4. A request for admission after 1 September may be submitted to the Admissions Board by email: bsz.let@rug.nl. A decision regarding this application will be taken within 4 weeks.

**SECTION 3 CONTENT AND STRUCTURE OF THE DEGREE PROGRAMME**

1. The degree programme is designed to:
   a. impart knowledge, skills and understanding in the field of the degree programme, and to enable the learning outcomes listed in Article 3.1 of Part B of these Regulations to be attained.
   b. promote academic development. Students must satisfy the requirements set out in the *Nederlands Kwalificatieraamwerk Hoger Onderwijs* [Dutch National Qualifications Framework for Higher Education], which distinguishes the following indicators with regard to the first cycle (Bachelor’s phase):
      - Knowledge and understanding
      - Applying knowledge and understanding
      - Forming judgements
      - Communication
      - Learning skills
   c. prepare students for a further study career. Students become familiar with the theory and practice of academic research from the very start of their Bachelor’s degree programme

2. The propaedeutic phase has a student workload of 60 ECTS credits.
3. The student workload is expressed in whole ECTS credits.

**Article 3.4 – Conditions for awarding a University of Groningen degree**

Students can only be awarded a Bachelor’s degree from the degree programme if at least half of the programme was followed at the University of Groningen during their period of registration as a student at the University of Groningen.

**Article 3.5 – Organization and final assessments of the degree programme**

1. The degree programme is divided into a propaedeutic phase and a post-propaedeutic phase. The entire degree programme consists of a Major and a Minor.
2. The programme is concluded by a final Bachelor’s assessment.

**Article 3.6 – Participation in course units**

1. All registered students must specify the course units they wish to follow in ProgRESS WWW before the academic year begins. The periods during which students can register are set annually by the Faculty. In principle, students can register for up to 30 ECTS credits per semester. The Director of Education may grant students exemption from this rule on the recommendation of the study advisor of the relevant degree programme.
2. Students who register for a course unit are automatically registered for all examinations and tests for that course unit.
3. Admission to course units is arranged according to predefined and published admission criteria and priority regulations. Students who are registered for the degree programme will be given priority for the compulsory course units in their Major. If a seminar is oversubscribed, students will be admitted based on the order of registration, bearing in mind the entry requirements for the course unit and the phase the student is in.

**Article 3.7 – Attendance requirement for seminars**

1. A minimum attendance rate of 80% applies to seminars. The exact conditions for successfully passing a seminar are included in the syllabus for the course unit in question.
2. In the event of absence of up to 20%, the lecturer may stipulate replacement assignments. Absence of more than 20% will result in the student being barred from further participation in the course unit and from the examination, and an N-A registration. Notification of absence from a seminar must always be supported by reasons. Anyone who misses the first two classes of a seminar without reason will lose the right to participate.
3. Students who satisfy the 80% attendance requirement but not the other requirements referred to in Article 3.7.1 in principle need only retake the test or examination in the next academic year and do not have to satisfy the 80% attendance requirement again. However, if the content of the seminar for the following year is significantly different, students must retake the course unit. Decisions in such cases are taken by the Board of Examiners.

**Article 3.8 – Structure of the propaedeutic phase**

The propaedeutic phase comprises a total of 60 ECTS credits in Major course units. The course units in the propaedeutic phase have a student workload of 5 or 10 ECTS. Concrete details with regard to the structure of each phase of the programme can be found in Part B of these Teaching and Examination Regulations.

**Article 3.9 – Composition of the post-propaedeutic phase**
The post-propaedeutic phase comprises a total of 120 ECTS credits, including 90 ECTS in Major course units and a 30-ECTS Minor. The course units in the post-propaedeutic phase have a student workload of 5 or 10 ECTS. Concrete details with regard to the structure of each phase of the programme can be found in Part B of these Teaching and Examination Regulations.

**Article 3.10 – Study period abroad**

Students will be able to follow course units in the post-propaedeutic phase worth a total of at least 30 ECTS credits at a partner university abroad. These course units must be approved in advance by the Board of Examiners in the form of a learning agreement. This learning agreement must be signed by the Board of Examiners, the student and a representative of the other institution. If any changes are made to the programme, the learning agreement must be updated and signed again by the parties listed above.

