*We, this people, on this small and drifting planet
Whose hands can strike with such abandon
That in a twinkling, life is sapped from the living
Yet those same hands can touch with such healing, irresistible tenderness
That the haughty neck is happy to bow
And the proud back is glad to bend
Out of such chaos, of such contradiction
We learn that we are neither devils nor divines*

When we come to it

*We, this people, on this wayward, floating body
Created on this earth, of this earth*
