## General info Groningen

The Social Hub Groningen is a hotel where travellers, locals, and students get together to learn, stay, work and play. Whether you're looking for a room for a day to a year, a space to host your next meeting or event, The Social Hub has spaces for all your needs. Spanning almost 14,000m<sup>2</sup>, The Social Hub Groningen is one of the largest redevelopment projects in

Groningen's creative quarter, Ebbinge. Since hosting a World Exhibition in 1903, the district has established itself as a hub for a combination of the arts and industrial activity. Within walking distance of the city centre and green park, Noorderplantsoen is an up-and-coming neighbourhood home to a mix of start-ups, students, internationals, and new co-living and

co-working communities. Known for new social developments, such as modern residential communities, communal gardens and rooftops, The Social Hub Groningen occupies one of the best spots in the city.
