Curriculum vitae

Eric de Deckere was born on July 3, 1968 in Hulst, the Netherlands. He followed the secondary school (V.W.O.) at the “Jansenius scholenegemeeenschap” in Hulst, where he graduated in 1986. Subsequently he started his study Environmental Science, orientation Integral Water Management at the Wageningen Agricultural University. As part of this study he conducted research projects at the departments of Water Quality and Aquatic Ecology. His practical training period was fulfilled in Australia at the CSIRO. From 1992-1994 he worked at the Institute for Inland Water Management and Waste Water Management, preparing a manual for the treatment of eutrophication in lakes. He started his Ph.D. in 1994 at the Netherlands Institute of Ecology, Centre for Estuarine and Coastal Ecology. Since 2000 Eric is working at the University of Antwerp, department Biology, focusing on sediment quality assessment. He is involved in the European SedNet project and one of the Editors-in-Chief of the Journal of Soils and Sediments.
