Please note

The talent grant is not a full scholarship. Non-EU/EEA students will need to acquire additional funding to finance their studies. One of the conditions of obtaining a visa and residence permit in the Netherlands is that students (annually) submit proof of sufficient financial means to cover their study period in the Netherlands. This amounts to approx. €12.000 per year (not including tuition fee), to cover the costs for rent, insurance, living expenses, study material, etc.
