

Adrien Remund

Assistant Professor of Demography

Population Research Centre, Faculty of Spatial Sciences
University of Groningen, The Netherlands

Address: Agenastraat 1, 9801WB Zuidhorn, The Netherlands

Phone (mobile): +31 6 57 86 73 49

Email: a.p.p.remund@rug.nl

ORCID: [0000-0002-1616-2157](https://orcid.org/0000-0002-1616-2157)

ACADEMIC DEGREES AND PROFESSIONAL CERTIFICATES

2026	PhD Supervision Excellence Certificate University of Groningen (Netherlands)
2025	Senior Teaching Qualification (STQ / SKO) Certificate University of Groningen (Netherlands)
2021	University Teaching Qualification (UTQ / BKO) Certificate University of Groningen (Netherlands)
2015	PhD in Demography <i>"Jeunesses vulnérables ? Mesures, composantes et causes de la surmortalité des jeunes adultes"</i> [Vulnerable youths—measures, components and causes of the young adult excess mortality] Supervised by Pr. Michel Oris, Université de Genève (Switzerland)
2010	MSc in Demography Lund University (Sweden)
2009	MA in Economic and Social History Université de Genève (Switzerland)
2007	BA in Economic and Social History Université de Genève (Switzerland)

ACADEMIC POSITIONS

2018–	Assistant Professor (UD2 2018–2023, UD1 2023–) Population Research Centre, Faculty of Spatial Sciences, University of Groningen (Netherlands)
2017–2018	Research and Teaching Fellow (Maître assistant) Institute of Demography and Socioeconomics, Université de Genève (Switzerland)
2015–2017	Postdoctoral Researcher Institut national d'études démographiques (France)
2015–2017	Lecturer Institute of Demography and Socioeconomics, Université de Genève (Switzerland)
2010–2015	PhD Candidate and Teaching Assistant Institute of Demography and Socioeconomics & NCCR LIVES, Université de Genève (Switzerland)

TEACHING & SUPERVISION

2022–	Course: Demographic Data and Analysis (coordinator and lecturer) Topic: Appraisal of demographic data and computation of demographic indicators Level: MA • Attendance: ca. 25 students • Type: lectures (14 × 2h) & computer labs
2022–2024	Course: Ethics in Research (coordinator) Topic: Ethical attitude and data privacy in research Level: BA Honours • Attendance: ca. 10 students • Type: lectures (2 × 2h)
2022–2024	Course: Groundbreaking Ideas (coordinator and lecturer) Topic: Influential theories in spatial science and positionality in academic research Level: BA Honours • Attendance: ca. 10 students • Type: lectures (6 × 2h)
2022–2023	Course: Planetary Boundaries (teacher) Topic: Sustainability of world population and economic growth Level: BA Honours • Attendance: ca. 25 students • Type: lectures (2 × 2h)
2018–	Course: Migration and Development (lecturer) Topic: Theories of migration from geographic and demographic perspectives Level: BA • Attendance: ca. 110 students • Type: lectures (2 × 2h)
2018–	Course: Healthy Ageing (lecturer) Topic: Theories of individual and population ageing Level: BA • Attendance: ca. 40 students • Type: lectures (4 × 2h)
2018–2021	Course: Life Tables and Population Projections (coordinator and lecturer) Topic: Computation of life tables, population projections and basic survival analysis Level: MA • Attendance: ca. 20 students • Type: lectures (4 × 2h) & computer labs
2018–2021	Course: Working with Data in Population Research (coordinator and lecturer) Topic: Acquisition, appraisal and use of quantitative and qualitative demographic data Level: MA • Attendance: ca. 20 students • Type: lectures (5 × 2h) & computer labs
2018–2020	Course: Introduction to Academic Research (lecturer) Topic: Literature review Level: BA • Attendance: ca. 8 students • Type: group meetings & supervision
2018–	Course: Bachelor Project (lecturer / supervisor) Topic: Bachelor thesis redaction from A to Z Level: BA • Attendance: ca. 8 students • Type: group meetings & supervision
2018 (2×)	Course: R for Beginners (coordinator and lecturer) Topic: Two-day workshop on the basics of the R programming language Level: PhD • Attendance: ca. 20 students • Type: lectures & computer labs (16h)
2017	Course: Analyse de Données d'Enquêtes (coordinator and lecturer) Topic: Statistical analysis of survey data, incl. trees and regression models Level: MA • Attendance: ca. 30 students • Type: lectures & computer lab (7 × 4h)
2015–2017	Course: Démographie et anthropologie des populations (coordinator and lecturer) Topic: Historical demography, mainly of Europe (16th to 20th century) Level: BA • Attendance: ca. 120 students • Type: lectures (12 × 2h)
2013–2015	Course: Population et Développement (coordinator and lecturer) Topic: Empirical analysis of DHS with individual reports addressing Millennium Goals Level: MA • Attendance: ca. 30 students • Type: lectures & computer lab (11 × 4h)

