Appendix 1: Degree programme-specific Teaching and Examination Regulations
Appendix 2: Faculty of Behavioural and Social Sciences Regulations for Bachelor’s and Master’s theses

The Teaching and Examination Regulations (OER: Onderwijs-en Examenregeling) set out the specific rights and obligations that apply to each degree programme taught at the University of
Groningen, for both the students and the degree programme. The University-wide section of the Student Charter sets out the rights and obligations that apply to all students.

These Regulations were decreed by the Faculty Board on April 22 of 2021 and approved by the Faculty Council on April 20\textsuperscript{th} of 2021.
1 General provisions

1.1 Applicability of the Teaching and Examination Regulations
1. These Regulations apply to the teaching, examinations and final assessments of the Bachelor’s degree programmes in Pedagogical Sciences (CROHO 56607), Psychology (CROHO 56604) and Sociology (CROHO 56601), hereinafter each referred to as ‘the degree programme’, for the academic year 2020-2021 and to all students enrolled in these degree programmes (including all their variants).

Specific information about the programme and design of each of these degree programmes can be found in the appendix:

Appendix 1. Bachelor’s degree programme in Pedagogical Sciences;
Appendix 1: Bachelor’s degree programme in AOLB (double degree programme);
Appendix 1. Bachelor’s degree programme in Psychology;
Appendix 1. Bachelor’s degree programme in Sociology
hereinafter referred to as Appendix 1.

2. The degree programme is provided by the Faculty of Behavioural and Social Sciences of the University of Groningen, hereinafter referred to as ‘the Faculty’.

3. These Teaching and Examination Regulations also apply to students of other degree programmes, faculties or institutes of higher education, insofar as they follow course units in one of the degree programmes (including Minors) offered by the Faculty to which these Regulations apply.

4. Course units or Minors that students of the degree programme as referred to in Article 1.1.1 follow in other degree programmes or at other faculties or institutes of higher education are subject to the Teaching and Examination Regulations of that programme, faculty or institute.

5. These Regulations also apply to students enrolled in the degree programme for the purpose of following a Pre-Master’s programme as referred to in Article 8.6.1.

1.2 Definitions
The following definitions apply to these Regulations:

a. The Act: the Higher Education and Research Act (WHW: Wet op het Hoger Onderwijs en Wetenschappelijk Onderzoek);
b. Student: a person registered at the University for the purpose of following course units and/or taking examinations leading to the conferral of a university degree;
c. Degree programme: the Bachelor’s degree programme referred to in Article 1.1 of these Regulations, comprising a coherent set of course units;
d. Course unit: a syllabus unit or other part of the degree programme within the meaning of Article 7.3 of the Act, included in OCASYS;
e. OCASYS: the University of Groningen’s online course catalogue;
f. ECTS credit: a credit within the meaning of Article 7.4 of the Act. The student workload of each course unit is expressed in ECTS credits, whereby 1 ECTS is equivalent to a student workload of 28 hours;
g. Propaedeutic phase: the first 60 ECTS credits of the formal Bachelor’s programme as defined in Article 7.8 of the Act;
h. Post-propaedeutic phase: the part of the Bachelor’s degree programme following the propaedeutic phase;
i. Study progress overview: a written overview of study results and their ECTS credits, which is sent to students by email;
j. Preliminary study advice: a preliminary study advice based on an overview of study results, issued to students halfway through the academic year in the propaedeutic phase;
k. **Definitive study advice**: a study advice, issued only once, which may result in rejection of the student in question, in accordance with Articles 7.8b.1 and 7.8b.2 of the Act;

l. **Binding (negative) study advice**: a negative study advice that is binding for the student in question and means the student may not continue with the degree programme, in accordance with Article 7.8b.3 of the Act;

m. **Major**: all compulsory course units in the propaedeutic and post-propaedeutic phases;

n. **Minor room**: the space available for students to specialize within the degree programme;

o. **Minor**: a coherent set of course units that can be followed within the Minor room;

p. **University Minor**: a broadening Minor that students can follow either at their own or a different Faculty;

q. **Personal Minor**: a broadening or deepening Minor that students can compile themselves and follow either at their own or a different Faculty;

r. **Test or examination**: a test of the knowledge, understanding and skills of students, including an assessment of the results;

s. **Final assessment**: the final assessment for the Bachelor's degree, which is considered to be passed if all the requirements of the entire Bachelor's degree programme have been satisfied;

t. **Academic year**: the period of time that starts on 1 September and ends on 31 August of the following year;

u. **Semester**: part of the academic year, either starting on 1 September and ending on a date to be determined by the Board of the University, or starting on a date to be determined by the Board of the University and ending on 31 August;

v. **Practical**: a practical exercise, as referred to in Article 7.13 of the Act, in one of the following forms:
   - a Bachelor's thesis;
   - a written assignment, paper or draft;
   - a research assignment;
   - participation in fieldwork or an excursion;
   - completion of a placement;
   - participation in another educational activity designed to teach certain skills.

w. **Board of Examiners**: the independent body entrusted with the tasks and authorities as stated in Article 7.11, 7.12, 7.12b and 7.12c of the Act, including the assessment of whether the requirements of the final examinations are fulfilled;

x. **Admissions Board**: the body that makes decisions about admission on behalf of the Faculty Board;

y. **Examiner**: a person appointed by the Board of Examiners to set examinations and determine their results;

z. **VWO diploma**: the VWO diploma awarded upon completion of Dutch pre-university education, in accordance with Article 13.1 of the Secondary Education Act or Article 7 of the Secondary Education Act BES;

aa. **Programme Committee**: the consultative and advisory body that undertakes tasks as written in Article 9.18 and 9.38c of the Act;

bb. **Regular student**: a student who is not a part-time, Minor or non-degree exchange student;

c. **Matching**: The procedure concerning the provision of matching activities and the issuing of study advice in accordance with Article 7.31a ff. of the Act, further elaborated in Chapter 3 of the University of Groningen Regulations for Registration and Tuition Fees;

d. **Extraordinary circumstances**: circumstances such as those referred to in Article 7.51 of the Act, and which will be taken into account when formulating a decision within the meaning of Articles 5.4 and 9.8. Article 7.51 WHW is further elaborated in the University of Groningen Graduation Fund Regulations. In these Regulations, extraordinary circumstances include, in any case, a disability or
chronic illness, illness, pregnancy and delivery, extraordinary family circumstances, a degree programme which is not feasible, students with an elite sports status (issued by the elite sports coordinator), students with a ‘student entrepreneur status’ (issued by the UGCE), membership of a consultative participation body;

ee. **Track**: a graduation track for a degree programme approved as such by the Board of the University;

