The logo for Gazelle features the word 'Gazelle' in a bold, black, sans-serif font. The letter 'e' at the end is stylized to resemble the head and neck of a gazelle, with blue lines representing the fur or mane.

Waarom zou men in de geschiedenisles computers gebruiken? En als men dat dan doet, is het dan alleen maar voor de aardigheid, of is een computer een nuttig instrument dat een belangrijke verrijking voor het geschiedenisonderwijs zou kunnen betekenen?

Why would anyone use computers during history lessons? And if one does, will it be just for fun, or will the computer appear to be a useful instrument and a valuable enrichment to history education in general?
