Coping with uncertainty

**Adapting to stochasticity in an unpredictable
tropical environment**

The research presented in this thesis was carried out at the Behavioral & Physiological Ecology group (BPE), part of the Groningen Institute for Evolutionary Life Sciences (GELIFES), University of Groningen.

The research was funded by The Netherlands Fellowship Programme of Nuffic (grants no. CF9159/2013 to BIT and JMM) with additional funding from The Netherlands Fellowship Programme of Nuffic (grants no. CF6833/2010 to BIT and HKN), the Netherlands Organization for Scientific Research (NWO-VIDI 864.10.012 to BIT), Lucie Burgers foundation (to JMM) and two grants from the Ecology fund of the Royal Netherlands Academy of Arts and Sciences (to JMM).

The printing of this thesis was partly funded by the University of Groningen and the Faculty of Science and Engineering

Coping with uncertainty

Adapting to stochasticity in an unpredictable tropical environment

PhD thesis

to obtain the degree of PhD at the
 University of Groningen
 on the authority of the
 Rector Magnificus Prof. E. Sterken
 and in accordance with
 the decision by the College of Deans.

This thesis will be defended in public on

Friday 14 June 2019 at 12.45 hours

By

Joseph Mutahi Mwangi

born on 30 August 1982

in Nyeri, Kenya

Supervisor

Prof. B.I. Tieleman

Co-supervisor

Dr. M. Muchai

Assessment Committee

Prof. J. Komdeur

Prof. H. Olf

Prof. W. Cresswell

Table of contents

Chapter 1	General introduction	7
Chapter 2	Nest survival in year-round breeding tropical red-capped larks <i>Calandrella cinerea</i> increases with higher nest abundance but decreases with higher invertebrate availability and rainfall <i>Joseph Mwangi, Henry K. Ndithia, Rosemarie Kentie, Muchane Muchai, B. Irene Tieleman</i> Published in Journal of Avian Biology (2018) e01645 doi: 10.1111/jav.01645	17
Chapter 3	Home ranges of tropical Red-capped Larks are influenced by breeding rather than vegetation, rainfall or invertebrate availability <i>Joseph Mwangi, Raymond H. G. Klaassen, Muchane Muchai, B. Irene Tieleman</i> Published in Ibis (In Press)	35
Chapter 4	Body mass decreases with more favorable social-environmental conditions independent of life history stage in a stochastic aseasonal environment <i>Joseph Mwangi, Henry K. Ndithia, Maaïke A. Versteegh, Muchane Muchai, B. Irene Tieleman</i> Unpublished Manuscript	57
Chapter 5	Immune function varies more with socio-environmental factors than with life history stage in a stochastic aseasonal environment <i>Joseph Mwangi, Henry K. Ndithia, Samuel N. Bakari, Muchane Muchai, B. Irene Tieleman</i> Unpublished manuscript	83
Chapter 6	General Discussion and synthesis	103
