to obtain the degree of PhD at the
University of Groningen
on the authority of the
Rector Magnificus prof. C. Wijmenga
and in accordance with
the decision by the College of Deans.

This thesis will be defended in public on

Monday 13 January 2020 at 16.15 hours

by

Angélica María Sabogal Guáqueta

born on 12 October 1987
in Ibagué, Colombia

Supervisors

Prof. H.W.G.M. Boddeke

Co-supervisor

Dr. A.M. Dolga

Prof. G.P. Cardona Gomez

Assessment Committee

Prof. M. Schmidt

Prof. U.L.M. Eisel

Prof. C. Culmsee

Paranymphs:

Pien Goldsteen

Asmaa Oun

Table of content

Chapter 1	General introduction	9	Chapter 6	Transversal phenomenon in the brain parenchyma of dementias: Phospholipid profile analysis between CADASIL and Sporadic Alzheimer disease	141
Chapter 2	Linalool reverses neuropathological and behavioral impairments in old triple transgenic Alzheimer's mice	33		<i>Submitted</i>	
	<i>Neuropharmacology 102 (2016) 111-120. doi: 10.1016/j.neuropharm.2015.11.002</i>		Chapter 7	Microglia alterations in neurodegenerative diseases and their modeling with human induced pluripotent stem cell and other platforms	171
Chapter 3	Changes in the hippocampal and peripheral phospholipid profiles are associated with neurodegeneration hallmarks in a long-term global cerebral ischemia model: Attenuation by Linalool	53		<i>Manuscript in preparation</i>	
	<i>Neuropharmacology 135 (2018) 555-571. doi: 10.1016/j.neuropharm.2018.04.015</i>		Chapter 8	Generation and functionality of human microglia-differentiated induced pluripotent stem cells	205
Chapter 4	Linalool attenuates oxidative stress and mitochondrial dysfunction mediated by glutamate damage	89		<i>Manuscript in preparation</i>	
	<i>Biomedicine & Pharmacotherapy 118 (2019) 1-12. doi: 10.1016/j.biopha.2019.109295</i>		Chapter 9	General discussion, conclusions and perspectives	223
Chapter 5	Inverse Phosphatidylcholine/Phosphatidylinositol Levels as Peripheral Biomarkers and Phosphatidylcholine/Lysophosphatidylethanolamine-Phosphatidylserine as Hippocampal Indicator of Postischemic Cognitive Impairment in Rats	115	Appendix	Summary	243
	<i>Frontiers in Neuroscience (2018) 1-16. doi: 10.3389/fnins.2018.00989</i>			Resumen	246
				Samenvatting Netherlands	248
				General abbreviations	250
				Curriculum Vitae	251
				List of publications	252
				Acknowledgments	253
