# Deciding upon a career within the medical field

**PhD thesis**

to obtain the degree of PhD at the  
University of Groningen  
on the authority of the  
Rector Magnificus Prof. E. Sterken  
and in accordance with  
the decision by the College of Deans.

This thesis will be defended in public on

Monday 18 January 2016 at 16.15 hours.

by

**Sabine Guntern**

born on 21 April 1975  
in Visp, Switzerland

**Supervisor**

Prof. M.P.C. van der Werf

**Co-supervisor**

Dr. H. Korpershoek

**Assessment committee**

Prof. H.P.J.M. Dekkers

Prof. A.D.C. Jaarsma

Prof. W.H.A. Hofman

# Acknowledgement

First and foremost, I would like to express my deep appreciation and gratitude to Greetje van der Werf. Thank you very much for accepting me in your research group and for sharing your extensive knowledge with me. Many times I was amazed about your detailed feedback that helped me to further improve my thesis. Thank you also for believing in me and for encouraging me to follow my way. I enjoyed working with you a lot!

Special thanks also go to Hanke Korpershoek for helping me to develop my research ideas, for carefully proof-reading my manuscripts and for patiently correcting them. Your timely and comprehensive feedback helped me to accomplish the research goals. Thank you very much for being a source of motivation and a valuable guide throughout my dissertation.

Besides my advisors, I would like to thank the assessment committee (Prof. dr. H. P. J. M. Dekkers, Prof. dr. A. D. C. Jaarsma, Prof. dr. W. H. A. Hofman) for carefully reading my thesis and providing me with helpful comments.

Many thanks also go Jessica Bakker for timely editing the texts. Sonja and Stefanie, thanks a lot for your help and support in organizational issues.

Special thanks also go to Dorinde. Thank you very much for all your support in- and outside university. You have been a very caring friend and made me feel welcome right from the beginning. I appreciated your friendly and open way of communication very much. It was great to share the room with you. Many thanks also go to Edwin for being an attentive colleague, always there when needed. Besides many other things, the two of you also supported me to find my way around the Dutch language and culture. Anneke, thank you very much for your valuable input on scientific issues and especially also for your encouraging words with regard to the defense. Rink and Henk, thank you very much for your elaborate feedback that helped me to get the research papers published. Mayra, thank you very much for your useful networking within the university. Thanks a lot Maaïke for all your helpful input and support at the end of my dissertation. Many thanks also go to my

other colleagues from GION who helped me at different stages with their input to complete the dissertation.

Jasperina, thank you for sharing your experiences with me and for your humor. Last but not least, my sincere gratitude goes to Theo for providing the right advice at the right time and for being a good friend.

An dieser Stelle möchte ich mich auch bei meinen Freunden in der Schweiz für all ihre Unterstützung, für ihre aufmunternden Worte und ihr Vertrauen in meine Entscheidungen bedanken. Besonderer Dank gebührt Stefan für seine Hilfe beim Erstellen des Self-Assessments. Ein herzliches Dankeschön geht auch an Simone. Du warst mir in den unterschiedlichsten Situationen eine grosse Stütze während meiner Dissertation.

Diese Arbeit wäre jedoch nicht möglich gewesen ohne die Unterstützung und das bedingungslose Vertrauen meiner Eltern. Ganz herzlichen Dank, dass ihr immer für mich da wart. Liebe Meike, du hast ganz wesentlichen Anteil am Gelingen dieser Arbeit. Du hast unermüdlich an mich geglaubt und mich tatkräftig unterstützt. Dafür gibt es keine angemessenen Worte. Ganz einfach: merci vielmals für alles!