**Article 3.11 – Open Degree Programme**

Students may choose to follow a degree programme’s Open Degree Programme, which deviates from the regular specialization(s) of the degree programme. An Open Degree Programme must always be approved in advance by the Board of Examiners of the degree programme in which the student is registered. Any further conditions with regard to the Open Degree Programme will be set out in Part B of these Regulations.

**Article 3.12 – Two or more Bachelor’s degree programmes**

Students who have followed two or more degree programmes must have taken and passed separate course units covering at least 50% of the programme, including the thesis, in order to gain degrees for both or all programmes. A separate thesis must be written for each degree programme.

**SECTION 4 STUDY PROGRESS AND STUDY ADVICE IN THE PROPAEDEUTIC PHASE**

**Article 4.1 – Preliminary study advice**

1. Halfway through the first semester of the first year of registration in the propaedeutic phase of the degree programme, students will receive a study progress overview specifying the student workload realized thus far.
2. Students will receive a written preliminary study advice as soon as possible after the first semester, and in any case before 1 March.
3. The preliminary study advice should be considered a warning if there is a question of insufficient study progress, giving students the chance to improve their performance.
4. If the study progress is insufficient to such an extent that the student cannot reasonably be expected to satisfy the conditions for receiving a positive study advice within the meaning of Articles 4.2.2 a and b, he or she will be invited to a meeting with the study advisor. The aim of the meeting is to discuss the student’s study habits, to reassess the choice of degree programme and if necessary to refer them to a different degree programme.

**Article 4.2 – Definitive study advice**

1. Students must earn at least 45 ECTS credits in their first year of registration in the propaedeutic phase of the degree programme. This is known as the BSA threshold.
2. A definitive study advice is issued at the end of the first year of study, by 31 July at the latest. This can be either:
   a. **positive**, for students who have earned at least 45 ECTS (or 20 ECTS for part-time students) in the propaedeutic programme
Part A - 2018-2019 OER for Faculty of Arts BA degree programmes - page 7

b. negative, for students who have earned fewer than 45 ECTS (or 20 ECTS for part-time students) in the propaedeutic programme. This study advice is binding for students (BSA) in accordance with Article 7.8b.3 of the Act.

3. In the event that the preliminary study results are insufficient to such an extent that the student cannot reasonably be expected to pass the 45 ECTS (or 20 ECTS for part-time students) threshold by the end of the first year of study, a binding (negative) study advice may be issued subsequently to the preliminary study advice as referred to in Article 4.1 before the end of the academic year. This may also be at the request of the student. The procedure set out in Article 4.5 will apply.

4. a. The Faculty Board will take extraordinary circumstances as referred to in Article 4.4 into account in its decision on which study advice to issue in the first year of registration.
   b. Notwithstanding the stipulations in Article 4.2.2, if no assessment can be made with regard to a student’s suitability for the degree programme due to personal circumstances in the first year, the assessment may be postponed until a later date within the propaedeutic phase. An adapted BSA threshold may be agreed upon in such cases.

Article 4.3 – Exceptions to the definitive study advice

Multiple degree programmes at the UG

1. Students who are registered for the propaedeutic phase of 2 or more UG degree programmes in their first year of registration and by the end of the year satisfy the BSA threshold as referred to in Article 4.2.1 for one degree programme will not have to satisfy the BSA threshold for the other programme(s) in that year. Once a student has successfully completed the propaedeutic phase of one degree programme, he or she is exempt from the BSA requirements for the other programmes.

Propaedeutic certificate previously gained

2. Students who have already passed the propaedeutic phase of a degree programme at the UG or another Dutch university, or (for degree programmes that do not issue propaedeutic certificates) in the opinion of the Board of Examiners have earned 60 ECTS credits in the first year, will not fall under the BSA system for the degree programme for which they enrol in the propaedeutic phase.

Deregistration before 1 February

3. No definitive study advice will be issued to students who submit a request for deregistration before or as of 1 February of the first year of registration. The procedure set out in Article 4.1 will apply again to students who reregister in a subsequent academic year. The BSA regulations for the academic year in which they reregister will then apply.

Article 4.4 – Extraordinary circumstances

1. When deciding whether to issue a binding (negative) study advice, the Faculty Board will take a student’s extraordinary or personal circumstances into account at that student’s request. The Faculty Board can thereupon decide to adjust the BSA threshold or postpone issuing a study advice. The evaluation of personal circumstances will also take into account the student’s study behaviour, the agreements made and any study plan drawn up in consultation with the study advisor, when the extraordinary circumstances were reported and the study results achieved by the end of the first year of study.