All other definitions will have the meaning that the Act ascribes to them.
2 Educational prerequisites and admission

2.1 Admission to the programme
1. A Dutch VWO diploma (with any profile) grants admission to the degree programme.

2. Admission to the Bachelor's degree programme in Psychology is arranged by means of a selection procedure, of which both the admission requirements and the procedure itself are described in Appendix 1.

3. In addition to the certificates that grant admission to the degree programme according to the Act, holders of an equivalent certificate as listed in Appendix 1 will also be granted admission to the degree programme.

4. Article 2.3.3 applies to holders of a certificate as referred to in Article 2.1.2 (N.B. For English-taught degree programmes only).

2.2 Admission to the programme based on a HBO, University or Open University propaedeutic certificate
Holders of a propaedeutic certificate from a Bachelor's programme followed at a University of Applied Sciences (HBO), University or Open University will be granted admission to the degree programme after having demonstrated sufficient knowledge at pre-university (VWO) final examination level of Mathematics and English, in accordance with the admission requirements for VWO graduates.

2.3 Language requirement for foreign certificates
1. Students who have been admitted to a degree programme on the basis of a foreign certificate or degree may be required by the Admissions Board – before registration – to pass a Dutch or English language test, depending on the language of the chosen degree programme, to be administered by an agency stipulated by the Board.

2. The Dutch language proficiency requirement that applies to the Dutch-taught Bachelor’s degree programmes listed in Article 1.1 and the Dutch-taught variant of the Bachelor’s degree programme in Psychology can in any event be met by passing the State Examination in Dutch as a Second Language (NT2).

3. The English language proficiency requirements that apply to the English-taught variant of the Bachelor’s degree programme in Psychology are listed in Appendix 1.

2.4 Entrance examination
1. Students who do not satisfy the admission requirements set out in Articles 2.1 and 2.2 may participate in an entrance examination in accordance with Article 7.29 of the Act. The Admissions Board is responsible for organizing this entrance examination.

2. Students who want to take the entrance examination must have reached the age of twenty-one on the date on which the examination is to take place. An exception to the age requirement may be made if the student in question has gained a certificate abroad that would grant admission to a university degree programme in their home country, or if the student has refugee status and for this reason is unable to present a degree certificate.

3. The entrance examination refers to the following subjects at VWO level:
   For the degree programme in Pedagogical Sciences: Mathematics and English
   For the degree programme in Psychology: Mathematics, English and Biology
   For the degree programme in Sociology: Mathematics and English.

   The provisions of Article 2.3 also apply.
4. A successfully completed entrance examination will grant admission to the University of Groningen degree programme for which it was taken for the duration of two academic years after the date on which the entrance examination was taken.

2.5 Admissions Board

1. The Admissions Board has the power to take decisions on behalf of the Faculty Board in matters concerning admission to the degree programme.

2. The Admissions Board consists of:
   - a member who acts as the chair, selected from the professors who teach in the degree programme;
   - one member / two members selected from the other academic staff who teach in the degree programme.

3. The study advisor for the degree programme (or an equivalent member of Faculty staff), who acts as an advisory member.

4. The selection will be made by the Faculty Board, which will also set out the entry requirements.

2.6 Intake date and application dates

1. There is one intake date per academic year, namely 1 September of each year.

2. The provisions of this Article also apply to students who reregister for the same degree programme.

3. In addition to this intake date, there are no more than three application dates on which re-registration may take place, namely November 1st, February 1st and April 1st. The request for admission on one of the registration moments after September 1st can be submitted via the study advisor, after which the Faculty Board will make a decision.

4. Requests for admission after September 1st can be submitted to the Admissions Board by email. See Appendix 1 for the email address. A decision regarding this application will be taken within 4-6 weeks.

2.7 Matching

1. Prior to the first enrollment for the study programme, a prospective student is given the opportunity to participate in matching activities of the study programme as described in Appendix 1. Admission to the Bachelor’s degree in Psychology is arranged by means of a selection procedure, and has no matching activities. Prospective students who want to do the AOLB programme are obliged to participate in the matching activities as described in Appendix 1. After participating in the matching activities, the prospective student will receive a study choice advice.

2. The stipulations in Chapter 3 of the University of Groningen Regulations for Registration and Tuition Fees (RIC) and the Faculty matching procedure apply.

3. University of Groningen students who wish to enroll during the academic year for the propaedeutic phase of the AOLB-programme in accordance with Article 2.6, and who meet the educational requirements, are admitted after completing the intermediate matching activities as described in Appendix 1. Admission to the Bachelor’s degree in Psychology is arranged by means of a selection procedure, and has no matching activities. University of Groningen students who wish to enroll during the academic year for the propaedeutic phase of the other programmes in accordance with Article 2.6 and who meet the educational
requirements, are given the opportunity to participate in intermediate matching activities as described in Appendix 1.
3 Content and structure of the degree programme

3.1 Aims and learning outcomes of the degree programme
The aims and learning outcomes of the degree programme are set out in Appendix 1.

3.2 Type of degree programme
The degree programme is full time.

3.3 Language
1. The degree programme is taught in Dutch, with the exception of the English-taught variant of the Bachelor’s degree programme in Psychology referred to in Article 1.1.

2. Notwithstanding Article 3.3.1, one or more course units in the degree programme may be taught in English in line with the University of Groningen Code of Conduct: Languages Used in Teaching and Examinations. The course units concerned are listed in Appendix 1.

