Hsp70 machinery vs protein aggregation

The role of chaperones in cellular protein homeostasis

Despina Serlidaki

The research described in this thesis was conducted at the Department of Biomedical Sciences of Cells & Systems (former Department of Cell Biology) at the University Medical Center Groningen, University of Groningen, The Netherlands. The research was financially supported by the Research School of Behavioural and Cognitive Neurosciences (BCN) at the University of Groningen. Printing of this thesis was financially supported by the University of Groningen, the Graduate School of Medical Sciences, and the BCN Research School at the University Medical Center Groningen.

Hsp70 machinery vs protein aggregation

The role of chaperones in cellular protein homeostasis

PhD thesis

to obtain the degree of PhD at the
University of Groningen
on the authority of the
Rector Magnificus Prof. C. Wijmenga
and in accordance with
the decision by the College of Deans

This thesis will be defended in public on

Monday 16 September 2019 at 14.30 hours

by

Despoina Serlidaki

Born on 10 December 1983
in Heraklion, Greece

Supervisor

Prof. H.H. Kampinga

Assessment committee

Prof. E.A.A. Nollen

Prof. S.J. Tans

Prof. M.P. Mayer

Σα βγεις στον πηγαιμό για την Ιθάκη,
να εύχεται νάναι μακρύς ο δρόμος,
γεμάτος περιπέτειες, γεμάτος γνώσεις.
Τους Λαιστρυγόνας και τους Κύκλωπας,
τον θυμωμένο Ποσειδώνα μη φοβάσαι,
τέτοια στον δρόμο σου ποτέ σου δεν θα βρεις,
αν μόν' η σκέψις σου υψηλή, αν εκλεκτή
συγκίνησις το πνεύμα και το σώμα σου αγγίζει.

Τους Λαιστρυγόνας και τους Κύκλωπας,
τον άγριο Ποσειδώνα δεν θα συναντήσεις,
αν δεν τους κουβανείς μες στην ψυχή σου,
αν η ψυχή σου δεν τους στήνει εμπρός σου.

Να εύχεται νάναι μακρύς ο δρόμος.
Πολλά τα καλοκαιρινά πρωιά να είναι
που με τι ευχαρίστησι, με τι χαρά
θα μπαίνεις σε λιμένας πρωτοειδωμένους·
να σταματήσεις σ' εμπορεία Φοινικικά,
και τες καλέςπραγμάτειες ν' αποκτήσεις,
σεντέφια και κοράλλια, κεχριμπάρια κ' έβενους,
και ηδονικά μυρωδικά κάθε λογής,
όσο μπορείς πιο άφθονα ηδονικά μυρωδικά·
σε πόλεις Αιγυπτιακές πολλές να πας,
να μάθεις και να μάθεις απ' τους σπουδασμένους.

Πάντα στον νου σου νάχεις την Ιθάκη.
Το φθάσιμον εκεί είν' ο προορισμός σου.
Αλλά μη βιάζεις το ταξίδι διόλου.
Καλλίτερα χρόνια πολλά να διαρκέσει·
και γέρος πια ν' αράξεις στο νησί,
πλούσιος με όσα κέρδισες στον δρόμο,
μη προσδοκώντας πλούτη να σε δώσει η Ιθάκη.

Η Ιθάκη σ' έδωσε τ' ωραίο ταξίδι.
Χωρίς αυτήν δεν θάβγαινες στον δρόμο.
Άλλα δεν έχει να σε δώσει πια.

Κι αν πτωχική την βρεις, η Ιθάκη δεν σε γέλασε.
Έτσι σοφός που έγινες, με τόση πείρα,
ήδη θα το κατάλαβες η Ιθάκες τι σημαίνουν.

Κ.Π. Καβάφης, Ποιήματα (1896-1933)

As you set out for Ithaka
hope the voyage is a long one,
full of adventure, full of discovery.
Laistrygonians and Cyclops,
angry Poseidon—don't be afraid of them:
you'll never find things like that on your way
as long as you keep your thoughts raised high,
as long as a rare excitement
stirs your spirit and your body.
Laistrygonians and Cyclops,
wild Poseidon—you won't encounter them
unless you bring them along inside your soul,
unless your soul sets them up in front of you.

Hope the voyage is a long one.
May there be many a summer morning when,
with what pleasure, what joy,
you come into harbors seen for the first time;
may you stop at Phoenician trading stations
to buy fine things,
mother of pearl and coral, amber and ebony,
sensual perfume of every kind—
as many sensual perfumes as you can;
and may you visit many Egyptian cities
to gather stores of knowledge from their scholars.

Keep Ithaka always in your mind.
Arriving there is what you are destined for.
But do not hurry the journey at all.
Better if it lasts for years,
so you are old by the time you reach the island,
wealthy with all you have gained on the way,
not expecting Ithaka to make you rich.

Ithaka gave you the marvelous journey.
Without her you would not have set out.
She has nothing left to give you now.

And if you find her poor, Ithaka won't have fooled you.
Wise as you will have become, so full of experience,
you will have understood by then what these Ithakas mean.

C.P. CAVAFY: Poems (1896-1933)

Princeton University Press.*

Table of Contents

Chapter 1	Introduction and aim of the thesis	11
Chapter 2	Functional diversity between Hsp70 paralogs due to preferential interaction with co-chaperones	39
Chapter 3	Protein aggregation causes an aggregate-specific defect in cellular protein homeostasis	77
Chapter 4	DNAJB6 mutants causing limb-girdle muscular dystrophy diversely alter its anti-aggregation activity	101
Chapter 5	General discussion and future perspectives	121
Appendices	I. Nederlandse samenvatting	149
	II. English summary	155
	III. Περίληψη στα ελληνικά	161
	IV. Acknowledgements	167
	V. Curriculum Vitae	175
