This six-year mission, and the coming about of the book that you now hold in your hands, would not have been possible without the love and support of my friends, family and colleagues who have told me to hang in there, who had the patience to hear me out, to listen to my moans or brainstorm about my wildest ideas. It is impossible to name you all or even to find the right words to express what your support has meant to me, so I will keep it short and simple: I owe you all gratitude for pulling me through, so thank you!