3.4 Student workload
1. The degree programme has a student workload of 180 ECTS credits.

2. The propaedeutic phase of the degree programme has a student workload of 60 ECTS credits.

3. The student workload of the programme and of the propaedeutic phase is expressed in whole ECTS credits. Course units may have a workload that is expressed in half ECTS credits.

3.5 Contact hours
1. The propaedeutic phase of the degree programme comprises a minimum of 480 contact hours a year.

2. The post-propaedeutic phase of the degree programme comprises a minimum of 280 contact hours a year.

3. The structure of the contact hours is set out in OCASYS. In situations of force majeure, where it is not reasonably possible to achieve the minimum contact hours, this may be temporarily deviated from.

3.6 Organization and final assessments of the degree programme
1. The programme is concluded by a final Bachelor’s assessment.

2. The degree programme is divided into a propaedeutic phase and a post-propaedeutic phase.

3.7 Participation in course units
1. Students may participate in course units of the degree programme if they register via Progress Portaal before the start of the period in which the course unit is taught.

2. Students can also register for course units at the Education Office during the first week of the period in which the course unit is taught. Students who wish to register for a practical after the start of the course unit may only do so upon the approval of the lecturer.

3. The maximum number of students for each course unit is listed in Progress Portaal, if relevant.
4. Admission to course units with limited capacity is arranged according to predefined and published admission criteria and priority regulations. Students who are registered for the degree programme will be given priority for the compulsory course units in their Major.

5. Students can register for up to four course units of a degree programme per block.

6. Students may register for more than four course units if they obtain a statement of approval from the study advisor in advance.
4 The propaedeutic phase of the degree programme

4.1 Structure of the propaedeutic phase

1. The course units in the propaedeutic phase, the related student workload and, if applicable, the related practicals are set out in Appendix 1.

2. All course units and their modes of instruction are listed in the digital University course catalogue OCASYS.

3. In situations of force majeure, when it is not reasonably possible to provide teaching and examinations in the manner stated in OCASYS, alternative modes of instruction and assessment may temporarily be used. This is on condition that the prescribed learning outcomes are still achieved upon completion of the degree programme in the opinion of the Board of Examiners.
5 Binding Study Advice

5.1 Preliminary study advice
1. Halfway through the first semester of the first year of registration in the propaedeutic phase of the degree programme, students will receive a study progress overview specifying the student workload realized so far.

2. Students will receive a written preliminary study advice as soon as possible after the first semester, and in any case before March 1st.

3. The preliminary study advice should be considered a warning if there is a question of insufficient study progress, giving students the chance to improve their performance.

4. If the study progress is insufficient to such an extent that a student cannot reasonably be expected to satisfy the conditions for receiving a positive study advice within the meaning of Articles 5.2.2.a and b, they will be invited to a meeting with the study advisor. The aim of the meeting is to discuss the student's study habits, to reassess the choice of degree programme and, if necessary, to refer them to a different degree programme.

5.2 Definitive study advice
1. Students must earn at least 45 ECTS credits in their first year of registration in the propaedeutic phase of the degree programme. This is known as the BSA threshold.

2. A definitive study advice is issued at the end of the first year of study, by July 31st at the latest. This can be either:
   a. Positive: if the student has earned at least 45 ECTS credits in the propaedeutic programme;
   b. Negative: if the student has earned fewer than 45 ECTS credits in the propaedeutic programme. This study advice is binding on students (BSA) in accordance with Article 7.8b.3 of the Act.

3. In the event that the preliminary study results are insufficient to such an extent that the student cannot be reasonably expected to pass the 45 ECTS threshold by the end of their first year of study, a binding (negative) study advice may be issued subsequently to the preliminary study advice as referred to in Article 5.1 before the end of the academic year. This may also be at the request of the student. The procedure described in Article 5.5 will apply.

4. Alternative BSA regulations apply to the AOLB variant of the degree programme in Pedagogical Sciences. These regulations are set out in Appendix 1.

5. a. The Faculty Board will take extraordinary circumstances as referred to in Article 5.4 into account in its decision on which study advice to issue in the first year of registration.

   b. Notwithstanding the stipulations in Article 5.2.2, if no assessment can be made with regard to a student’s suitability for the degree programme due to extraordinary circumstances in the first year, the assessment may be postponed until a later date within the propaedeutic phase. An adapted BSA threshold may be agreed upon in such cases.

   c. Students can be granted a lower BSA threshold in the case of structural circumstances, for instance when a student has a functional impairment.
5.3 Exception to the definitive study advice

**Multiple degree programmes at the University of Groningen**

Students who are registered for the propaedeutic phase of 2 or more University of Groningen degree programmes in their first year of registration, and by the end of the year satisfy the BSA threshold as referred to in Article 5.2.1 for one degree programme, will not have to satisfy the BSA threshold for the other programme(s) in that year. Once a student has successfully completed the propaedeutic phase of one degree programme, he or she is exempt from the BSA requirements for the other programmes.

**Propaedeutic certificate previously gained**

Students who have already completed the propaedeutic phase of a degree programme at the University of Groningen or another Dutch university, or (for degree programmes that do not issue propaedeutic certificates) in the opinion of the Board of Examiners have earned 60 ECTS credits in the first year, will not fall under the BSA system for the UG degree programme for which they enrol in the propaedeutic phase.

**Deregistration before March 1st**

No definitive study advice will be issued to students who submit a request for deregistration before or as of March 1st of the first year of registration. The procedure set out in Article 5.1 will apply again to students who reregister in a subsequent academic year. The BSA regulations for the academic year in which they reregister will then apply.

**Registration as of February 1st**

An adapted BSA threshold will apply to students who register for a University of Groningen Bachelor’s degree programme as of February 1st in accordance with Article 2.6.3 and have not previously been registered as students in the same academic year. These students must have earned 20 ECTS of the second semester of the propaedeutic phase of the degree programme by the end of the second semester of the first academic year of registration. In all other cases, the provisions of Article 5.2 will apply mutatis mutandis.

