Acknowledgments

Alhamdulillah, it took a long, challenging, and yet colorful journey for me to finally get to this part of this thesis. Along the way, there were numerous contributions from many individuals. Here, I want to express my sincere gratitude to all of these people.

I am particularly indebted to my promotor, Jasper Knoester, for his help and guidance during my PhD study. Jasper, thank you for giving me the opportunity doing PhD in your group. It has been a privilege to be supervised by you. Your feedbacks and insights during meetings or discussions always enlightening and stimulating. I learned so many things from your comments and suggestions to my work and corrections to my writings. Thank you for all of your support, encouragement, and patience.

I was lucky to have the opportunity to work with Victor Malyshev, my co-promotor and daily supervisor. Victor, I enjoyed our collaboration so much. Your experience and expertise had taught me many things and helped me solving and understanding problems I faced during my PhD research. You always had time for discussions, not only about the work but also about more personal matters. I appreciate all moments we shared. Many of you have shaped my life as a professional and as a person.

I would like to express my sincere gratitude to my supervisor from ITB, Bandung, Pak Alexander Iskandar and Pak Tjia May On. Thank you for introducing me to the field of nanophotonics and teaching me so many things when I was in the group of Physics of Magnetism and Photonic. Pak Alex, terima kasih untuk selalu meluangkan waktu membimbing riset saya di Bandung, terima kasih pula untuk semua bantuan yang Bapak berikan. Pak Tjia, saya belajar sangat banyak dan sangat terinspirasi pada gairah dan kecintaan Bapak pada fisika dan riset. A part of calculation and writing of this thesis were done in Bandung and were funded by LPDP. I hereby, would like to acknowledge program Beasiswa Dis-
ertasi, Lembaga Pengelola Dana Pendidikan, Departemen Keuangan Indonesia, for taking part in providing me the financial support.

I am grateful to the members of the reading committee, Prof. Hans De Raedt, Prof. Femius Koenderink, and Prof. Niek van Hulst, for spending their valuable time reading and evaluating my thesis and giving their critical review.

I want to thank the whole members/former members of Theory of Condensed Matters group. Frank Haverkort and Wijnand Broer thank you for helping me with the Dutch translation. Tenzin Kunsel, thank you for being my paranymph and helping me circulating the thesis. Sergey Artyukin, I hope one day we can play pool and hangout together like the old time. It had been a very wonderful experience working in a group with so many kind and friendly people like Jasper Compaijen, Roel Tempelaar, Erik Bloemsma, Chungwen Liang, Andrea Scaramucci, Santanu Roy, Anna Stradomska, Dennis Visser, Olexerander Shvets, Marwa Farag, Andrey Leonov, Arunesh Roy, Ana Cunha, Anna Bondarenko, Alessio Pozzi, Arsalan Torke Ghashghae, Thomas la Cour Jansen, Maxim Mostovoy, and Bernhard Hoenders. I enjoyed our group meeting, outing, and all other group activities. I would also express my special thanks to our secretaries, Annelien and Iris. You are very kind and always willing to help, thank you very much!

I want to thank Widianta for being such a best friend since we were in ITB, Bandung. Thank you for all of your help in many things. I really appreciate our friendship. I wish you success with your career in Singapore. Keep in touch! I also want to thank the students of ITB-RuG program, Fainan, Echa, Devi, Iqbal & Eryth, Robby & Lia, Muiz & Sri, Alia & Izul, Faizah & Pandji, Astri, and Rahma. They made my first visit to Groningen much easy and joyful.

I had a wonderful time living in Planetenlaan with some of the Indonesian students. Irfan, thank you so much for being one of my paranymphs and helping me with the preparation of my defense. I wish you success with yours! I would also mention special families of PL 495 whom I’ve ever lived with, Amel & Puti & Meisya, mas Donny & Nieke & Adziya, Laksmi & Bli Kadek & Vina & Ditta, thank you for being so kind and warm while I was in PL495. There were also many people living in Planetenlaan complex who made this neighborhood felt like home, keluarga Iging & Desti, keluarga Wahono & Dini, keluarga Pak Asmoro & Bu Asmoro, keluarga Didik & Rosel, keluarga Kuswanto & Fitri, keluarga Icha & Krisna, keluarga Zainal & Ayu, keluarga Susan & Bino, keluarga Azis & Amalina, Liza & Zidan, mbak Tiur, Sofi, and Fanny. I had a lot of fun in all of
our gatherings.

My life in Groningen would not be the same without the family members of PPIG, Kenzi, mba Tina, mas Adi, mas Hengki & mba Erna, Ruli & Intan, mba Ira, Adhyatmika, mbak Puri, Fean, Doti, Fikri, mas Yayok & mbak Lia, Keisya & Kathya, bli Kadek Yota, Auliya & Neily, mas Fadjar & mba Pramita, Fajar & Monika, Yusuf, Ria, Fean, Ilmi, pak Adji, Insamu, mas Ronny, Astri F., Ali, Floren, Angela, pak Hengky, Habib, Salma, Almas, mas Archi, pak Tatang & bu Siti, mbak Arie & mas Herman, om Yon & tante Indah, mas Teguh, bang Fani, mas Udi, mas Edi, kang Kus, and many others whose names are not mentioned here. I feel so lucky to have them in this wonderful city.

I would like to thank Asifa Asri for helping me providing materials from ITB library to complete the writing of my thesis. Congratulation for the incoming wedding. I hope your life together will be filled with joy, happiness, and a wonderful success life.

Last but not least, for my lovely wife and son in heaven, this is for you. Reni, maafkan untuk semua kesalahan mas di waktu kebersamaan kita yang sangat singkat. Terima kasih untuk semua usaha dan pengorbanan yang sudah diberikan. Suatu saat kita akan bertemu kembali, inshaAllah. Mas merindukan kalian. For my mother, father and sister, terima kasih untuk dukungan, doa, dan sokongan semangat yang tidak pernah putus. I love all of you so much.
