### **Article 2.6 – Entrance examination: times**

1. Entrance examinations for the degree programme are held twice a year; once for students starting in the first semester and once for students starting in the second semester. However, degree programmes that only have one annual starting date, in September, only have one entrance examination per year.

Students who were admitted to the Master's degree programme in a previous year can reregister for September or February.

  - b. promote academic development. Students must satisfy the requirements set out in the *Nederlands Kwalificatieraamwerk Hoger Onderwijs* [Dutch National Qualifications Framework for Higher Education], which distinguishes the following indicators with regard to the second cycle (Master's phase):
    - i. Knowledge and understanding
    - ii. Application of knowledge and understanding
    - iii. Opinion forming
    - iv. Communication
    - v. Learning skills

### **Article 3.2 – Conducting research**

1. Students who conduct research as part of the degree programme must comply with the relevant legislation, the Dutch Code of Conduct for Academic Integrity, and the requirements of ethically sound research.

2. Throughout the research process, students must comply with the policy and procedures that apply in accordance with the Faculty data management policy.
3. Before the start of the research project, each student and their supervisor can draw up a data management plan together, which will be stored in accordance with the Faculty data policy. This plan should discuss at least the following:

4. Copyright for theses and other independently written assignments that aim to assess students' knowledge, understanding and skills will in principle lie with the student in question. Anyone who wants to use a student's thesis or other written work will need this student's permission. In order to archive theses and written assignments (possibly under embargo) and process them in accordance with the rules set out by the Dutch Inspectorate of Education and the Higher Education and Research Act, the University needs to be able to perform these activities without conditions. All students must give unconditional permission for these activities.

### **Article 3.3 – Type of degree programme**

The degree programme is full time. Article 1.1 of these Regulations lists the degree programmes that can also be followed in part-time mode.

2. For Double Degree Master's degree programmes or joint Master's degree programmes offered together with an institution abroad, at least one quarter of the programme must have been followed at the degree programme during the student's period of registration as a student at the UG.

### **Article 3.6 – Participation in course units**

1. All registered students must specify the course units they wish to follow in ProgRESS WWW before the academic year begins. The periods during which students can register are set annually by the Faculty. In principle, students can register for up to 30 ECTS credit points per semester. The Director of Studies may grant students exemption from this rule on the recommendation of the study advisor of the relevant degree programme.
2. Students who register for a course unit are automatically registered for all examinations and tests for that course unit.
3. Admission to course units is arranged according to predefined and published admission criteria and priority regulations. Students who are registered for the degree programme will be given priority for the compulsory course units in their Major. If a seminar is oversubscribed, students will be admitted based on the order of registration, bearing in

mind the entry requirements for the course unit and the phase the student is in.

4. Students who are enrolled in the Master's degree programme do not have access to any course units of a Bachelor's degree programme.

### **Article 3.7 – Attendance requirement for seminars**

1. An 80% attendance requirement applies to course units that include practical exercises (i.e. seminars). The exact conditions for successfully passing a seminar are included in the syllabus for the course unit in question.
2. In the event of absence of up to 20%, the lecturer may stipulate replacement assignments. Absence of more than 20% will result in the student being barred from further participation in the course unit and from the examination, and an N-A registration. Notification of absence from a seminar must always be supported by reasons. Anyone who misses the first two seminars without reason will lose the right to participate.
3. Students who satisfy the 80% attendance requirement but not the other requirements referred to in Article 3.7.1 in principle need only retake the test or examination in the next academic year and do not have to satisfy the 80% attendance requirement again. However, if the content of the seminar for the following year is significantly different, students must retake the course unit. Decisions in such cases are taken by the Board of Examiners.

### **Article 3.8 – Honours programme**

1. Students may participate in an Honours programme offered by the Honours College of the University of Groningen.
2. The Honours programme does not form part of the regular Master's curriculum. The results and marks do not count towards the awarding of an honours predicate for the Master's programme.
3. The student workload of the Honours programme is 15 ECTS. The Teaching and Examination Regulations of the Honours College apply to this programme.
4. The results of the Honours programme will be stated on the Diploma Supplement that forms part of the Master's degree certificate awarded to the student.

### **Article 3.9 – Study progress administration**

1. The Faculty Board is responsible for registering the individual results of students.
2. Students can consult their study results online via Progress Portaal.
3. Students may request a certified printout of their study results from the Office for Student Affairs.

