"EUREGIO: A global input-output database with regional detail for Europe (2000-2010)"

This paper provides detailed information about the sources of data and construction procedures for the EUREGIO database, which has been used in

Wen Chen, Bart Los, Philip McCann, Raquel Ortega-Argilés, Mark Thissen and Frank van Oort (2017), "The continental divide? Economic exposure to Brexit in regions and countries on both sides of the Channel", *Papers in Regional Science*, forthcoming.
