

Book Sale

Introduction

As a member of study association Cover, you will receive a special discount on the books you need for your studies! The books will be ordered at [Studystore](#), and you will get the same customer support and experience you will have as a direct customer. As a bonus, the books will be delivered to your home, so there is no need to carry a bunch of books.

We will select the books you need each period, so you won't even have to check which books you actually need. Additionally, if you sign up for the book sale newsletter you will be notified when it's time for you to order the books you're going to need next period. You can do so through your profile settings on the [Cover website](#).

How to order your books

Step 1: Become a Cover member

In order to benefit from the discount we offer, you need to be a member of the study association. You can sign up on the [website](#). Your membership fee is only €10 per year, so it would already benefit you after the first time you order your books. Alternatively, you can sign-up during the Kick-off Week, Introductory Camp or at any time in the year! Naturally, the book sale is only a very small portion of all the benefits from being a member Cover!

Step 2: Place your order

Visit www.svcover.nl/books. Simply select your study, study year and the period (block 1). That should provide you with an overview of the books you need. Make sure to double check this with the literature listed on [Ocasys](#), the system that lists your mandatory and optional courses and the descriptions for said courses. Just in case, the required literature for the first period is listed at the end of this document.

Step 3: Do the payment

Make sure that you fill out all the required information. Please note that your account for this website is not the same as your account for Cover. Finally, you can make the payment through iDeal, a Dutch system for online payments. You can use this system even without a Dutch bank account. In case you do not have a Dutch address yet, please contact the board at education@svcover.nl.

Step 4: Receive your books

Sit back and relax! PostNL will deliver your package in due time. You will receive a track and trace code which allows you to track your delivery (they even have an app!)

Some useful information