5.4 Extraordinary circumstances

1. When deciding whether to issue a binding (negative) study advice, the Faculty Board will take a student’s extraordinary or personal circumstances into account at that student’s request. The Faculty Board can thereupon decide to adjust the BSA threshold or to postpone issuing a study advice.

   The evaluation of personal circumstances will also take into account the student’s study behaviour, the agreements made and any study plan drawn up in consultation with the study advisor, when the extraordinary circumstances were reported and the study results achieved by the end of the first year of study.

2. Students must report extraordinary circumstances to the study advisor as soon as possible in order to ensure optimum support. The Faculty Board, or the Faculty BSA Committee on its behalf, will make a decision in response to a student’s request for a postponed advice or an adapted BSA threshold. Students must also report to the study advisor as soon as possible if they are unable to complete the study plan made in consultation with the study advisor based on the original or adapted BSA threshold.

3. If no assessment can be made at the end of the first year with regard to a student’s suitability for the degree programme due to extraordinary circumstances as referred to in Article 5.4.1, the assessment may be postponed.

4. Postponed advice will be issued no later than by the end of the second year of registration for the degree programme, and in any case no later than July 31st.
   a. This advice will be positive if the (possibly adjusted) BSA threshold has been passed;
b. The advice will be negative (and binding) if the student in question still fails to pass the (possibly adjusted) BSA threshold in the propaedeutic phase.

5. Circumstances as referred to in Article 5.4.1 do not automatically lead to a successful application for a grant from the Graduation Fund.

5.5 Procedure for issuing a definitive study advice
1. The definitive study advice is issued by the Faculty Board on behalf of the Board of the University. The decision will also state the applicable safeguards of legal rights.

2. Before a binding (negative) study advice is issued, students will receive notice of the intention to issue one, after which they will be given the opportunity to put their case to the Faculty Board or its representative.

5.6 Consequences of a binding (negative) study advice
1. Students who have received a binding (negative) study advice may not register for the degree programme for a period of 2 years from September 1st of the next academic year.

2. Students who have been issued a binding (negative) study advice are not permitted to follow course units in this degree programme via a different degree programme or educational institution in order to avoid the consequences of their binding (negative) study advice. No exemptions will be granted for course units completed in this way, nor will such completed course units be recognized within the framework of the degree programme in any other way.

5.7 Consequences of a positive study advice
1. Holders of a positive study advice for the degree programme in question at the University of Groningen and students who are exempted from the BSA regulations on the basis of the stipulations of Articles 5.3.1 and 5.3.2 will be admitted to the post-propaedeutic phase of the degree programme.

2. Notwithstanding Article 5.7.1, the requirement that a previous course unit must have been successfully completed may apply to some individual course units. This compulsory order of course units is set out in OCASYS and in Article 9.5 of these Teaching and Examination Regulations.

3. Admission based on a positive study advice does not apply to the Minor of the degree programme – this requires completion of the propaedeutic phase.

5.8 Study plan
Students who have earned 45 ECTS or fewer after their first year of study or whose study advice has been postponed as discussed in Section 5 are expected to draw up a study plan in consultation with the study advisor of the degree programme, comprising at least the following:

a. the propaedeutic course units that have not yet been passed, with the associated timeline;

b. the post-propaedeutic course units that may be followed in addition to the course units listed under a.

5.9 Admission to the post-propaedeutic phase: hardship clause
The Board of Examiners may deviate from the stipulations of Article 5.7 in situations where changes to the curriculum or educational force majeure would demonstrably lead to a situation of unfairness of an overriding nature. This is only possible in unique personal circumstances that are so unusual that admission cannot in all reasonableness be denied.
6 Admission to the post-propaedeutic phase of the degree programme other than from the propaedeutic phase

6.1 Criteria for admission to the post-propaedeutic phase
Subject to the assessment of the Admissions Board, the following students will be admitted to the post-propaedeutic phase of the degree programme:

1. Holders of a propaedeutic certificate, or students who have earned 60 ECTS credits in the first year of study in a related degree programme.

2. The Admissions Board may grant exemption from the requirement stipulated in Article 6.1.1 to holders of a diploma gained in the Netherlands or elsewhere and considered by the Admissions Board to be at least equivalent to the propaedeutic certificate referred to in Article 6.1.1.

6.2 Admission to the post-propaedeutic phase: hardship clause
The Board of Examiners may deviate from the stipulations of Article 6.1 in situations where changes to the curriculum or educational force majeure would demonstrably lead to a situation of unfairness of an overriding nature. This is only possible in unique personal circumstances that are so unusual that admission cannot in all reasonableness be denied.
7 The post-propaedeutic phase of the degree programme

7.1 Structure of the post-propaedeutic phase
1. The course units in the post-propaedeutic phase, the related student workload and, if applicable, the related practicals are set out in Appendix 1.

2. In addition, all degree programmes except the AOLB include Minor room with a student workload of 30 ECTS (or 2 x 15 ECTS). Students can fill their Minor room with the following components:
   - a placement (with a maximum of 5 ECTS);
   - a study period at a university abroad;
   - a broadening or deepening Minor comprising course units from within or outside their own Major.

   The available Minor options are set out in Appendix 1 as well as in OCASYS.

3. In situations of force majeure, when it is not reasonably possible to provide teaching and examinations in the manner stated in OCASYS, alternative modes of instruction and assessment may temporarily be used. This is on condition that the prescribed learning outcomes are still achieved upon completion of the degree programme in the opinion of the Board of Examiners.

7.2 Substitutions and electives followed elsewhere
Following a substantiated request by a student, the Board of Examiners may grant permission to:
   a. substitute a course unit in the examination programme with another course unit offered by the University of Groningen or another university in the Netherlands or abroad that dovetails well with the degree programme,
   b. use one or more course units followed at the University of Groningen or another university in the Netherlands or abroad as electives in the degree programme.
   c. When assessing such a request, the Board of Examiners will in any case evaluate the coherence of the set of course units (or part thereof) and the level of the course units followed.

