**Student Interaction
in the Implementation of the Jigsaw Technique in Language Teaching**

Siti Mina Tamah

1. Interaction with others is an essential part of any learning process, especially language learning.
    Chapter 2 of this thesis

2. Peer learning is at the center of foreign language learning.
    Chapter 2 of this thesis

3. Students are frequently and increasingly one another's resource for language learning.
    Chapter 6 of this thesis

4. Student-student interaction provides the opportunity for the students to come up with a better formulated main idea when discussing a reading text.
    Chapter 7 of this thesis

5. The hidden power of student-student interaction should not be underestimated.
    Siti Mina Tamah

6. Education is what survives when what has been learned has been forgotten.
    B. F. Skinner

7. There are two reasons why people learn: one, because someone said 'You can't', and the other, because someone said 'You can'.
    Howard Wilson Retired NZ Principal

8. We don't have to make human beings smart. They are born smart. All we have to do is stop doing things that make them stupid.
    John Holt

9. I have learnt to say the word 'impossible' with great caution.
    Verner von Braun
