there for everyone. All you need to do is mark your favoured events in your calendar, and head to our Instagram account [@nidostudent\\_nl](#) to take part also check out our blogs for more content [here](#).

# Brand Partners

Alongside our events platform, Nido Student works with 80+ local, national and charity partners nationwide providing students with exclusive deals and discounts during their stay with us. From partnering with green giants like Patch Plants, or encouraging sustainable transport with Lime Bikes, to raising awareness for mental health in students with Time to Change and supporting the UK's largest youth homeless charity, Centrepoint. We're proud to work with all of our partners.

We've partnered with Centrepoint, Code Your Future, YPTE and Time to Change, raising awareness of their amazing causes and donating £20,000 to help support. We also connect up these organisations with our students for volunteering and employment opportunities. Instilling a Nido culture in residences across Europe, a culture that cares for its community, its environment and its health.

# What our residents have to say

It begins in Nido. Our residents tell us what's important and we make it happen. Our actions as a business are guided by their hope and vision. We listen, we combine the best and keep innovating. Each Nido is created with this philosophy in mind.

## Jasmin Naomi Francis

From the first moment I walked in I felt welcomed, well informed and well prepared for life at this accommodation. This is my third year in this building and I love it! It is clean (very important), friendly and there are events every month for us to meet new people and have new experiences.

## Mireia Simó

A place where you can feel like home. I stayed at Nido during my exchange studies and I couldn't have made a better decision. The place has a really friendly vibe and the staff always help you out with anything you need. Moreover, is really clean and cosy. It feels good to arrive to a new city and find a place where you can feel like home.

## Meera Patel

Nido is home. This is my 3rd year at Nido and I love it. The location is perfect, it has everything available near the accommodation. The staff are so good, so friendly and fun loving. I would recommend Nido to my friends and family.