7.3 Open Degree Programme
Students may choose to follow a degree programme's Open Degree Programme, which deviates from the regular specialization(s) of the degree programme. An Open Degree Programme must always be approved in advance by the Board of Examiners of the degree programme in which the student is registered.
8 Other specializations

A. Minor

8.1 Minor
1. The Minor room can be filled using any of the options listed in Article 7.1.2.

2. Students can choose between:
   a. a University Minor;
   b. a Personal Minor.

8.2 University Minor
1. A University Minor is a coherent set of broadening or deepening course units that students can follow either at their own or a different Faculty.

2. Students who choose to fill their Minor room with a University Minor do not need explicit permission from the Board of Examiners.

8.3 Personal Minor
1. A Personal Minor is a coherent set of broadening or deepening course units that students can compile themselves and follow either at their own or a different Faculty.

2. Personal Minors must be presented to the Board of Examiners for approval in advance.

8.4 Authority of the Board of Examiners with regard to Minors
1. Students must present their choice of Minor to the Board of Examiners of their degree programme for approval, except if they choose a University Minor in accordance with Article 8.2.2.

2. Minors followed in other degree programmes or at other faculties or educational institutes are subject to the authority of the Board of Examiners of the degree programme that sets the relevant examinations.

3. The BSS Minor followed by students of other degree programmes, faculties or institutes of higher education is subject to the authority of the Board of Examiners of the BSS degree programme that sets the relevant examinations.

4. A responsible Board of Examiners will be assigned in the event of interfaculty University Minors.

B. Honours programme

8.5 Bachelor’s Honours Programme
1. The Faculty participates in the Bachelor’s Honours Programme organized by the University of Groningen Honours College. The Bachelor’s Honours Programme does not form part of the regular Bachelor’s curriculum.

2. Students admitted to one of the Bachelor’s degree programmes offered by the Faculty can participate in the Bachelor’s Honours Programme if they are selected by the Dean of the University of Groningen Honours College. Please consult the Teaching and Examination Regulations of the University of Groningen Honours College for the selection procedure.

3. The Bachelor’s Honours programme has a total student workload of 45 ECTS credits, distributed over the three years of the Bachelor’s programme. The Bachelor’s Honours Programme, including the deepening Faculty part, is subject to the Teaching and Examination Regulations of the University of Groningen Honours College.
4. a. As the Honours Programme is not part of the regular Bachelor's curriculum, the results and marks do not count towards the awarding of an honours predicate for the Bachelor's programme.
b. The Diploma Supplement that accompanies the Bachelor's degree certificate will also list the results gained in the Bachelor's Honours programme.

C. Pre-Master's programmes

8.6 Pre-master’s programmes

1. The Faculty offers Pre-Master’s programmes with student workloads of a maximum of 60 ECTS to facilitate entry into the Master's degree programmes in Psychology and Sociology.

2. Students who enrol in the Pre-Master’s programme in Psychology are registered in the Bachelor’s degree programme in Psychology as referred to in Article 1.1.1. Students who enrol in the Pre-Master's programme in Sociology are registered in the Bachelor’s degree programme in Sociology as referred to in Article 1.1.1.

3. The Admissions Board of the desired Master's degree programme will decide whether students are admitted to the Pre-Master's programme.

4. The content and the student workload of the Pre-Master's programme are determined by the Admissions Board on a case-by-case basis.

5. Admission to the Pre-Master’s programmes takes place once a year, at the start of the programme in the first semester.

6. A Pre-Master’s programme must be completed within two years.

7. The Board of Examiners of the relevant Bachelor's degree programme as referred to in Article 1.1.1 has the authority to decide in matters concerning course units in the Pre-Master’s programme.

8. The Admissions Board may decide to deviate from the provisions of Article 8.6.5 in the event of extraordinary personal circumstances following a student’s substantiated request.

9. The stipulations concerning Pre-Master’s programmes in the University of Groningen Regulations for Registration and Tuition Fees apply.

10. Students who have successfully passed the Pre-Master’s programme, will not receive the Bachelor's degree certificate for the Bachelor's programme in which they were enrolled for.
9 Examinations and final assessment of the degree programme; general provisions

9.1 Board of Examiners and examiners
1. The Board of Examiners is the independent body that determines whether individual students have the knowledge, understanding and skills required to be awarded a degree.

2. The Faculty Board appoints the members of the Board of Examiners on the basis of their expertise in the field of the degree programme (or cluster of degree programmes) in question.

3. The Board of Examiners must comprise at least:
   a. One member who is a lecture in the degree programme;
   b. One member from outside the degree programme.

4. Members of the Faculty Board or other people who have financial responsibilities within the institution may not be appointed as members of the Board of Examiners.

5. The Board of Examiners will appoint examiners to set examinations and determine the results.

6. The Board of Examiners sets out Rules and Regulations for the Board of Examiners to assess and determine the results of examinations and final assessments.

9.2 Assessment Plan
An assessment plan has been approved by the Faculty Board. This Assessment Plan is part of/forms an Appendix to the OER and comprises the following components:
   a. the learning outcomes of the degree programme;
   b. the course units of the degree programme and the learning outcomes of each course unit;
   c. the relationship between course units and learning outcomes;
   d. the mode of assessment to be used and the test moments for each course unit;
   e. the test design, assessment procedures and assessment criteria used;
   f. a list of who is responsible for the implementation of the various components of the assessment policy;
   g. the manner of regular evaluation.

9.3 General
1. Each course unit is assessed by means of an examination.

2. An examination can comprise a number of partial exams. The results of these partial exams together determine the examination result.

3. Examinations, both interim and final, provide students with the information they need to assess whether they have achieved or will achieve the required learning outcomes.

4. The results of an examination are given as pass or fail, in numbers on a scale of 1 to 10, expressed as 6 or more for a pass and 5 or less for a fail.

9.4 Participation in examinations
1. Students who register for a course unit in the degree programme in accordance with Article 3.7 of the OER are automatically registered for the next examination.
opportunity for that course unit.

