SECTION 5  BINDING STUDY ADVICE

Article 5.1 – Preliminary study advice
1. Halfway through the first semester of the first year of registration in the propaedeutic phase of the degree programme, students will receive a study progress overview specifying the student workload realized thus far. Additional study progress overviews will be sent to students later in the academic year.
2. Students will receive a written preliminary study advice as soon as possible after the first semester, and in any case before 1 March.
3. The preliminary study advice should be considered a warning if there is a question of insufficient study progress, giving students the chance to improve their performance.
4. If the study progress is insufficient to such an extent that the student cannot reasonably be expected to satisfy the conditions for receiving a positive study advice within the meaning of Articles 5.2.2 a and b, they will be invited to a meeting with the study advisor. The aim of the meeting is to discuss the student’s study habits, to reassess the choice of degree programme, and if necessary to refer them to a different degree programme.

Article 5.2 – Definitive study advice
1. Students must earn at least 45 ECTS credit points in their first year of registration in the propaedeutic phase of the degree programme. This is known as the BSA threshold.
2. A definitive study advice is issued at the end of the first year of study, by 31 July at the latest. This can be either:
   a. positive, for students who have earned at least 45 ECTS of the propaedeutic programme
   b. negative, for students who have earned fewer than 45 ECTS in the propaedeutic programme. This study advice is binding for students (BSA) in accordance with Article 7.8b, part 3 of the Act.
3. In the event that the preliminary study results are insufficient to such an extent that the student cannot reasonably be expected to pass the 45 ECTS threshold by the end of the first year of study, a binding (negative) study advice may be issued subsequently to the preliminary study advice as referred to in Article 5.1 before the end of the academic year. This may also be at the request of the student. The procedure set out in Article 5.5 will apply.

4. a. The Faculty Board will take extraordinary personal circumstances as referred to in Article 5.4 into account in its decision on which study advice to issue in the first year of registration.
   b. Notwithstanding the stipulations in Article 5.2.2, if no assessment can be made with regard to a student’s suitability for the degree programme due to personal circumstances in the first year, the assessment may be postponed until a later date within the propaedeutic phase.
   c. The BSA threshold can be lowered in the case of structural circumstances, such as in the case of functional impairment.

Article 5.3 – Exceptions to the definitive study advice

Multiple degree programmes at the University of Groningen

1. Students who are registered for the propaedeutic phase of 2 or more University of Groningen degree programmes in their first year of registration and by the end of the year satisfy the BSA threshold as referred to in Article 5.2.1 for one degree programme will not have to satisfy the BSA threshold for the other programme(s) in that year. Once a student has successfully completed the propaedeutic phase of one degree programme, he or she is exempt from the BSA requirements for all other programmes.

Propaedeutic certificate previously gained

2. Students who have already completed the propaedeutic phase of a degree programme at the University of Groningen or another Dutch university, or (for degree programmes that do not issue propaedeutic certificates) in the opinion of the Board of Examiners have earned 60 ECTS credit points in the first year, will not fall under the BSA system for the degree programme for which they enrol in the propaedeutic phase.

Deregistration before 1 March

3. No definitive study advice will be issued to students who submit a request for deregistration before or as of 1 March of the first year of registration. The procedure set out in Article 5.1 will apply again to students who re-register in a subsequent academic year. The BSA regulations for the academic year in which they re-register will then apply.

Deregistration before 1 March + registration as of 1 February

4. Article 5.2 applies in full to students who deregister from a degree programme before 1 March and register for a degree programme in the same degree programme cluster, as of 1 February of the same academic year.

5. Article 5.2 applies in full to students who deregister from the full-time variant of a degree programme before 1 March and register for the part-time variant of the same degree programme or a programme in the same degree programme cluster, as of 1 February of the same academic year.
Registration as of 1 February
6 An adapted BSA threshold will apply to students who register for a University of Groningen Bachelor’s degree programme as of 1 February and have not previously been registered as students in the same academic year. These students must earn 20 ECTS from the second semester of the propaedeutic phase of the degree programme by the end of the second semester of the first year of registration. In all other cases, the provisions of Article 5.2 will apply mutatis mutandis.