### **Article 3.10 – Open Degree Programme**

Students may choose to follow a degree programme's Open Degree Programme, which deviates from the regular specialization(s) of the degree programme. An Open Degree Programme must always be approved in advance by the Board of Examiners of the degree programme in which the student is registered. Any further conditions with regard to the Open Degree Programme will be set out in Part B of these Regulations.

## SECTION 4 EXAMINATIONS

### Article 4.1 – Examination; general

1. Every course unit has a test or examination.
2. The test or examination assesses students' academic development and mastery of the learning outcomes of the course unit.
3. Tests and examinations are marked on a scale of 1.0 to 10.0. The final result of a course unit is expressed in a mark with no more than 1 decimal place. A mark of 5.5 or higher is a pass, any mark lower than 5.5 is a fail. If the final mark is calculated on the basis of several tests, the partial marks used in the calculation must not be rounded off.
4. If the calculation results in a mark with two or more decimal places, mathematical rounding rules must be used to round off the mark to one decimal place. An exception to this rule applies to marks between 5.45 and 5.49, which are rounded down to 5.4.
5. All lawfully taken examinations are marked.
6. A thesis is considered to be passed if it is awarded a non-rounded-off mark of at least 5.5.
7. An N-A registration will be recorded for any test or examination that is not taken.
8. The Board of Examiners referred to in Section 4 is always the Board of Examiners for the degree programme that sets the tests and examinations.
9. The Board of Examiners for the degree programme setting the examinations as referred to in Article 4.1.8 is authorized to assess tests and examinations, deal with any complaints and decide upon requests for alternative exam regulations.

### Article 4.2 – Board of Examiners

1. The Board of Examiners is the body responsible for determining, in an objective and expert manner, whether individual students satisfy the conditions set out in the Teaching and Examination Regulations with regard to the knowledge, understanding and skills required to gain a degree.
2. The composition and duties of the Board of Examiners are set out in the Faculty Regulations for the Faculty of Arts.

### Article 4.3 – Exemption

1. At a student's request, the Board of Examiners, having discussed the matter with the examiner in question, may grant exemption from an examination or part thereof, upon stating the grounds for such a decision and on condition that the student:
  - a. has completed part of a university or higher vocational degree in the Netherlands or abroad that is equivalent in content and level, or
  - b.
  - c. can demonstrate by work experience that he/she has sufficient knowledge and skills
  - d. with respect to the course unit in question.
2. The validity period of exemptions granted for course units or parts thereof is identical to that of examination results.

### Article 4.4 – Examination frequency and periods

1. There will be at least two opportunities a year to sit examinations. For partial examinations, one resit for all partial examinations together may be opted for.

2. The periods in which examinations or partial examinations are held, are listed in the Assessment Plan and the syllabus.
3. The Board of Examiners will make a decision with regard to examinations for course units that are not taught in the relevant academic year.
4. Transitional provisions apply to examinations for course units that are no longer offered due to programme changes. These transitional provisions can be found in an Appendix to Part B of these Regulations.
5. The syllabus contains a resit regulation to explain which substitute or supplementary tests students can take if they have completed all elements of a course unit but have not succeeded in passing it.

#### **Article 4.5 – Mode of assessment**

1. The mode of assessment for each course unit is set out in the syllabus. The guiding principle is the Assessment Plan of the degree programme.
2. In situations of force majeure, when it is not reasonably possible to provide examinations in the manner stated in OCASYS, alternative modes of instruction and assessment may temporarily be used. This is on condition that the prescribed learning outcomes are still achieved.
3. At a student's written request, the Board of Examiners may allow an examination to be taken in a form different from that stated above.
4. The Board of Examiners may also grant exemption from active participation in a course unit. In such cases, the Board of Examiners will require the activities connected to the course unit in question to be performed in a different way that it will determine.
5. If no mode of assessment is listed for a course unit in these Regulations because the course unit is not taught in the programme, then the relevant Teaching and Examination Regulations for that course unit will apply.
6. Mock versions of each examination will be made available to practise with.
7. In situations that the Board of the University deems situations of force majeure, in which it is not reasonably possible to provide teaching and examinations in the manner stated in the syllabus, alternative modes of instruction and assessment may temporarily be used. This is on condition that the temporary alternative modes of instruction and assessment are added to the syllabus as an addendum, after they have been approved by the Board of Examiners. In principle, the approved intended learning outcomes of the course unit concerned must also be achieved while the alternative modes of instruction and assessment are used. After approval by the programme coordinator, a proposal for amending the learning outcomes can be submitted to the Board of Examiners for approval if achieving the intended learning outcomes is impossible. A proposal to that effect must be carefully substantiated and include references to other course units that assess the learning outcomes in question to at least the same level of command. An amendment to a learning outcome will be added as an addendum to both the syllabus of the course unit concerned and the degree programme's Assessment Plan, and if necessary to the matrix of learning outcomes as well.

