

**Programme online Master Symposium Human Movement Sciences & Sport Sciences
24 June 2020**

Click link-->	Plenary session: opening				
Time 09.00	Welcome by dr. Claudine Lamoth (Chair of the Master Symposium) OPENING Online Master Symposium by prof. dr. Gerda Croiset (Dean of Education and Training UMG) Introduction educational programme and research by prof. dr. Koen Lemmink (Head of department of Human Movement Sciences) Information programme and logistics by dr. Claudine Lamoth (Chair of the Master Symposium)				
9.40 start parallel morning sessions					
Click link-->	Session 1 chair: Matthias Kempe moderator: Stein Menting	Session 2 chair: Esther Hartman moderator: Tom Buurke	Session 3 chair: Marije Elferink-Gemser Moderator: Tim Valk	Session 4 chair: Tibor Hortobagyi moderator: Sander Swart	Session 5 chair: Frank Zaal moderator: Lisanne Bakker
09:40	Luuk Molenaar Classification of road cycling supervisor: Matthias Kempe	Lianne ten Have Association between autonomous motivation and physical activity levels in adolescents supervisor: Esther Hartman	Marleen Jansen Design of the Tennis-specific Agility Test (TAT) for monitoring agility supervisor: Marije Elferink-Gemser	Christopher Kallimachos The effect of age and dual-tasking on dynamic balance measured by beam walking performance supervisor: Tibor Hortobagyi	Heleen Wolfs Interpersonal coordination in joint interception supervisor: Frank Zaal
10:00	Eva Postuma Implicit and explicit locomotor adaptation in young children supervisor: Rob den Otter	Friederike Albers Elbow joint loading during activities of daily living supervisors: Alessio Murgia/ Riemer Vegter	Lonneke Snoeren Long-term effectiveness of a cardiac rehabilitation program on the level of physical activity and self-efficacy supervisor: Helco van Keeken	Amy Jeschke Height, size, and gap width variation in jumping stone configurations: Which factor attracts children the most?	Merel van Dinteren Does regular care physical therapy improve ADL and HRQoL of adults with heart disease. Supervisor: Marieke van Heuvelen
10:20	Simon Coopmans Monitoring of internal training load in speed skating supervisor: Matthias Kempe	Chiara Verheij External, internal, and perceived workload of adolescents during physical education supervisor: Esther Hartman	Sjaantje Nanne The use of sensor technology during standardized small-sided games in youth elite soccer players supervisor: Michel Brink	Martijn van Haren The effects of a single bout of exercise on visual motor learning in healthy older adults supervisor: Tibor Hortobagyi	Thijme Langelair Perceiving emotions and sex from walking dynamics through point-light displays supervisor: Frank Zaal
10:40	Lieke Vixseboxse Transfer of learned movement skills to field setting supervisor: Anne Benjaminse	Jonas Glas Usability of serious gaming in younger and older people supervisors: Alessio Murgia/Claudine Lamoth	Esther Bukkems Method of Stamp Strike Shout: first analysis in patients diagnosed with eating disorders supervisor: Helco van Keeken	Bart Maas Serious gaming for training switch control of prosthetic hands supervisor: Raoul Bongers	Julia Berentschot Deficits in handwriting in children with ASD supervisor: Marina Schoemaker