2. Students must report extraordinary circumstances to the study advisor as soon as possible in order to ensure optimum support. The Faculty BSA Committee will make a decision in response to a student’s request for a postponed advice or an adapted BSA threshold. Students must also report to the study advisor as soon as possible if they are unable to complete the study plan made in consultation with the study advisor based on the original or adapted BSA threshold.

3. If no assessment can be made at the end of the first year with regard to a student’s suitability for the degree programme due to extraordinary circumstances as referred to in Article 4.4.1, the assessment may be postponed.

4. Postponed advice will be issued no later than by the end of the second year of registration for the degree programme, and in any case no later than 31 July.
   a. This advice will be positive if the (possibly adjusted) BSA threshold has been passed.
   b. The advice will be negative (and binding) if the student in question still fails to pass the (possibly adjusted) BSA threshold in the propaedeutic phase.

5. All students whose study advice has been postponed (whether or not combined with an adaptation of their BSA threshold) are expected to draw up a study plan in consultation with the study advisor.
of the degree programme, comprising at least the following:

a. the propaedeutic course units that have not yet been passed, with the associated timeline
b. the post-propaedeutic course units that may be followed in addition to the course units listed under a.

6. Circumstances as referred to in Article 4.4.1 do not automatically lead to a successful application for a grant from the Graduation Fund.

**Article 4.5 – Procedure for issuing a definitive study advice**

1. The definitive study advice is issued by the Faculty Board on behalf of the Board of the University. The decision will also state the applicable safeguards of legal rights.
2. Before a binding (negative) study advice is issued, students will receive notice of the intention to issue one, after which they will be given the opportunity to put their case to the Faculty Board or its representative.

**Article 4.6 – Consequences of a binding (negative) study advice**

1. Students who have received a binding (negative) study advice may not register for the degree programme for a period of 2 years from 1 September of the next academic year.
2. Students who have been issued a binding (negative) study advice are not permitted to follow course units in this degree programme via a different degree programme or educational institution in order to avoid the consequences of their binding (negative) study advice. No exemptions will be granted for course units completed in this way, nor will such completed course units be recognized within the framework of the degree programme in any other way.

**Article 4.7 – Consequences of a positive study advice**

1. Holders of a positive study advice for the UG degree programme in question will be admitted to the post-propaedeutic phase of the degree programme.
2. Notwithstanding Article 4.7.1, the requirement that a previous course unit must have been successfully completed may apply to some individual course units. This compulsory order of course units is set out in Article 6.1 of Part B of these Teaching and Examination Regulations.
3. Admission based on a positive study advice does not apply to the Minor of the degree programme – for this, completion of the entire propaedeutic phase is a requirement.

**Article 4.8 – Admission to the post-propaedeutic phase: hardship clause**

The Board of Examiners may deviate from the stipulations of Article 4.7 in situations where changes to the curriculum or educational force majeure would demonstrably lead to a situation of unfairness of an overriding nature. This is only possible in unique personal circumstances that are so unusual that admission cannot reasonably be denied.

**SECTION 5 ADMISSION TO THE SECOND YEAR OF THE DEGREE PROGRAMME, THE POST-PROPAADEUTIC PHASE**

**Article 5.1 – Admission to the post-propaedeutic phase**

Subject to the assessment of the Admissions Board, the following students will be admitted to the post-propaedeutic phase of the degree programme:
1. Holders of a propaedeutic certificate, or students who have earned 60 ECTS credits in the first year of study in a related degree programme.
2. The Admissions Board may grant exemption from the requirement stipulated in Article 5.1.1 to holders of a diploma gained in the Netherlands or elsewhere and considered by the Admissions Board to
be at least equivalent to the propaedeutic certificate referred to in Article 5.1.1.

**Article 5.2 – Admission to the post-propaedeutic phase: hardship clause**

The Board of Examiners may deviate from the stipulations of Article 5.1 in situations where changes to the curriculum or educational force majeure would demonstrably lead to a situation of unfairness of an overriding nature. This is only possible in unique personal circumstances that are so unusual that admission cannot reasonably be denied.

