

**APPLICATION FORM****Master's degree Human Movement Sciences, University of Groningen**

Name candidate:

Title bachelor degree program:

**Send this form and the following documents in 1 PDF to [studieadviseur-bw@umcg.nl](mailto:studieadviseur-bw@umcg.nl) to apply for this master degree.**

**1. Degree (or proof of enrolment with expected date of graduation).**

Please upload a copy of your original diploma and its official translations. If you have not graduated yet, please submit a statement from your university confirming that you are currently enrolled in your programme and the name of the diploma/degree you are about to obtain.

**2. Curriculum Vitae / Resume**

Your CV should list your education, relevant work experience and other relevant skills.

**3. Academic transcript/grade list/report card (and if applicable a list of courses yet to be completed)**

Please upload copies of your original final transcript of grades together with their translations. If you have not yet completed all your courses, please upload a list of courses (including the credits of these courses) you still need to complete before you can graduate. Please make sure that we receive a complete list of your grades obtained to this point.

**4. Written report**

Provide a report that reflects the ability to produce a well-structured and concise report. The assignment handed in is free of choice and can be a report on a practicum, experiment, field-work, a literature review, a bachelor's thesis, etc.

**5. Please fill out the rest of this application form:**

Fill out the motivation table answering the following questions (max 500 words total)

Question	Answer
1. Why did you choose this specific master's degree programme?	
2. How did the bachelor's degree programme, extracurricular activities, and/or other experiences prepare you for this specific master's programme?	
3. In case it took you longer than nominal to acquire the bachelor's degree, please briefly explain the cause(s) of the delay	
4. How does this master's degree programme prepare you for your future career and/or serves your ambitions?	

5. Which topic or research has your specific interest and why?	
6. Free space to mention anything you feel is relevant and is not addressed by the questions above	
Word count (characters no space) =	

**Fill out the table Content Bachelor's Degree Programme**
