Subject
 Scheduling request

Dear members of the EMT,

The Programme Board has approved the attached schedule grid for all teaching within the Biology programmes for 2022-2023. The Programme Board of Biology has also decided that on December 23rd 2022 and Friday May 19th 2023 no on-site teaching nor will any exams (on-site as well as online) be offered to students of any of the Biology programmes. These dates precede or follow a National Holiday. Teachers are free to schedule online sessions, if needed.

We strongly feel we need to facilitate international students by giving them the possibility to both travel and follow online teaching, given the high percentage of international students in our programs. The Programme Board realizes that these two days will not be compensated in any way.

Kind regards,

Prof. dr. M.J.E.C. van der Maarel
 Chair Programme Board Biology

Life Sciences 2022/2023

Schedule grid for: BSc biology, MSc E&E, BiMoS, MB, Biology, BMS and BCN.

Note: on December 23rd 2022 and Friday May 19th 2023 no on-site teaching nor any exams (on-site as well as online) will be offered to students. Teachers are free to schedule online sessions, if needed.

Period Ia

S+		MON	TUE	WED	THU	FRI