Article 5.4 – Extraordinary circumstances
1. When deciding whether to issue a binding (negative) study advice, the Faculty Board will take a student’s extraordinary or personal circumstances into account at that student’s request. The Faculty Board can thereupon decide to adjust the BSA threshold or postpone issuing a study advice. The evaluation of extraordinary circumstances will also take into account the student’s study behaviour, the agreements made and any study plan drawn up in consultation with the study advisor, when the personal extraordinary circumstances were reported and the study results achieved by the end of the first year of study.
2. Students must report extraordinary circumstances to the study advisor as soon as possible after arising in order to ensure optimum support. The Faculty Board, or the Faculty BSA Committee on its behalf, will make a decision in response to a student’s request for a postponed advice or an adapted BSA threshold. Students must also report to the study advisor as soon as possible if they are unable to complete the study plan drawn up in consultation with the study advisor and based on the original or adapted BSA threshold.
3. Only in the case of extraordinary circumstances as referred to in Article 5.4.1 can, if no assessment can be made at the end of the first year with regard to a student’s suitability for the degree programme, this assessment be postponed until a later date within the propaedeutic phase.
4. Postponed advice will be issued no later than by the end of the second year of registration for the degree programme, and no later than 31 July.
   a. The advice will be positive if the (possibly adapted) BSA threshold has been passed.
   b. The advice will be negative (and binding) if the student in question still fails to pass the (possibly adapted) BSA threshold in the propaedeutic phase.
5. All students whose study advice has been postponed (whether or not combined with an adjustment of their BSA threshold) must draw up a study plan in consultation with their study advisor, comprising at least the following:
   a. the propaedeutic course units that have not yet been passed, with a related time line
   b. the post-propaedeutic course units that may be followed in addition to the course units listed under a.
6. Circumstances as referred to in Article 5.4.1 do not automatically lead to a successful application for a grant from the Graduation Fund.

Article 5.5 – Procedure for issuing a definitive study advice
1. A definitive study advice is issued by the Faculty Board on behalf of the Board of the University. The decision will also state the applicable safeguards of legal rights.
2. Before a binding (negative) study advice is issued, students will receive notice of the intention to issue one, after which they will be given the opportunity to put their case to the Faculty Board or its representative.
Article 5.6 – Consequences of a binding (negative) study advice
1. Students who have received a binding (negative) study advice may not register for the degree programme, or for any other degree programme in the cluster of related degree programmes for a period of 2 years from 1 September of the next academic year.
2. Students who have been issued a binding (negative) study advice are not permitted to follow course units in this degree programme via a different degree programme or educational institution in order to avoid the consequences of their binding (negative) study advice. No exemptions will be granted for course units completed in this way, nor will such completed course units be recognized within the framework of the degree programme in any other way.

Article 5.7 - Consequences of a positive study advice
1. Holders of a positive study advice for the degree programme in question at the University of Groningen will be admitted to the post-propaedeutic phase of the degree programme.
2. Notwithstanding Article 5.7.1, the requirement that a previous course unit must have been successfully completed may apply to some course units. This compulsory order of course units is set out in OCASYS and in Article 9.3 of these Teaching and Examination Regulations.
3. The admission does not apply to the Minor of the degree programme. For this, completion of the entire propaedeutic phase is a requirement.