2. Students who fail this examination will automatically be registered for the next resit. Students who have **not taken** the first examination will not be automatically registered for the resit.

3. Notwithstanding the provisions of Article 9.4.1, students can register and deregister for examinations during certain periods to be further defined.

4. Students who are not registered for a course unit in the degree programme are not permitted to take the examination for this course unit.

**9.5 Compulsory order**

Certain course units in the degree programme may only be followed upon successful completion of certain other course units. Appendix 1 sets out when this is the case.

**9.6 Examination frequency and periods**

1. There are two opportunities per academic year to take the examinations for the course units listed in Appendix 1.

2. The periods in which examinations can be attended are listed in the Student Handbook and/or OCASYS. Partial exams can also be taken outside the periods indicated.

3. Notwithstanding the provisions of Article 9.6.1, alternative regulations may apply to certain course units. Appendix 1 sets out when this is the case.

4. Notwithstanding the provisions of Article 9.6.1, there will be only one opportunity in a certain year to take the examination for non-compulsory course units not taught in that year.

5. Examinations for course units that are part of a previously passed final Bachelor’s assessment as referred to in Article 11.1 may not be taken again.

6. Students may resit an examination for a course unit that is no longer offered at least twice during the first year after it has been removed from the curriculum.

7. If students have completed all the compulsory parts of a course unit to the best of their ability but has still not passed, then the Board of Examiners may decide to request the examiner to give them the opportunity to take a supplementary or replacement test.

**9.7 Form of examinations**

1. Examinations will be taken in the manner stated in OCASYS.

2. At a student’s request, the Board of Examiners may allow an examination to be taken in a form different from that stated above.

3. Sample exam questions of each written examination, including answer keys/models, will be made available to practise with. These mock exams will be representative of the real examination in terms of form, content and level. In addition, an indication will be given of the size (i.e. the number of questions for each question type) of the real examination. The number of sample questions must be such that the transparency of the examination is guaranteed.
4. In situations of force majeure, when it is not reasonably possible to provide teaching and examinations in the manner stated in OCASYS, alternative modes of instruction and assessment may temporarily be used. This is on condition that the prescribed learning outcomes are still achieved upon completion of the degree programme in the opinion of the Board of Examiners.

9.8 Oral examinations
1. Unless the Board of Examiners decides otherwise, an oral examination may only be taken by one student at a time.

2. Oral examinations are public, unless the Board of Examiners or the relevant examiner stipulates otherwise or the student objects to the public nature of the examination due to extraordinary circumstances. A second examiner may attend the oral exam at the request of the student or the examiner.

9.9 Marking of examinations and publication of marks
1. After an oral examination, the examiner will assess the examination immediately and provide the student with a statement upon their request. The examiner will provide the Faculty’s administration department with the necessary details for registration of the result in Progress Portaal.

2. The examiner will mark a written examination with open-ended questions within ten working days and a multiple-choice examination within five working days of the day on which it was taken, and will provide the Faculty’s administration department with the necessary details for registration of the result in Progress Portaal.

3. If an examination is taken in a form other than oral or written, the Board of Examiners will determine in advance how and when students will receive written confirmation of the result.

4. The written confirmation of the result of an examination will also inform students of their right of inspection, as stipulated in Article 9.12.1, as well as their right to appeal.

5. Students can lodge an appeal against the results of an examination with the Central Portal for the Legal Protection of Student Rights (CLRS) within 6 weeks of the date on which the result was announced.

9.10 Assessment of placement or research assignment
The assessment of a placement or research assignment will be conducted by the on-site supervisor and a supervisor from the degree programme who will be appointed as examiner by the Board of Examiners. The supervisor from the degree programme will in all cases be the official examiner.

9.11 Validity
1. Completed course units remain valid indefinitely.

2. a. Contrary to the provisions of Article 9.11.1, the Board of Examiners may decide to require a student to take a supplementary or substitute examination for a course unit taken more than six years previously before allowing that student to progress to the final assessment if the student’s knowledge, understanding or skills are demonstrably outdated.

b. In the event of extraordinary personal circumstances, the term of validity will be extended to include the period during which the student in question receives support from the Graduation Fund

3. Partial examinations and assignments passed within a course unit that have not been
successfully completed will lapse at the end of the academic year in which they were passed unless Appendix 1 states otherwise.

4. Article 9.11.3 will not apply if it has serious negative consequences for the feasibility of the degree programme. The applicability of the article is set out in Appendix 1.

9.12 Right of inspection
1. On request, students have the right to inspect their marked work during a period of six weeks after the results of a written examination have been made known.

2. Any participant in the examination may request to be allowed to peruse the examination paper and the assessment criteria within the timeframe stipulated in Article 9.12.1.

3. The inspection or perusal session will enable students to peruse all examination questions and answers, ask questions to the responsible lecturer or their subject expert substitute, and take notes, which they may take home – all this without prejudice to the provisions with regard to the public nature of examination questions.

4. The Board of Examiners can determine that the inspection or perusal will take place at a certain place and at two set times at least. The place and times must be announced at least five days in advance. If a student can show that they were prevented by force majeure from attending at the indicated place and times, they will be offered another opportunity, if possible within the period stated in Article 9.12.1.

9.13 Bachelor's thesis
1. A Bachelor's thesis can in principle be used for only one UG degree programme. Full or partial exemption for a degree programme's Bachelor's thesis may be granted by the Board of Examiners on the basis of a Bachelor's thesis written for another degree programme.

2. Students will be given the opportunity to write a Bachelor's thesis at least once per academic year. The period during which students can write theses is set out in OCASYS.

3. Each Bachelor's thesis is assessed by at least two assessors with the relevant expertise, including at least one examiner.

4. The examiner, in consultation with the student concerned, sets the marking period for the final version of the Bachelor's thesis. The examiner determines the result within 10 working days and provides the faculty's administration with the necessary data for registration of the result in Progress Portaal. The examiner can only deviate from the provision in this article in consultation with the student concerned and in coordination with the Examinations Committee.

