A Dynamic Approach to the Development of Lexicon and Syntax in a Second Language

PhD thesis

to obtain the degree of PhD at the
University of Groningen
on the authority of the
Rector Magnificus Prof. E. Sterken
and in accordance with
the decision by the College of Deans.

This thesis will be defended in public on

Thursday 12 March 2015 at 16:15 hours

by

Hui-Ping Chan

born on 26 February 1981
in Taipei, Taiwan

Promotor

Prof. C.L.J. de Bot

Co-promotor

W.M. Lowie

Assessment committee

Prof. P. Meara

Prof. P.L.C. van Geert

Prof. J. Nerbonne

“Art is a lie that makes us realize truth.”
Pablo Picasso

Contents

1	Introduction	1
2	Background: A Dynamic Systems and Usage-Based Approach to Writing and Speaking	5
2.1	A usage-based approach to second language development . . .	6
2.2	Dynamic system theory as a theory of second language development	8
2.3	Dynamic system theory approaches to modelling language development	12
2.4	Incidental and intentional vocabulary learning and vocabulary knowledge	13
2.5	Second language development in writing and speaking . . .	14
2.6	English language in Taiwan	16
2.7	Main research questions	17
3	The effects of the enhanced input on learning word associations and collocations	21
3.1	Introduction	22
3.2	Theoretical Background	24
3.2.1	The process of vocabulary acquisition	24
3.2.2	Vocabulary knowledge	26
3.2.3	Word associations	29
3.2.4	Word collocations	30
3.2.5	The effect of course density	31
3.2.6	The aims of the current study	31
3.3	Method	32
3.3.1	Design	32
3.3.2	Participants	33
3.3.3	Sources of input outside the classroom	33

3.3.4	Experiment procedure	34
3.3.5	Assessment of collocations and associations	34
3.3.6	Analysis procedure	36
3.4	Results	36
3.5	Discussion	39
3.6	Conclusions	42
4	Input outside the classroom and vocabulary development: A dynamic perspective	43
4.1	Introduction	44
4.2	Theoretical background	46
4.2.1	Vocabulary Size and Lexical difficulty	46
4.2.2	Intentional and incidental vocabulary learning	48
4.2.3	A dynamic perspective of vocabulary development	49
4.2.4	Modelling vocabulary development	49
4.3	The study	51
4.3.1	Method	51
4.3.2	Participants	51
4.3.3	Materials	52
4.3.4	Input stages	52
4.3.5	Writing tasks	53
4.3.6	Procedure	53
4.3.7	Design and analyses	54
4.3.8	The modelling procedure	55
4.4	Results	56
4.4.1	Developmental trajectory	56
4.4.2	Developmental trajectory of smoothed data	56
4.4.3	Parameter values of the model fitting	56
4.4.4	Mean of vocabulary size in each input stage	59
4.4.5	Summary of results	60
4.5	Discussion	61
4.6	Conclusion	62
5	A case study of lexical development of writing and speaking in identical twins	65
5.1	Introduction	66
5.2	Literature Review	66
5.2.1	Theoretical models of writing and speaking	66
5.2.2	Characteristics of beginner learners of English in Tai- wan	68
5.2.3	Studies comparing writing and speaking	68

5.2.4	A dynamic systems approach to lexical development	70
5.3	Method	71
5.3.1	Participants	71
5.3.2	Procedure	71
5.3.3	Hidden Markov Model (HMM)	72
5.4	Results	73
5.4.1	Comparison of the means and correlations of variables in writing and speaking	73
5.4.2	Modelling development of speaking and writing	75
5.5	Discussion	77
5.6	Conclusions	79
6	Dynamic syntactic development in speaking versus writing in identical twins	81
6.1	Introduction	82
6.2	Theoretical Background	84
6.2.1	Complexity in speaking and writing in L1 and L2	84
6.2.2	Complexity measures in language development	87
6.3	The study	89
6.3.1	Participants	89
6.3.2	Procedure	90
6.3.3	Analyses	92
6.4	Results	94
6.5	Discussion	99
6.6	Conclusions	101
7	Discussion	103
7.1	General Summary	104
7.2	Vocabulary learning and Input	105
7.3	Components of word knowledge	106
7.4	Language environment and its embedded subsystems	108
7.5	Interaction among embedded subsystems	111
7.6	Modeling language development	114
7.7	Vocabulary learning	116
7.8	Future studies	117
8	Conclusion	121
8.1	The effects of enhanced input on learning collocations and associations	122
8.2	The effects of enhanced input on the difficulty of word use in writing	123

8.3	Lexical development in writing and speaking	124
8.4	Syntactical development of writing and speaking	125
8.5	Contribution and future research	126
	Bibliography	127
	Appendix	145
	Summary	171
	Samenvatting	175
	Acknowledgement	177
	List of Publications	179
	Curriculum Vitae	181
