Optional program: VentureClass

Location: Van Swinderen Huys
Oude Boteringestraat 19, 9712GC Groningen

On this day VentureLab North organizes a VentureClass. The speaker will be Eddie Perdok, CEO of Kramp. Kramp is a one-stop supplier of spare parts, technical services and business solutions, and acts as a strategic partner to businesses in the agricultural sector, forest & grasscare sector, in construction and in OEM.

You are more than welcome to join! Please check more information and register for the event at <http://venturelabinternational.com/north/>

Notes:

-Some contributions are co-authored by several people, but only the presenters' names are listed in the program.

¹ Lunch will be served during this session. When entering the large room for the keynote session, grab a lunch box at the entrance of the room

² Lunch will be served to the committee and candidate in the room where the private part of the qualifier exam will take place.

Internet connection: There is free wi-fi access of KPN. Once you are connecting to the network, you'll have to agree with the general conditions ("algemene voorwaarden") to get access and there is no specific password. It is possible that you will need to turn off your PC firewall to make the connection work.

We would like to thank SOM Research Institute at the University of Groningen for the support in organizing this event.