5. If, by the end of the period referred to in Article 9.13.2 the assessor(s) is/are of the opinion that the Bachelor's thesis cannot be awarded a pass mark, the student will be given one opportunity to adjust the work in line with what is agreed upon with the supervisor in order to be awarded a pass mark within a timeframe defined by the degree programme.

6. Article 11.1.7 on the storage period for theses applies.

7. More detailed regulations on the design, content, timeframe and assessment of the
Bachelor’s thesis can be found in the Graduation Regulations/Graduation Guide that accompany the Teaching and Examination Regulations of the degree programme (see Appendix 1). These Graduation Regulations are a more detailed version of the Faculty Regulations for Bachelor’s and Master’s theses included in Appendix 2.

8. The Board of Examiners is the only body that can deviate from the provisions of this Article at the written request of a student.

9. All copyrights to theses and other independently written assignments that aim to assess a student’s knowledge, understanding and skills in principle remain with the student in question. Anyone else who wishes to use the thesis or written assignment will need the student’s permission. However, the University needs unconditional freedom to handle theses and written assignments in order to archive (possibly under embargo) and process them in accordance with the Dutch Inspectorate of Education and the WHW. All students are therefore required to give the University unconditional permission to perform these actions and must bear in mind that as students they are individually responsible for maintaining academic integrity. The copyrights of the student do not affect the rights of third parties with regard to the information, data and material used.
10 Examinations and final assessment of the degree programme; specific provisions

10.1 Examination provisions
1. Notwithstanding the stipulations of Article 9.6, the Board of Examiners may decide to grant individual students a specific examination provision if not doing so would lead to an ‘exceptional instance of unfairness of an overriding nature’.

2. Requests for individual examination provisions, including documentary evidence, must be submitted to the Board of Examiners as soon as possible.

10.2 Examinations and functional impairments
1. Students with a functional impairment will be given the opportunity to take examinations in a form that will compensate as far as possible for their individual handicap. If necessary, the Board of Examiners will seek expert advice from a student counsellor of the Student Service Centre (SSC) before making a decision.

2. With regard to examinations for electives taken at other degree programmes by students with a functional impairment, the Board of Examiners of the degree programme that sets the examination will comply with the facilities permitted by the Board of Examiners of the degree programme for which the student is registered.

10.3 Exemptions
1. At a student’s request, the Board of Examiners, having discussed the matter with the examiner in question, may grant exemption from an examination (or part thereof) on the basis of results earned previously (possibly elsewhere) on condition that the student:
   a. has completed part of a university or higher vocational degree, in the Netherlands or abroad, that is equivalent in content and level;
   b. can demonstrate by work experience that they have sufficient knowledge and skills with respect to the course unit in question.

2. The stipulations of Article 11.2 apply to exemptions.

3. The validity period of exemptions granted for course units or parts thereof is identical to that of examination results.

10.4 Request for additional resit
1. Students may submit a request for an additional resit to the Board of Examiners for course units other than the Bachelor’s thesis.

2. Such requests may be granted if the examinee did not pass the examination in question due to special circumstances, if the examination is part of the compulsory programme, and if not granting an additional resit would result in unacceptable study delay.

3. In cases where Article 10.4.2 does not apply, the following criteria apply to granting a request for an additional resit for the last course unit in the degree programme:
   a. the course unit in question must be the last course unit that must be passed;
   b. the course unit is part of the compulsory educational programme;
   c. not granting the request for an additional resit would result in study delay of at least one semester;
   d. the student must have participated in the last two regular examination opportunities for the course unit in question or special circumstances must have prevented the student to participate in the last two regular examination opportunities;
   e. passing the course unit in question is the only possible way to satisfy the requirements of the final assessment.
10.5 Board of Examiners responsible for electives taken at other degree programmes

1. A request to take an elective at another degree programme must be approved by the Board of Examiners of the student’s own degree programme.

2. The Board of Examiners of the other degree programme is authorized to set and assess the examinations and decide upon requests for alternative exam regulations. Article 11.2 applies.

10.6 Cheating

1. Cheating is an act or omission by a student that partly or wholly hinders the forming of a correct assessment of their own or someone else’s knowledge, understanding and skills.

2. Cheating also includes plagiarism, which occurs when a student copies their own or someone else’s work without correct reference to the source.

3. In addition, cheating also includes the provision of incorrect information in order to obtain certain possibilities, facilities or provisions related to examination, assessment or participation in course units within the degree programme.

4. In order to be able to assess the Bachelor’s thesis and other written assignments, students are obliged to allow a plagiarism check by means of a plagiarism scanner engaged by the university. Each student is individually responsible for maintaining academic integrity.

5. If a student cheats, the Board of Examiners may exclude that student from participation in one or more examinations or final assessments for a maximum of one year, or decide to apply a different, suitable measure.

6. In the event of serious cheating, the Board of Examiners can request the Board of the University to permanently terminate the relevant student’s registration in the degree programme.

7. The Board of Examiners sets out its course of action in the event of cheating in its Rules and Regulations.

10.7 Invalid examination

In the event of irregularities with regard to an examination that are so serious that an accurate assessment of the examinee’s knowledge, understanding and skills cannot be made, the Board of Examiners may declare the examination invalid for either an individual examinee or a group of examinees.

10.8 Termination of enrolment (Judicium Abeundi)

1. In extraordinary cases of reprehensible behaviour and/or statements made by a student, the Board of the University may, on the recommendation of the Board of Examiners or the Faculty Board, terminate that student’s registration.

2. The Board of the University will not make a decision as referred to in Article 10.8.1 until after the student in question has been given an opportunity to put their case, any interests of the student and the institution have been carefully assessed and it has been proven reasonable to assume that the student’s behaviour and/or statements prove them to be unsuitable for one or more of the professions for which they are being trained in their degree programme, or for the practical preparation for the profession. In such cases the Faculty Board, the Board of Examiners and the Board of the University will follow the Protocol Judicium Abeundi [protocol for refusal of registration] as approved by the Nederlandse Federatie van Universitaire Medische Centra [Netherlands Federation of University Medical Centres] on
November 1st 2010.

