*het hart is jong en het wordt alleen maar jonger
het lichaam piept en kraakt
kan het leven amper aan...
maar het hart wordt steeds vrijer
't gooit de ballast overboord
het verdrijft alle angst zodat oud zijn draaglijk wordt*

A. Grooten/M. van Oostrom, Pater Moeskroen

Contents

1 Problem definition and theoretical framework

1.1	How to promote successful aging in frail elderly people?	2
1.2	Suitable existing interventions	4
1.3	A new intervention	6
1.4	The main theoretical model and hypotheses	9
1.5	More complexity: Additional variables and hypotheses	12
1.6	Outline of the dissertation	16
1.7	References	17

Part I Testing the SSMA theory: relations between concepts and measurement

21

2 How to measure Self-Management Abilities in older people by self-report: the development of the SMAS-30

2.1	Introduction	24
2.2	Study 1: Designing the SMAS-30	27
2.3	Study 2: Testing the SMAS-30	35
2.4	Overall discussion	41
2.5	References	43

3 Old or frail: which tells us more ?

3.1	Introduction	46
3.2	Method	47
3.3	Results and discussion	47
3.4	References	50

4 Maintaining well-being in frail elderly people: does Self-Management Ability help ?

4.1	Introduction	52
4.2	Study 1	55
4.3	Study 2	59
4.4	Overall Discussion	63
4.5	References	66

5 Testing of the expected relations between frailty, SMA, and well-being in frail elderly people

5.1	Introduction	70
5.2	Method	73
5.3	Results	76
5.4	Conclusions and Discussion	82
5.5	References	89

Part II Design and test of an intervention for increasing SMA and well-being in frail elderly people

6 Design, sample characteristics, and description of the intervention

6.1	Patients	96
6.2	Measurement moments and interviewers	102
6.3	Measures	103
6.4	Intervention	106
6.5	Analysis	115
6.6	References	116

7 Effects of the SMA intervention on Self-Management Abilities and well-being

7.1	Introduction	120
7.2	Method	122
7.3	Results	124
7.4	Conclusions and Discussion	131
7.5	References	135

8 Evaluatie van de huisbezoeken (Evaluation of the home visits)

8.1	Inleiding	138
8.2	Ervaringen van de patiënten	138
8.3	Ervaringen van de trainers	143
8.4	Implicaties voor selectie en aanpassingen	160
8.5	Literatuur	164

9 Summary and discussion

9.1	Part I: Testing the SSMA theory: Relations between concepts and measurement	167
9.2	Part II: The design and test of an intervention for increasing SMA and well-being in frail elderly people	177
9.3	Overall conclusions	183
9.4	Practical implications	184
9.5	Implications for future research	185
9.6	References	186

<i>Samenvatting</i>	191
<i>Dankwoord</i>	197
<i>Part III Appendices</i>	199
Appendix I	201
Appendix II	203
Appendix III	205
Appendix IV	207
Appendix V	209
Appendix VI	211
ICS dissertation series	213