#### **Article 4.6 – Partial examinations**

How the marks of partial examinations are weighted and determined is set out in the syllabus of the relevant course unit.

#### **Article 4.7 – Examinations and functional impairments**

1. Students with a functional impairment will be given the opportunity to take examinations in a form that will compensate as far as possible for their individual disability. If necessary, the Board of Examiners will seek expert advice from a student counsellor of the Student Service Centre (SSC) before making a decision.
2. With regard to examinations for electives taken at other degree programmes by students with a functional impairment, the Board of Examiners of the degree programme that sets the examination will comply with the facilities permitted by the Board of Examiners of the degree programme for which the student is registered.

#### **Article 4.8 – Oral examinations**

1. Oral examinations are public, unless the Board of Examiners or the relevant examiner stipulates otherwise, or the student objects to the public nature of the examination due to extraordinary circumstances. A second examiner may attend the oral examination at the request of the student and/or the examiner.
2. Oral examinations will be recorded in a written report or by means of an audio recording. The presence of a second examiner during the oral examination is required if the examination is recorded in written form.

#### **Article 4.9 – Assessment of placement or research assignment**

Placements and research assignments will be assessed by the relevant placement supervisor from the degree programme, who will have been appointed as an examiner by the Board of Examiners, after consultation with the host institution supervisor and the original commissioner.

#### **Article 4.10 – Thesis**

1. A thesis can in principle be used for only one University of Groningen degree programme. Full or partial exemption for a degree programme's thesis may be granted by the Board of Examiners on the basis of a thesis written for another degree programme.
2. Students' theses/final assignments must be individually assessed.
3. Part B of these Teaching and Examination Regulations sets out the language requirements for theses/final assignments.
4. Theses are stored by the Faculty Board for a period of seven years.
5. Students will be given the opportunity to write their thesis/final assignment at least twice per academic year.
6. The period(s) during which students can write theses will be published in the Student Handbook and/or OCASYS.
7. The thesis/final assignment will be assessed by the supervisor and a second assessor. In the event that these two assessors are unable to come to a joint assessment, the Board of Examiners will appoint a third assessor and determine how the final assessment will be reached.
8. If by the end of the period referred to in Article 4.10.5 the assessor(s) is/are of the opinion that the thesis/final assignment cannot be awarded a pass mark, the student will be given one opportunity to remedy the work in order to be awarded a pass mark within a time frame defined by the degree programme. If the revised work cannot be awarded a pass mark, the student will have to complete a new thesis/final assignment with a new topic and a different

supervisor.

9. More detailed regulations on the design, content, time frame and assessment of the thesis can be found in the syllabus for the thesis/final assignment of the Master's degree programme.
10. The Board of Examiners is the only body that can deviate from the provisions of this Article at the written request of a student.

#### **Article 4.11 – Request for an additional examination opportunity**

1. Students may submit a request for an additional resit to the Board of Examiners.
2. Such a request may be granted if the student in question failed the relevant exam due to extraordinary circumstances and if not granting the request for an additional resit would result in unacceptable study delay.
3. The following criteria apply to granting a request for an additional resit for the last course unit in the degree programme:
  - a. it must be the last examination result needed
  - b. not granting the request would result in study delay of at least one semester
  - c. the examinee must have taken the last two regular examination opportunities for the course unit in question and in principle have gained at least marks of 4.0 and 5.0.

#### **Article 4.12 – Examination provisions**

Contrary to the provisions of Article 4.4 (Examination frequency and periods), the Board of Examiners may decide to grant individual students a specific examination provision if not doing so would lead to an 'exceptional instance of unfairness of an overriding nature'. Requests for individual examination provisions, including documentary evidence, must be submitted to the Board of Examiners as soon as possible.

#### **Article 4.13 – Marking of examinations and publication of marks**

1. After an oral examination, the examiner will assess the examination as soon as possible, but in any case within one week, and provide the student with a statement on request.
2. Written examinations must be marked within ten working days, although in the case of an examination with essay questions taken by more than 50 students, this term is extended to fifteen working days.
3. If an examination is taken in a form other than oral or written, the Board of Examiners will determine in advance how and when students will receive written confirmation of the result.
4. In special cases, the Board of Examiners may deviate from the
5. marking periods set out in Articles 4.13.2 and 4.13.3.
6. The written confirmation of the result of an examination will also inform students of their right of inspection, as stipulated in Article 4.15.1, as well as their right to appeal.
7. A course unit or an examination that has been passed may not be taken again.
8. Students can lodge an appeal against the results of an examination with the Central Portal for the Legal Protection of Student Rights (CLRS) within six weeks of the date on which the result was announced.