3. The stipulations in the University of Groningen Regulations for Registration and Tuition Fees apply.
11 Final assessment

11.1 Final assessment
1. The degree programme is concluded with a final assessment.

2. 
   a. On the condition that the student’s study programme has been approved, the Board of Examiners will determine the result of the final assessment as soon as the student has passed all the required examinations. The Board of Examiners may define terms to this end. The results of the final assessment are an indication that the student has acquired the necessary academic training. The Board of Examiners will issue a degree certificate to this end.
   b. If a student exceeds the relevant deadlines for approval of the study programme referred to under a, the Board of Examiners may postpone the student’s graduation date. This date may then be in the academic year following the year in which the last examination was passed.

3. Before the result of the final assessment can be determined, the Board of Examiners may decide to test an individual student’s knowledge, understanding and skills with regard to one or more course units or components of the degree programme, if and inasmuch as the marks for these course units or the student’s behaviour provide a reason for doing so.

4. By determining the result of the final assessment, the Board of Examiners also commits itself to a speedy processing of the degree certificate ceremony.

5. The graduation date is the date on which the final assessment is passed, as determined by the Board of Examiners in accordance with the provisions of Article 11.1.2, and not the date on which the degree certificate is presented to the student.

6. If a student wishes to postpone the date of graduation due to extra examinations that still need to be taken, they must submit a request to this end to the Board of Examiners no later than two weeks after the determination of the final assessment date.

7. The successfully passed final assessment as referred to in Article 11.1.1, and all assignments submitted within the framework of this assessment, will be kept on file by the Faculty Board for a period of at least 7 years.

11.2 Courses units completed elsewhere
1. A Bachelor’s degree can only be awarded if at least half of the course units of the degree programme were offered by the degree programme during the student’s period of registration as a student at the University of Groningen.

2. In double degree programmes, a Bachelor’s degree can only be awarded if at least a quarter of the course units of the degree programme were offered by the degree programme during the student’s period of registration as a student at the University of Groningen.

11.3 Degree certificate
1. Students will receive a certificate issued by the Board of Examiners as proof that they have passed the final assessment. Even if a student successfully completes more than one specialization within a degree programme, they will receive only one degree certificate. Article 11.2 applies.

2. The Board of Examiners will issue an International Diploma Supplement with each degree certificate.

3. If relevant, the results obtained in the Bachelor’s Honours Programme will also be listed on the Diploma Supplement that accompanies the Bachelor’s degree
11.4 Degree
1. Students who have passed the final assessment are awarded the degree ‘Bachelor of Science’.

2. The degree awarded will be indicated on the degree certificate.

11.5 Honours (‘Cum Laude’/ ‘Summa cum laude’)
1. The Board of Examiners will determine whether or not the Bachelor’s degree certificate will be awarded an honours predicate.

2. There are two types of honours predicates: ‘Cum laude’ and ‘Summa cum laude’. The following conditions apply:
   a. For ‘Cum laude’:
      i. The Bachelor’s thesis must have been awarded a non-rounded off mark of at least 8;
      ii. The non-rounded off weighted average for all course units, excluding the Bachelor’s thesis, within the examination programme approved by the Board of Examiners must be at least 8.
   b. For ‘Summa cum laude’:
      i. The Bachelor’s thesis must have been awarded a non-rounded off mark of at least 9;
      ii. The non-rounded off weighted average for all course units, excluding the Bachelor’s thesis, within the examination programme approved by the Board of Examiners must be at least 9.

3. No honours are awarded if the student workload of the exemptions in ECTS credits is more than half the total number of ECTS for the degree programme.

4. Honours may only be awarded if the examinations for all course units except one were taken only once. One course unit may be retaken, and only one resit may be taken for this course unit.

5. Honours as referred to in Article 11.5.2 may only be awarded if no resit opportunity was used for the Bachelor’s thesis.

6. Honours may only be awarded if no single course unit was awarded a mark lower than 7.0.

7. No honours will be awarded if a decision by the Board of Examiners has been taken to the effect that a student is no longer eligible for an honours predicate because cheating/plagiarism has been detected.

8. In certain circumstances, the Board of Examiners may depart from the provisions set out in Articles 11.5.2-7.
12 Study progress supervision

12.1 Study progress administration
1. The Faculty Board will register individual results for students.
2. The Faculty Board will provide each student with a digital overview of their results via Progress Portal.

12.2 Study progress supervision
The Faculty Board will organize the introduction and the study progress supervision for students enrolled in the degree programme, partly to promote their progress and partly with a view to potential study options within and outside the degree programme.
13 Transitional and final provisions

13.1 Amendments
1. Any amendments to these Regulations will, following a recommendation by and/or upon the approval of the Programme Committee and in consultation with – and where necessary upon the approval of – the Faculty Council, be confirmed by the Faculty Board in a separate decree.

2. Any amendments to these Regulations will not apply to the current academic year, unless it may reasonably be assumed that the amendment in question will not harm the interests of students.

3. In addition, an amendment may not influence any other decision concerning a student taken by the Board of Examiners under these Regulations to the disadvantage of that student.

13.2 Publications
1. The Faculty Board will duly publish these Regulations as well as any amendments to them.

2. Copies of these Teaching and Examination Regulations are available from the Faculty Office. These documents can also be found on the Faculty website via ‘My University’.

13.3 Evaluation
1. The Faculty Board must ensure that the OER is regularly evaluated, assessing at least the amount of time students need to complete their tasks as set out therein, for the purpose of monitoring and if necessary adapting the student workload.

2. The Faculty Board evaluates the teaching in the degree programme via:
   - the annual Education Monitor that is discussed during the annual education interviews with the director of education;
   - The annual reports that are discussed during annual meetings with the Programme Committee and the Board of Examiners;
   - Course unit evaluations, National Student Survey, National Alumni Survey, International Student Barometer;
   - Student and lecturer panels.

13.4 Date of commencement
These Regulations will take effect on September 1st 2021.
