Inverse Problems in elastography and displacement-flow MRI

PhD thesis

to obtain the degree of PhD at the
University of Groningen
on the authority of the
Rector Magnificus Prof. C. Wijmenga
and in accordance with
the decision by the College of Deans

and

to obtain the degree of PhD at the
University of Chile,
Faculty of Physical and Mathematical Sciences.

Double PhD degree

This thesis will be defended in public on

Thursday 30 January 2020 at 09:00 a.m.