#### **Article 4.14 – Validity**

1. Completed course units remain valid indefinitely.

- a. Contrary to the provisions of Article 4.14.1, the Board of Examiners may decide to require a student to take a supplementary or substitute examination for a course unit taken more than (..) years previously before allowing that student to progress to the final assessment if the student's knowledge, understanding or skills to be assessed are demonstrably outdated.
  - b. In the event of extraordinary personal circumstances, the term of validity will be extended to include the period during which the student in question receives support from the Graduation Fund.
2. Partial examinations and assignments passed within a course unit that has not been successfully completed will lapse at the end of the academic year in which they were passed.

#### **Article 4.15 – Right of inspection**

1. On request, students have the right to inspect their marked work during a period of at least six weeks after the results of a written examination have been made known.
2. Within the timeframe stipulated in Article 4.15.1, any interested person may request that they be allowed to peruse the examination paper as well as the assessment norms and criteria.
3. The examiner can determine that inspection or perusal of examination papers will take place at a certain place and at a certain time. If the person concerned can show that they were prevented by force majeure from attending at the indicated places and times, they will be offered another opportunity, if possible within the period stated in Article 4.15.1.

#### **Article 4.16 – Assessment Plan**

The Assessment Plan approved by the Faculty Board is part of the OER of each degree programme. The Assessment Plan comprises the following:

- a. the learning outcomes of the degree programme
- b. the course units of the degree programme with their student workload in ETCS, and the learning outcomes of each course unit
- c. the relationship between the course units and the learning outcomes of the degree programme
- d. the mode of assessment and test moments for each course unit
- e. the test design procedures, assessment procedures, and assessment criteria used
- f. a list of who is responsible for the implementation of the various components of the assessment policy
- g. the manner of regular evaluation.

#### **Article 4.17 – Cheating and plagiarism**

1. Cheating is an act or omission by a student designed to partly or wholly hinder the forming of a correct assessment of their own or someone else's knowledge, understanding and skills.
2. Cheating also includes plagiarism, which means copying one's own or someone else's work without correct reference to the source.
3. The University uses a plagiarism scanner to check theses and written assignments for plagiarism. Each student is personally responsible for maintaining academic integrity.
4. If a student cheats, the Board of Examiners may exclude that student from participation in one or more examinations or final assessments for a maximum of one year.
5. The Board of Examiners will make a decision concerning a ban based on the written report by the examiner about the cheating or plagiarism discovered, and after hearing the examinee's side of the story.

6. A ban means that no result will be awarded for the examination or practical exercise in question and an 'FR registration' will be recorded instead.
7. In the event of serious cheating, the Board of Examiners can request the Board of the University to permanently terminate a student's registration in the degree programme.

#### **Article 4.18 – Invalid examination**

In the event of irregularities with regard to an examination that are so serious that an accurate assessment of the examinee's knowledge, understanding and skills cannot be made, the Board of Examiners may declare the examination invalid for either an individual examinee or a group of examinees.

#### **Article 4.19 – Termination of enrolment**

1. In extraordinary cases of reprehensible behaviour or statements made by a student, the Board of the University may, on the recommendation of the Board of Examiners or the Faculty Board, terminate that student's registration.
2. The Board of the University will not make a decision as referred to in Article 4.21.1 until after the student in question has been given an opportunity to put their case forward, any interests of the student and of the institution have been carefully assessed and it has been proven reasonable to assume that the student's behaviour and/or statements prove that they are unsuitable for one or more of the professions for which they are being trained in their degree programme, or for the practical preparation for the profession.
3. In such cases, the Faculty Board, the Board of Examiners and the Board of the University will follow the *Protocol Iudicium Abeundi* [protocol for termination of registration] as approved by the *Nederlandse Federatie van Universitaire Medische Centra* [Netherlands Federation of University Medical Centres] on 1 November 2010.
4. The stipulations in the University of Groningen Regulations for Registration and Tuition Fees apply.