SECTION 6 ADMISSION TO THE POST-PROPAADEUTIC PHASE OF THE DEGREE PROGRAMME

Article 6.1 – Criteria for admission to the post-propaedeutic phase
The following may be admitted to the post-propaedeutic phase, after consideration by the Admissions Board:

4. If an examination is taken in a form other than oral or written, the Board of Examiners will determine in advance how and when students will receive written confirmation of the result.
5. The written confirmation of the result of an examination will inform students of their right of inspection, as stipulated in Article 9.15, as well as of their right to appeal.
6. Students can lodge an appeal against the results of an examination with the Central Portal for the Legal Protection of Student Rights (CLRS) within 6 weeks of the date on which the result was announced.

Article 9.14 – Validity of course units
1. Completed course units remain valid indefinitely.
2. a. Contrary to the provisions of Article 9.13.1, the Board of Examiners may decide that the validity of a course unit is limited. The Board of Examiners can only decide that a course unit is no longer valid if the student’s skills and knowledge are demonstrably outdated. The Board of Examiners may then decide to require a student to take a supplementary or substitute examination before allowing that student to progress to the final assessment.
b. In the event of extraordinary personal circumstances the validity term will be extended to include the period during which the student in question receives support from the Graduation Fund.

3. Partial examinations and assignments passed within a course unit that has not been successfully completed will lapse at the end of the academic year in which they were passed.

Article 9.15 – Right of inspection
1. On request, students have the right to inspect their marked work during a period of at least 42 days after the results of a written examination have been made known. If the student makes use of this opportunity, the student may request a copy of their completed written examination at the cost price.
2. Within the time frame stipulated in Article 9.14.1, any participant in the examination may request to be allowed to peruse the examination paper and the assessment criteria.
3. The Board of Examiners can determine that this inspection or perusal will take place at a certain place and at two set times at least.
   Students who can show that they were prevented by force majeure from attending at the indicated places and times will be offered another opportunity, if possible within the period stated in Article 9.14.1.

Article 9.16 – Board of Examiners and examiners
1. The Board of Examiners is the independent body that determines whether individual students have the knowledge, understanding and skills required to be awarded a degree.
2. The Faculty Board appoints the members of the Board of Examiners on the basis of their expertise in the field of the degree programme (or cluster of degree programmes) in question.
3. The Board of Examiners must comprise at least:
   a. one member who is a lecturer in the degree programme
   b. one member from outside the degree programme
4. Members of the (Faculty) Board or other people who have financial responsibilities within the institution may not be appointed as members of the Board of Examiners.
5. The Board of Examiners will appoint examiners to set examinations and determine the results.
6. The Board of Examiners must set out the Rules and Regulations of the Board of Examiners for assessing and determining the results of examinations and final assessments.

Article 9.17 – Cheating and plagiarism (see appendix 6)
1. Cheating is, whether or not on purpose, an act or omission by a student designed to partly or wholly hinder the forming of a correct assessment of his or her own or someone else’s knowledge, understanding and skills.
2. Cheating also includes plagiarism, which means copying someone else’s or your own work without correct reference to the source.
3. If a student cheats, the Board of Examiners may exclude that student from participation in one or more examinations or final assessments for a maximum of one year.
4. In serious cases of cheating, the Board of Examiners can request to the Board of the University to permanently terminate a student’s registration in the degree programme.
5. The Board of Examiners will set out its course of action in the event of cheating in its Rules and Regulations.
6. Students are required to give the University permission to use a plagiarism scanner to check their theses and written assignments for plagiarism. Each student is individually responsible for maintaining academic integrity.
Article 9.18 – Invalid examination
In the event of irregularities with regard to an examination that are so serious that an accurate assessment of the examinee’s knowledge, understanding and skills cannot be made, the Board of Examiners may declare the examination invalid for either an individual examinee or a group of examinees. The stipulations in the Rules and Regulations of the Board of Examiners also apply.