**SECTION 6 MINORS AND THE HONOURS PROGRAMME**

**Article 6.1 – Minors**

1. As stated in Articles 3.8 and 3.9, the Major and Minor have the following student workloads:
   a. The Major comprises 150 ECTS credits.
   b. The Minor comprises 30 ECTS.
2. Course units, including Minors, that students of the degree programme follow in other degree programmes or at other faculties or institutes of higher education are subject to the authority of the Board of Examiners of the degree programme that is responsible for the assessment.
3. Course units, including Minors, in the degree programme, followed by students of other degree programmes, faculties or higher education institutions, are subject to the authority of the Board of Examiners of the degree programme.
4. Students must choose one of the following Minors:
   a. **Careers Minor**
      The Careers Minor comprises two parts; part 1. 15 ECTS orientation, and part 2. 15 ECTS placement, working in project teams or entrepreneurship.
   b. **Minor abroad**
      In order to qualify for a Minor abroad, students must (Bachelor’s students of Media Studies are exempt from these requirements):
      - Participate in a workshop in *Intercultural Competences* (Language Centre) prior to their stay abroad
      - Submit a Learning Agreement to the Board of Examiners of their own Bachelor’s degree programme for approval.
   c. **Pre-Master’s Minor**
      An overview of all Pre-Master’s Minors offered by the Faculty can be found in Appendix 1 to these Teaching and Examination Regulations.
   d. **University Minor**
   e. **Teacher-training Minor** (only for Dutch students of History, European Languages and Cultures (Language and Society and Culture and Literature tracks), English Language and Culture, Classical Studies, Minorities & Multilingualism (Frisian track) and Dutch Language and Culture).
5. The admission requirement for each Minor is a completed propaedeutic phase, with the exception of the Teacher-training Minor, for which a student must earn 80 ECTS of the Major.
6. For students taking two Bachelor’s programmes, the same Minor can count towards both programmes.
7. Previously earned ECTS credits can in principle not be used to substitute or gain exemption from Minor course units.
Article 6.2 – Bachelor’s Honours Programme

1. The Faculty participates in the Bachelor’s Honours Programme organized by the University of Groningen Honours College. The Bachelor’s Honours Programme does not form part of the regular Bachelor’s curriculum.
2. Students admitted to one of the Bachelor’s degree programmes offered by the Faculty can participate in the Bachelor’s Honours Programme if they are selected by the Dean of the University of Groningen Honours College. Please consult the Teaching and Examination Regulations of the University of Groningen Honours College for the selection procedure.
3. The Bachelor’s Honours programme has a total student workload of 45 ECTS credits, distributed over the three years of the Bachelor’s programme. The Bachelor’s Honours Programme, including the deepening Faculty part, is subject to the Teaching and Examination Regulations of the University of Groningen Honours College.
4. a. As the Honours Programme is not part of the regular Bachelor’s curriculum, the results and marks do not count towards the awarding of an honours predicate for the Bachelor’s programme.
   b. The Diploma Supplement that accompanies the Bachelor’s degree certificate will also list the results gained in the Bachelor’s Honours Programme.

SECTION 7 TESTS AND EXAMINATIONS OF THE DEGREE PROGRAMME

Article 7.1 – General

1. Every course unit has a test or examination.
2. The test or examination assesses students’ academic development and mastery of the learning outcomes of the course unit.
3. Tests and examinations are marked on a scale of 1.0 to 10.0. The final result of a course unit is expressed in a mark to no more than 1 decimal point. A mark of 5.5 or higher is a pass, any mark lower than 5.5 is a fail. If the final mark is calculated on the basis of several tests, the partial marks used in the calculation must not be rounded off.
4. If the calculation results in a mark to two or more decimal points, mathematical rounding rules must be used to round off the mark to one decimal point. An exception to this rule applies to marks between 5.45 and 5.49, which are rounded down to 5.4.
5. All lawfully taken examinations are marked.
6. A thesis is considered to be passed if it is awarded a non-rounded-off mark of at least 6.0.
7. An N-A registration will be recorded for any test or examination that is not taken.
8. The Board of Examiners referred to in Section 7 is always the Board of Examiners for the degree programme that sets the tests and examinations.
9. The Board of Examiners for the degree programme setting the examinations as referred to in Article 7.1.8 is authorized to assess tests and examinations, deal with any complaints and decide upon requests for alternative exam regulations.

