Aneesh and Florian, you have been great officemates and friends. All those fascinating discussions, fun and enormous amount of consumed tea made my work even more enjoyable. How can I forget that wonderful time we had together during squash, table tennis, poker, bowling games. Aneesh, the revanche in table tennis is still waiting for you. Florian, tell me how I can win a game of squash or bowling with you? Those experiences with you guys in Italy, Germany, France, Austria, The United States, Spain and Hungary are always in my memory.

I would like to thank Sijbo, Florian and Thijs for their immense help in managing official letters in Dutch, especially those from the Dutch tax authorities. Thijs and Florian, thank you for supporting me at my defense as Paronymphs.

Thijs, Florian, Alessio, Diego, Aneesh, Sijbo, Kostya and others. It has been great to spend all the Champions League evenings together! What are your predictions? I would say this year Barcelona will keep the title! After all those poker tables I cannot wait for another session to win my money back! Thijs, personally, a chess revanche has to be scheduled pretty soon! And no spicy food this time! I would like to keep my concentration!