Article 9.19 – Termination of registration (Iudicium Abeundi)
1. In extraordinary cases of reprehensible behaviour and/or statements made by a student, the Board of the University or the Faculty Board, terminate that student’s registration.
2. The Board of the University will not make a decision as referred to in Article 9.19.1 until after the student in question has been given an opportunity to put forward their case, any interests of the student and the institution have been carefully assessed and it has been proven reasonable to assume that the student’s behaviour and/or statements prove them to be unsuitable for one or more of the professions for which they is being trained in their degree programme, or for the practical preparation for that profession. In such cases the Faculty Board, the Board of Examiners and the Board of the University will follow the Protocol Iudicium Abeundi [protocol for termination of registration] as approved by the Nederlandse Federatie van Universitaire Medische Centra [Netherlands Federation of University Medical Centres] on 1 November 2010.
3. The stipulations in the University of Groningen Regulations for Registration and Tuition Fees 2021-2022 apply.

SECTION 10 FINAL ASSESSMENT

Article 10.1 – Final assessment
1. The degree programme is concluded with a final assessment.
2. On the condition that the student’s study programme has been approved, the Board of Examiners will determine the result of the final assessment as soon as the student has passed all the required examinations. The Board of Examiners may define terms to this end. The result of the final assessment indicates that the student has acquired the necessary academic training. The Board of Examiners will issue a degree certificate indicating this.
3. If a student fails to meet the relevant deadlines for approval of the study programme referred to under Article 10.1.2, the Board of Examiners may postpone their graduation date. This date may then be in the academic year following the year in which the last examination was passed.
4. Before the final assessment can be determined, the Board of Examiners may decide to test the student’s knowledge of one or more course units or components of the degree programme, if and inasmuch as the marks for these course units provide a reason for doing so.
5. By determining the result of the final assessment, the Board of Examiners also commits itself to a speedy processing of the degree certificate ceremony.
6. If a student wishes to postpone the date of graduation due to extra examinations that still need to be taken, they must submit a request to this end to the Board of Examiners no later than two weeks after the determination of the final assessment date.
7. The graduation date is the date on which the final assessment is passed, as determined by the Board of Examiners in accordance with the provisions of Article 10.1.2, and not the date on which the degree certificate is presented to the student.
8. The successfully passed final assessment as referred to in Article 10.1.1, and all assignments submitted within the framework of this assessment, will be kept on file by the Faculty Board for a period of at least 7 years. This is also applicable to the recording of oral exams.

**Article 10.2 – Course units completed elsewhere**

2. A Bachelor’s degree can only be awarded if at least half of the course units of the degree programme were offered by the degree programme during the student’s period of registration as a student at the University of Groningen.

3. a. For Double Degree Bachelor’s degree programmes offered together with an institution abroad, at least one quarter of the programme must have been followed at the degree programme during the student’s period of registration as a student at the University of Groningen.
   
   b. the provisions of article 10.4 regarding the thesis needs to be taken into account.

**Article 10.3 – Degree certificate**

1. Students will receive a certificate issued by the Board of Examiners as proof that they have passed the final assessment. Even if a student successfully completes more than one track or specialization within a degree programme, he or she will receive only one degree certificate. Article 3.5 applies.

2. The Board of Examiners will issue an International Diploma Supplement with each degree certificate.

3. If relevant, the results achieved in the Bachelor’s Honours Programme will also be listed on the Diploma Supplement that accompanies the Bachelor’s degree certificate.

**Article 10.4 – Degree**

1. Students who have successfully passed the final assessment are awarded the degree of ‘Bachelor of Arts’.

2. The degree awarded will be indicated on the degree certificate.

**Article 10.5 – Honours (‘Cum Laude’/’Summa Cum Laude’)**

1. The Board of Examiners will determine whether or not the Bachelor’s degree certificate will be awarded an honours predicate.

2. The following conditions apply:
   
   a) The mark for the thesis must satisfy the following minimum conditions:
      
      i. ‘Cum laude’: the mark for the thesis must be at least 8.0
      
      ii. ‘Summa cum laude’: the mark for the thesis must be at least 9.0.
   
   b) The weighted average (not rounded off) for all course units, excluding the thesis, within the examination programme approved by the Board of Examiners must be
      
      i. greater than or equal to 8.0 for ‘Cum laude’
      
      ii. greater than or equal to 9.0 for ‘Summa cum laude’.

