# At home in Groningen

The website [www.athomeingroningen.com](http://www.athomeingroningen.com) is an initiative by Groningen municipality, University of Groningen and Hanze University of Applied Sciences and provides information on housing and living in Groningen, how to find a room, financial aspects, legal matters and your address registration with the municipality.

The site gives links to major providers of rooms for students in the city and to websites most frequently used. Since summer 2018 private rooms for international students are published on this website and you will be able to search for a room to rent.