Article 7.2 – Examination frequency and periods

1. There will be at least two opportunities a year to sit examinations. For partial examinations, one resit covering all the material may be opted for.
2. The periods in which examinations or partial examinations are held, are listed in the Assessment Plan and the syllabus.
3. The Board of Examiners will make a decision with regard to examinations for course units that are not taught in the relevant academic year.
4. Transitional provisions apply to examinations for course units that are no longer offered due to programme changes. These transitional provisions can be found in an Appendix to Part B of these Regulations.
5. The syllabus contains a resit regulation to explain which substitute or supplementary tests students can take if they have completed all elements of a course unit but have not succeeded in passing it.
Article 7.3 – Assessment of placement or research assignment

Placements and research assignments will be assessed by the relevant placement supervisor from the degree programme, who will have been appointed as an examiner by the Board of Examiners, after consultation with the host institution supervisor and the original commissioner.

Article 7.4 – Thesis/final assignment

6. The period(s) during which students can write their thesis/final assignment will be published in the Student Handbook, the Assessment Plan and OCASYS.
7. The thesis/final assignment will be assessed by the supervisor and a second assessor. In the event that these two assessors are unable to come to a joint assessment, the Board of Examiners will appoint a third assessor and determine how the final assessment will be reached.
8. If by the end of the period referred to in Article 7.4.5 the assessor(s) is/are of the opinion that the thesis/final assignment cannot be awarded a pass mark, the student will be given one opportunity to remedy the work in order to be awarded a pass mark within a timeframe defined by the degree programme. 5. Mock versions of each examination will be made available to practise with.

Article 7.6 – Request for an additional resit

1. Students may submit a request for an additional resit to the Board of Examiners.
2. Such a request may be granted if the student in question failed the relevant exam due to extraordinary circumstances and if not granting the request for an additional resit would result in unacceptable study delay.
3. The following criteria apply to granting a request for an additional resit for the last course unit in the degree programme:
   - it must be the last examination result needed
- not granting the request would result in study delay of at least one semester
- the examinee must have taken the last two regular exam opportunities for the course unit in question and in principle have gained at least a mark of 4.0.

Article 7.12 – Exemptions

1. At a student’s request, the Board of Examiners, having discussed the matter with the examiner in question, may grant exemption from an examination or part thereof, upon stating the grounds for such a decision and on condition that the student:

2. The validity period of exemptions granted for course units or parts thereof is identical to that of examination results.

Article 7.13 – Replacements and electives followed elsewhere

The Board of Examiners can only decide that a course unit is no longer valid if a student’s skills and knowledge are demonstrably outdated. In such cases the Board of Examiners may decide to require that student to take a supplementary or substitute examination before allowing him or her to progress to the final assessment.
3. The validity term can be extended in the event of extraordinary personal circumstances in accordance with the criteria applied by the Graduation Fund. For students who are receiving financial support from the Graduation Fund, the extended validity term will be the period during
which they receive support. The Board of Examiners will set the validity term for students who are not receiving financial support from the Graduation Fund.

5. The Board of Examiners will make a decision concerning a ban based on the written report by the examiner about the cheating or plagiarism discovered by him/her, and after hearing the examinee’s side of the story.

In cases of serious objectionable behaviour and/or remarks by a student, the Board of the University can in certain extraordinary cases, after advice from the Board of Examiners or from the Faculty Board, decide to terminate the registration of this student after having carefully assessed all the interests of the student and the institution and once it has been proven reasonable to assume that the student’s behaviour and/or remarks prove him/her to be unsuitable for one or more of the professions for which he/she is being trained in his/her degree programme, or for the practical preparation for that profession. In such cases the Faculty Board, the Board of Examiners and the Board
of the University will follow the *Protocol Iudicium Abeundi* [protocol for termination of registration] as approved by the *Nederlandse Federatie van Universitaire Medische Centra* [Netherlands Federation of University Medical Centres].

1. a. If the student’s study programme has been approved, the Board of Examiners will determine the result of the final assessment as soon as the student has successfully completed all the required course units. The Board of Examiners may define terms to this end. By determining the result of the final assessment, the Board of Examiners confirms that the student has achieved the learning outcomes formulated in Article 3.1 of Part B of these Teaching and Examination Regulations.

3. By determining the result of the final assessment, the Board of Examiners also commits itself to a speedy processing of the issuing of the certificate.
4. The graduation date is the date on which the final assessment is passed, as determined by the Board of Examiners in accordance with the provisions of Article 8.2.1, and not the date on which the degree certificate is presented to the student.
