

Library basics

All you need to know for a successful start of your study in Groningen

Where the Shhh happens ...

rug.nl/library/basics

Where is the library?

We're in the city centre, Broerplein, across the Academy Building. We have a library at the Zernike Campus as well. *The library is also called "The UB".*

Do I need a library card?

You need your student card to enter the library, for borrowing books and for entering a pre-booked studio.

Study place: make a reservation!

If you want to study at the UB, you need to make a reservation for a table or a pc upfront. There are also studios available.

How can I borrow books?

We have an online catalogue which shows you our collection (printed and online), and tells you how to access or borrow publications.

What about off-campus access?

We have millions of online books, articles and other publications. You can access these from anywhere, simply by logging in with your university account.

Can I get a coffee?

There are coffee corners on each floor. You can top up credits on your student card to buy coffee, or use your debit card.
