

Max Gruber Prize 2016

The Max Gruber Prize is awarded biannually to the best peer reviewed publication, produced by a PhD student of the University of Groningen in Biochemistry or Cell Biology

Award ceremony

Speakers

Dr. Jelle Slager

Molecular Genetics, GBB
University of Groningen

'Antibiotic-induced replication stress triggers bacterial competence by increasing gene dosage near the origin'
(Cell 2014, 157: 395–406)

Dr. Balaji Srinivasan

Cell Biology
University Medical Center Groningen

'Extracellular 4'-phosphopantetheine is a source for intracellular coenzyme A synthesis'
(Nature Chemical Biology 2015 : 1-12)

Dr. Georges Janssens

Cellular Biochemistry, ERIBA
University Medical Center Groningen

'Protein biogenesis machinery is a driver of replicative aging in yeast'
(eLIFE 2015, 4 : 1-24)

<i>Date</i>	Friday, February 17, 2017
<i>Time</i>	16.00 hrs
<i>Location</i>	Bernoulliborg, Nijenborgh 9, room 5161.0151
<i>Host</i>	Max Gruber Foundation