3. No honours are awarded if the student workload of the exemptions in ECTS credit points is more than half the total number of ECTS for the degree programme. This stipulation does not apply to Double Degree programmes.

4. Honours may only be awarded if the examinations for the course units were taken only once.

5. Honours may only be awarded if no single course unit was awarded a mark less than 7.0.

6. No honours will be awarded if a decision by the Board of Examiners has been taken to the effect that a student is no longer eligible for an honours predicate because cheating/plagiarism has been detected.
7. In certain circumstances, the Board of Examiners may depart from the provisions set out in Articles 10.5.2-6.

**Article 10.6 – Assessment Plan**

An Assessment Plan has been approved by the Faculty Board. This assessment plan is a component of the Teaching and Examination Regulations (see appendix 7) and comprises:

1. the learning outcomes of the degree programme
2. the course units of the degree programme and the learning outcomes of each course unit
3. the relationship between course units and learning outcomes
4. the assessment mode to be used and the test moments for each course unit
5. the test design and assessment procedures and assessment criteria used
6. right of inspection
7. who is responsible for the implementation of the various components of the assessment policy
8. the method of regular evaluation.

**SECTION 11 STUDY PROGRESS SUPERVISION**

**Article 11.1 – Study progress administration**

The Faculty Board bears the responsibility for administrating the individual study results of all students, and at least twice a year and on request provides students with an overview of their study results.

**Article 11.2 – Study progress supervision**

The Faculty Board is responsible for the organization of the introduction and the study progress supervision for students enrolled in the degree programme, partly to promote their progress and partly with a view to potential study options within and outside the degree programme.

**SECTION 12 TRANSITIONAL AND FINAL PROVISIONS**

**Article 12.1 Transition from ‘old style’ to ‘new style’**

Students who, immediately before the introduction date of these regulations, were registered without interruption for the Bachelor's degree programme Theology (programme before 1 September 2016) may participate in the Bachelor's degree programme Theology (programme as of 2016-2017) in accordance with these Teaching and Examination Regulations with the approval of the Board of Examiners and on the following conditions:

a. prior results must dovetail with the Bachelor’s degree programme Theology. The Board of Examiners will base its decisions in this regard on the course units listed in Appendix 8 of these Regulations;

b. participation is possible insofar as the introduction of the degree programme and the examinations according to these regulations allow this;

c. participation is possible to the extent that a student is definitively admissible to the Bachelor’s degree programme in accordance with Article 2.1.1. and 2.1.2.
Article 12.2 – Amendments
1. Any amendments to these Regulations will, following a recommendation by and/or upon the approval of the Programme Committee and in consultation with – and where necessary upon the approval of – the Faculty Council, be confirmed by the Faculty Board in a separate decree.
2. Any amendments to these Regulations will not apply to the current academic year, unless it may reasonably be assumed that the amendment in question will not harm the interests of students.
3. In addition, an amendment may not influence any other decision concerning a student taken by the Board of Examiners under these Regulations to the disadvantage of that student.

Article 12.3 – Publication
1. The Faculty Board will duly publish these Regulations as well as any amendments to them.
2. Copies of these Teaching and Examination Regulations are available from the Faculty Office. These documents can also be found on the Faculty website via the Student Portal or via https://www.rug.nl/ggw/education/studyguide/.

2. The Faculty Board evaluates the teaching in the bachelor’s degree programme as follows:
   - course unit evaluations
   - programme evaluations

Article 12.5 – Date of commencement
These regulations will take effect on September 1, 2021.

Appendix 6 Regulations concerning cheating and plagiarism

1. Cheating and plagiarism are acts or omissions, regardless of whether these are intentional, by a student designed to partly or wholly hinder the forming of a correct assessment of their own or someone else’s knowledge, understanding and skills (see the Teaching and Examination Regulations, Article 9.16).