# Table of contents

<b>CHAPTER 1</b>	<b>11</b>
INTRODUCTION	
Research Background.....	12
The Value of Non-Cognitive Factors in Medical Studies.....	15
Research Topics .....	18
Holland’s Theory of Vocational Choice.....	20
Aims of This Thesis .....	21
Outline of This Thesis .....	23
<b>CHAPTER 2</b>	<b>25</b>
PROFILING THE CAREER CONCEPTIONS OF MEDICAL APPLICANTS: THEIR STUDY CHOICE CERTAINTY AND ASPIRED WORK ENVIRONMENT	
<i>Abstract</i> .....	26
<i>Introduction and Problem Statement</i> .....	27
Holland’s Theory of Vocational Choice.....	29
Personality Traits Within the Theory of Holland .....	30
Aims of the Present Study .....	31
<i>Method</i> .....	32
Participants .....	32
Measures.....	33
Data Analyses.....	34
<i>Results</i> .....	35
Descriptive Results.....	35
Latent Class Analysis .....	37
Associations Between the Four Cluster Solution and Career-Conception-Related Variables.....	40
<i>Discussion</i> .....	42
Implications .....	43
Limitations and Future Research.....	45
Conclusion.....	46
<b>CHAPTER 3</b>	<b>47</b>
MEDICAL APPLICANTS’ STUDY EXPECTATIONS: A COMPARISON WITH MEDICAL STUDENTS’ ACTUAL STUDY EXPERIENCES	
<i>Abstract</i> .....	48

<i>Introduction and Problem Statement</i> .....	49
Expectations Linked to the Vocational Choice Theory of Holland .....	51
The Present Study.....	52
<i>Method</i> .....	53
Participants .....	53
Questionnaire and Data Analyses.....	54
<i>Results</i> .....	55
<i>Discussion</i> .....	60
Practical Implications .....	63
Study Limitations .....	63
Future Research .....	64
Conclusion.....	65

## **CHAPTER 4** **67**

### BENEFITS OF PERSONALITY CHARACTERISTICS AND SELF-EFFICACY IN THE ACADEMIC ACHIEVEMENT OF MEDICAL STUDENTS

<i>Abstract</i> .....	68
<i>Introduction and Problem Statement</i> .....	69
Personality Characteristics as Predictors of Academic Achievement .....	70
Self-Efficacy as Predictor of Academic Achievement .....	71
The Present Study.....	71
<i>Method</i> .....	72
Participants .....	72
Measuring Personality Characteristics and Self-Efficacy.....	73
Measuring Prior Performance and Academic Achievement of Medical Students. ....	74
Control Variables .....	75
Data Analyses.....	75
<i>Results</i> .....	76
Descriptive Results.....	76
Hierarchical Logistic Regression Analyses .....	77
<i>Discussion</i> .....	79
Practical Implications .....	82
Limitations .....	82
Further Research.....	84
Conclusion.....	85

## **CHAPTER 5** **87**

### PRESTIGE ADDED TO HOLLAND’S VOCATIONAL INTEREST SCALES FOR THE PREDICTION OF MEDICAL STUDENTS’ ASPIRED WORK ENVIRONMENT

<i>Abstract</i> .....	88
<i>Introduction and Problem Statement</i> .....	89
Person-Environment Fit.....	90
Prestige .....	91
Description of Medical Specialties.....	92
The Present Study.....	93
<i>Method</i> .....	95
Participants .....	95
Measures.....	95
Data Analyses.....	97
<i>Results</i> .....	97
Medical Students' Vocational Interests.....	97
The Relation Between Students' Interests and Their Aspired Work Environments .....	99
<i>Discussion</i> .....	104
Practical Implications .....	106
Limitations and Future Research.....	106
Conclusion.....	107
<b>CHAPTER 6</b>	<b>109</b>
SUMMARY, GENERAL CONCLUSIONS AND DISCUSSION	
Introduction and General Problem Statement.....	110
Summary of the Main Findings .....	113
General Conclusions and Discussion .....	115
Suggestions for Further Research and Implications for Theory Development....	119
Implications for Practice.....	123
<b>NEDERLANDSE SAMENVATTING</b>	<b>127</b>
Introductie en Algemene Probleemstelling .....	128
Samenvatting van de Resultaten.....	129
