Manual / Procedure Readersupport Law

The University Library supports the Faculty of Law concerning implementing (links to) digitally available literature in Nestor and Readers. This support consists of:

- reminding teachers of faculty rules and regulations every semester (e-mail);
- checking the ELO on use of full text publications at the beginning of each semester;
- reporting this check to the Faculty Board;
- supporting teachers in making persistent links;
- advising teachers on linkable alternatives.

For questions you may contact: readers.rechten@rug.nl.