2. Cheating includes acts such as the following:
   - Cheating during an examination. Anyone who deliberately enables someone else to cheat is considered complicit;
   - Bringing aids (pre-programmed calculators, mobile phones, books, syllabi, notes, etc.) to the examination, consultation of which is not explicitly permitted;
   - Having others complete an assignment or part thereof on one’s behalf;
   - Taking possession of the relevant exam questions or assignments before the date or time of the examination;
   - Faking questionnaire or interview answers or research data;
   - Copying fellow students’ work and presenting this as one’s own work;
   - Resubmitting assignment that have been awarded marks in a previous course unit;
   - Submitting assignments acquired from a commercial institution or written by someone else (whether paid for or not).

3.a Plagiarism is a specific type of fraud, where in a thesis or other assignment data or sections of one’s own or someone else’s work are copied without properly referring to the source.

   Plagiarism includes acts such as the following:
   - Copying text from digital sources such as encyclopaedias or digital journals without using quotation marks or references;
   - Copying text from the internet without using quotation marks and references.
   - Copying text from printed media such as books, journals or encyclopaedias without using quotation marks or references;
   - Including translations of texts such as the ones listed above without using quotation marks or references;
   - Paraphrasing texts such as the ones listed above without properly acknowledging the source – a paraphrase must be indicated as such, by explicitly linking the text to the original author in either the body of the text or a note, to prevent the impression being formed that it represents the student’s own ideas;
   - Copying video, audio or test material from others without mentioning the source and thus presenting it as one’s own work;
   - Submitting previously submitted own work without stating the source and presenting it as original work produced for the course unit in question, unless the course unit or the lecturer explicitly permit this;
   - Copying fellow students’ work and presenting it as one’s own work. A student who gives a fellow student permission to copy their work is considered complicit to plagiarism;
   - If one of the authors collaborating on a joint assignment commits plagiarism, the other authors are complicit to this plagiarism if they could or should have known that the other author was committing plagiarism;
   - Submitting assignments acquired from a commercial institution (such as a website containing extracts or papers) or paying someone else to write them.

3.b Electronic detection programs may be used to detect plagiarism in texts. When submitting a text, the student in question implicitly grants permission for the text to be included in the database of the relevant detection program.

4. Lecturers are required to report suspected cases of cheating and plagiarism.
   a. If an act of cheating or plagiarism has been detected or is suspected, the Board of Examiners will launch an investigation, during which the student and the lecturer will be heard.
   b. The Board of Examiners will then determine whether an act of cheating or plagiarism has been committed.
5. Once cheating or plagiarism is detected, the Board of Examiners will take the following measures:
   a. In all cases:
      - declare the assignment or examination invalid
      - issue a reprimand, which is recorded in the student’s file
   b. In certain cases, depending on the nature and extent of the cheating or plagiarism, and on the study phase of the examinee, one or more of the following sanctions:
      - expulsion from the course unit
      - denial of permission to participate in examinations or other modes of assessment relating to the relevant course unit for the current academic year, or for a period of 12 months
      - denial of permission to participate in all exams or other modes of assessment for a period of 12 months
   c. If the student has already been reprimanded in the past: denial of permission to participate in all exams or other modes of assessment for a period of 12 months.
   d. In the event of very serious cheating or repeated cheating, the Board of Examiners may propose to the Board of the University that the student’s registration be definitively terminated.

6. The term ‘Board of Examiners’ refers to the Board of Examiners of The Faculty of Theology and Religious Studies.

7. The term ‘examination’ or ‘exam’ refers to the assessment (including marking) for each course unit of students’ knowledge, understanding or skills.

These Regulations took effect on 1 January 2019 and may be cited as the ‘Regulations concerning cheating and plagiarism’ of the Faculty of Theology and Religious Studies.