## **SECTION 5 FINAL ASSESSMENT**

#### **Article 5.1 – Final assessment**

1. The degree programme is concluded with a final assessment.
2. a. On the condition that the student's study programme has been approved, the Board of Examiners will determine the result of the final assessment as soon as the student has passed all the required examinations. The Board of Examiners may define terms to this end. The results of the final assessment are an indication that the student has acquired the necessary academic training. The Board of Examiners will issue a degree certificate indicating this.  
b. If a student fails to meet the relevant deadlines for approval of the study programme, referred to under a, the Board of Examiners may postpone the graduation date. The new date may be in the academic year following the year in which the last examination was passed.
3. Before the result of the final assessment can be determined, the Board of Examiners may decide to test the student's knowledge of one or more course units or components of the degree programme, if and inasmuch as the marks for the relevant examinations provide a

reason for doing so.

4. By determining the result of the final assessment, the Board of Examiners also commits itself to a speedy processing of the degree certificate ceremony.
5. Students who wish to postpone the date of graduation due to extra examinations must submit a written request to this end to the Board of Examiners via the Office for Student Affairs ([bsz.let@rug.nl](mailto:bsz.let@rug.nl)) within two weeks of the date on which the graduation date is determined. The graduation date will become definite after these two weeks.
6. The graduation date is the date on which the final assessment is passed, as determined by the Board of Examiners in accordance with the provisions of Article 5.1.2, and not the date on which the degree certificate is presented to the student.

### **Article 5.2 – Degree certificate**

1. Students will receive a certificate issued by the Board of Examiners as proof that they have passed the final assessment. Even if a student successfully completes more than one track within a degree programme, he or she will receive only one degree certificate. Double Degree programmes are an exception to this rule.
2. The Board of Examiners will issue an International Diploma Supplement with each degree certificate.
3. If relevant, the results obtained in the Master's Honours Programme will also be stated on the Diploma Supplement that accompanies the Master's degree certificate.

### **Article 5.3 – Degree**

1. Students who have satisfied all the requirements of the final assessment will be awarded the degree 'Master of Arts'. However, students who pass the final assessment of the Information Science track of the Master's degree programme in Communication & Information Studies will be awarded the degree 'Master of Science'.
2. The degree awarded will be indicated on the degree certificate.

### **Article 5.4 – Honours ('Cum Laude'/'Summa Cum Laude')**

1. The Board of Examiners will determine whether or not the Master's degree certificate will be awarded an honours predicate.
2. The following conditions apply:
  - a. The mark for the thesis must satisfy the following minimum conditions:
    - i. 'Cum laude': the mark for the thesis must be at least 8.0
    - ii. 'Summa cum laude': the mark for the thesis must be at least 9.0.
  - b. The weighted average (not rounded off) for all course units, excluding the thesis, within the examination programme approved by the Board of Examiners is
    - i. greater than or equal to 8.0 for 'Cum laude'
    - ii. greater than or equal to 9.0 for 'Summa cum laude'
3. No honours will be awarded if the student workload of exemptions in ECTS credit points is more than half the total number of ECTS for the degree programme. This stipulation does not apply to Double Degree programmes.
4. Honours may only be awarded if the examinations for the course units were taken only once.

5. Honours may only be awarded if no course unit was awarded a mark less than 7.0.
6. No honours will be awarded if a decision by the Board of Examiners has been taken to the effect that a student is no longer eligible for an honours predicate because cheating/plagiarism has been detected.
7. In certain circumstances, the Board of Examiners may depart from the provisions set out in Articles 5.4.2-6.

## **SECTION 6 STUDY PROGRESS SUPERVISION**

### **Article 6.1 – Study progress administration**

1. The Faculty Board is responsible for registering the individual results of students.
2. Students can consult their study results online via ProgRESS WWW.
3. Students may request a certified printout of their study results from the Office for Student Affairs.

### **Article 6.2 Study progress supervision**

The Faculty Board will organize the introduction and the study progress supervision of students enrolled in the degree programme, partly to promote their progress and also with a view to potential study options within and outside the degree programme.

1. Any amendments to these Regulations will, following a recommendation by and/or upon the approval of the Programme Committee and in consultation with – and where necessary upon the approval of – the Faculty Council, be confirmed by the Faculty Board in a separate decree.
2. Any amendments to these Regulations will not apply to the current academic year, unless it may reasonably be assumed that the amendment in question will not harm the interests of students.
3. In addition, an amendment may not influence any other decision concerning a student taken by the Board of Examiners under these Regulations to the detriment of students.

### **Article 7.2 – Publication**

1. The Faculty Board will duly publish these Teaching and Examination Regulations as well as any amendments to them.
2. Copies of these Regulations are available from the Faculty Office. These documents can also be found on the Faculty website through the Student Portal.

### **Article 7.3 – Evaluation**

### **Article 7.4 – Entry into force**

These Regulations will take effect on 1 September 2022.