2010–2015	Course: Pratique d'analyse démographique (coordinator and lecturer) Topic: Computation of macro-demographic indicators with individual reports Level: MA • Attendance: ca. 20 students • Type: lectures & computer lab (10 × 2h)
2010–2012	Course: Séminaire de Démographie et anthrop. des populations (coordinator and lecturer) Topic: General demographic theories, supervision of readings and individual essays Level: BA • Attendance: ca. 30 students • Type: seminar (10 × 2h)
2010–	Course: BA and MA theses in Population Science (supervisor and assessor)

FUNDING & AWARDS

2026	NWO OpenXS SSH - Too Young to Die: A Global Test of Young Adult Excess Mortality Application currently under review
2026	Best Poster Award European Population Conference
2024	NWO Vidi Talent Programme (unsuccessful) Project: Ageless Ageing
2023	Keynote fees (CHF 2,200) Conférences Trait d'Union in Lausanne and Institut français in Groningen
2023	Scholarship of Teaching and Learning (SoTL) (€5,000) Project on inclusive practices and material in teaching Population Studies on students' engagement and wellbeing
2023	Gratama Foundation (unsuccessful) Historical Demographic Database of Urban Senegal
2022	LIVES Conference (CHF 450) Travel grant for attending the closing LIVES conference
2019	NILS/UK LS Small Research Grant (£5,000) Migration and mortality in the United Kingdom
2016	Best Poster Award Annual Conference of the Population Association of America
2015	Postdoc Scholarship (CHF 30,000) Société académique de Genève
2015	Early Postdoc.Mobility Scholarship (CHF 75,000) Swiss National Science Foundation
2015–2017	Small Nested Projects of the Swiss National Cohort (CHF 85,000, of which:) • Socioeconomic inequalities in young adult mortality (CHF 30,000) • Risk factors of mortality among the Swiss elderly (CHF 25,000) • Trends in old age mortality compression by causes of death (CHF 30,000)
2009	Study Scholarship for the European Doctoral School of Demography (ca. EUR 15,000)

MANAGEMENT & PROFESSIONAL ACTIVITIES

2026-	Member of the editorial board Population (ISSN 1634-2941)
2026-2026	Acting member of the Faculty Council Faculty of Spatial Sciences
2023-	Member of the Board of Examiners Faculty of Spatial Sciences
2024-	Master coordinator of the Master Population Studies Population Research Centre, Faculty of Spatial Sciences, University of Groningen
2020–2021	Appointed to the IUSSP Early Career Taskforce International Union for the Scientific Study of Populations
2020–2024	Faculty Coordinator of the Honours College Bachelor Faculty of Spatial Sciences, University of Groningen
2019–2020	Acting Master Coordinator of the Master Population Studies Population Research Centre, Faculty of Spatial Sciences, University of Groningen
2017–2018	Committee Member, Association for Young Researchers in Social Sciences Faculté des sciences de la société, Université de Genève
2016	EDSD Alumni Coordinator
2007–2009	City Council Elected Member Municipality of Choulex, Switzerland
2005–2007	President of the Association of Students in Economic and Social History
2006–2018	Lieutenant, Swiss National Protection & Support Service (Zivilschutz)
